Miss MacKinlay, one of the many bright and successful graduates of Prince of Wales College, Charlottetown, at the last convocation of the University of Dalhousie received the degree of Master of Arts. She creditably passed the examinations, the subject being Latin. Her future career as an educationist is assured, sustaining the well merited reputation of P. E. Island for achievement along educational lines.

ISLANDER BURIED.—On the afternoon of April 15th, there took place from Teulon Hospital, Teulon, Manitoba, the funeral of John MacKenzie, lately of Charlottetown P. E. I. The simple and impressive service was conducted by Rev. Mr. Whillans of Balmoral, assisted by Rev. Dr. Hunter of the hospital and Rev. Mr. Smitherman, Episcopal minister at Teulon. The presence of many friends and their silent sympathy were sources of much comfort to a sorrowing brother and sister who were the only relatives present.

HOUSE WARMING.—Meadow Brook, the palatial residence of Mr. and Mrs. Cephas Munn, was the scene of a most gayety on Friday evening, April 17th when a large number of friends and neighbors assembled to pay their respects and offer congratulations to Mr. and Mrs. Munn in their beautiful new home. This house has been designed and built by Mr. Alex. McDonald, and his assistant, Mr. Will Stewart of Brookfield. It is finished throughout with heavier board and has many modern conveniences which make it a credit to both owner and contractor and to the community in general. The evening which seemed altogether too short was spent in various games, music, gramophone selections etc. Oh supper being announced the company entered the spacious dining room and upwards of sixty guests sat down to a repast, prepared by the ladies of Winslow, that could not be excelled. After ample justice had been done to all, the company complimented on and welcomed the host and hostess to their new home were tendered by the gentlemen present, which were ably responded to by Mr. Munn, who in a few well chosen words thanked the company for their presence and assured them that they were heartily welcome. After singing Auld Lang Syne the guests departed feeling that they had spent a very pleasant evening and wishing Mr. and Mrs. Munn and family many joyous years of health and prosperity in their new home.

HOME AGAIN.—Rev. W. D. Wilson, Field Secretary of the Temperance Alliance, Mrs. Wilson and three children returned Tuesday evening from Scotland, where Mrs. Wilson and children spent the winter. Mr. Wilson making the trip across to accompany them home. They had a delightful voyage and a most pleasant visit to their old home and all look and feel the better of their holiday.

APPROACHING MARRIAGE.—An Ottawa exchange states: "Mr. and Mrs. William Hensley, 324 Wilbrod street, announce the engagement of their daughter, Sylvia, to Mr. Garret Wolsley Huntley, of Ottawa, formerly of Prince Edward Island. The wedding will take place on June 10th." Mr. Huntley was in the book-binding business here up to a few years ago, and is now engaged in the Government Bureau at Ottawa.

PRINCE EDWARD THEATRE.—A good pictorial program was witnessed by good houses at the Prince Edward Theatre last night. "Eclair" masterpiece, featuring Barbara Tennant the most beautiful motion picture actress, was the "leader." It was a play in two acts, with excellent acting and beautiful photography and was well protected. "His Faithful Servant," a vivid drama of an Australian native who gave his life to save the honor of his master's wife, and "His Conscience," a western drama, were pictures greatly enjoyed. The humor for the evening was abundantly supplied by the photoplay "Teaching Dad a Lesson," which was a scream from start to finish. Mr. Cairns was well applauded in his vocal selection, "Forgotten," which he sang splendidly.

Neil McLaughlin) and presented to her a handsome and costly silver tea service of seven pieces. Rev. Mr. McLaughlin and family are to leave next month for Bermuda.

PRIZE-WINNER.—In connection with the prize and class list of McGill University which was recently issued, in addition to the particulars already given in the Guardian of the successful work of Island undergraduates, it must be mentioned that Mr. F. Clyde Auld, (son of Mrs. Auld, Brighton) who did exceptionally well among second-year students, was bracketed with Miss Margaret Cameron as the winner of the Charles G. Oster Memorial Prize. SENSATION ON BRITISH TURF.—LONDON, May 13.—There was a sensation on the British turf in the announcement that "Tetrarch" the Derby favorite has a leg injured and the trainer has advised the entry be scratched. IN A EASY WAY TO GET FAT AND BE STRONG
The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods, ranging on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.
Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Your druggist has it and will refund you money if you are not satisfied, as per the guarantee found in every package.
Caution: While Sargol has given excellent results in overruling nervous depression and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

Assets

Five pairs of 1914 Silver Black Foxes, selected from the highest grade of class A Stock. This Company guarantees that in the event of more foxes being added they will be from Island foxes of class A. The number already secured are of the Rayner, Tuplin and Oulton strain.

Ranching

The Directors have entered into a contract with the Maritime Silver Black Fox Co., of Central Bedeque to ranch their foxes for a term of five years at the low cost of seven and one half per cent of the yearly increase. This includes all incidental expenses.

The care-taker of the Maritime Co Mr. John A. Dawson has this year shown that he is most capable rancher and cannot be excelled in caring for foxes. Investors will feel satisfied that it is under his care and management, the foxes of the United Silver Black Fox Co., are to be ranched. If no increase it costs the Company nothing for keep.
