YESTERDAY'S STOCK AND BOND QUOTATIONS

MARKET GOSSIP

(By John L. Cooley, Associated Press Financial Writer.)

NEW YORK, June 12.—Having demonstrated that a short position in dynamic shares can sometimes be made very uncomfortable and costly, the stock market closed the week with a flurry of profit taking yesterday.

Auburn continued the latest variation of its exciting market career with a run up of 9¼ points to 76, which contrasted with Tuesday's low of 33⅞ but found the pace too warm and lost all its gain, closing unchanged.

This retreat found less sensational issues quite wiling to back up and first hour advances of 1 to 3 points by numerous leaders weer lost. Enough stocks, in fact, closed lower to give averages a small net decline. Turnover was 809,420 shares.

The reaction in shares brought net losses of a couple of points each for Case and American Tobacco B which had made extreme gains of similar size. Two to three point advances in American Telephone American Can Union Pacific and Allied Chemical were converted into fractional net declines, while U. S. Steel, after rising 1½ closed unchanged. Coca Cola and Norfolk and Western finished under their top prices, Eastman, Woolworth, National Biscuit and Santa Fe each lost a point, while Brooklyn Manhattan transit preferred was down 3¾. U. S. Steel Preferred exchanged a 2 point rise for a loss of 1¾. Reynolds Tobacco and Detroit Edison were up 4.

Montreal Market Gossip

MONTREAL, June 12. (By the Canadian Press)--Significant at this time is an announcement by Canadian Industries, Limited that steps are under way for the doubling of capacity of the company's new cellophane plant at Shawinigan Falls, completed a few weeks ago. The plant has cost in the vicinity of $1,500,000, but no official figures are available as to the additional equipment expected to double present capacity. Expansion by this company is of importance to Shawinigan Water and Power, which utility supplies the electricity required by the plant.

Influenced by the generally firm undertone of the market in Wall Street, which in turn was making reflection of the indications of a speeding up by Congress in its tasks, to allow an early adjournment, the Montreal market in Saturday's brief week end session provided a firm price display in quiet trading. Offerings continue light here and such little stock as comes out appears well taken by a demand for small investors.

PRODUCE

MONTREAL, June 12.—Receipts of butter and cheese at Montreal were considerably increased last week, while egg receipts declined.

The week's receipts were: Eggs 11,181 cases; butter 25,698 boxes; cheese 40,904 boxes. Receipts of cheese almost doubled the quantity received last week and the corresponding week a year ago. Butter receipts, while better than last week, were under a total of 39,518 boxes received at this time last year. Egg receipts fell below last week's and a year ago's figures

Prices showed little change during the week, butter experiencing a slight decline with other lines approximately the same as a week ago.

Butter ended the week generally 16¼ per pound for carlots of no 1 quality. The cheese market generally closed at 9 to 9¼ cents for Ontarios and 08¾ to 09 for Quebec.

Eggs closed at 17½ cents for extras 14½ cents for firsts and 12½ to 13 cents for seconds, or graded Ontarios, with local ungraded receipts at 16 for extras, 13 for firsts and 11 for seconds.

MONTREAL, June 12.—Exports of cheese from Montreal to the United Kingdom totalled 17,552 boxes last week against 11,987 boxes in the previous week. Shipments to date aggregate 58,475 boxes, compared with 42,129 boxes at the same period last year.

Little butter was available for export, only 252 boxes being consigned for Liverpool to bring this year's total exports to 498 boxes, against 29,372 boxes at this time last year.

Exports of eggs, begun during the first week in June continued with 1,150 cases finding their way to Liverpool.

Potatoes turned easier, due to liberal supplies and only a moderate demand. Local whites, old, 80 pounds sold for 30 to 35 cents while New Brunswick and Quebec green mountains went at 45 cents per 80 pound bag. New potatoes were about unchanged.

BONDED WHEAT

NEW YORK, June 11.—Bonded wheat closed quiet. Close: July 51; Oct 53.

CHICAGO

CHICAGO, June 11.—Dwindling of demand in the late dealings gave the wheat market a reactionary trend today in the final hour and virtually wiped out earlier gains.

Trade in wheat was largely of a professional charcater, and to a noticeable degree took its cue from fluctuations of securities. Crop comments from the spring wheat belt were generally favorable, and some Kansas reports suggested that the winter wheat yield in parts of that state might prove above expectations. No important overseas business in United States wheat was announced.

Wheat closed irregular ¼ off to ¼ up compared with yesterday's finish, corn at a shade decline to ⅜ advance, oats ¼-⅜ higher, and provisions unchanged to a rise of 7 cents.

WINNIPEG

WINNIPEG, June 11.—Sympathetic to advances in wheat quotations at Liverpool wheat showed fractional gains in a short week end session here today. Valdes at the close were ⅜ to ½ cent higher.

July closed ⅜ higher at 56¼; Oct ⅜ to ½ higher at 58¾ cents to 58⅞ cents and December ⅜ cents higher at 54⅞. Export trade was negligible.

Short covering in initial hour and local buying brought out brisk trade in initial hour. Following this market settled down to routine trade until the close.

An improved stock market prompted the advance at Liverpool but little interest was shown in Manitobas. Bloomhall reported interest in Manitobas was diminishing.

Some export trade was worked overnight for the continent but it was of small amount and no estimate was available.

Weather conditions continue ideal for growing grain throughout the prairie wheat belt.

Cash wheat and coarse grains closed practically unchanged in uninteresting trade.

Montreal Market Sidelights

MONTREAL, June 12. (By the Canadian Press)—A much stronger tone was in evidence during Saturday's brief session of the Montreal Stock Exchange than was the case on Friday and 10 gains were scored compared with four losses. In almost all cases, however, the advance was confined to fractions.

Brazilian Traction assumed the active leadership and, after moving within a narrow price range, closed ⅛ higher at 9⅝. Canadian Pacific Railway, Dominion Bridge, General Steel Wares and International Nickel were fractionally higher while Consolidated Smelters, Power Corporation and Quebec Power scored gains of slightly more than a point.

Demand was at a comparatively brisk pace for a Saturday session, 5,674 shares changing hands. The buying was apparently of the investment variety.

Amalgamated Electric lost more than half its value at 1½, off 1¾ points; B C Power B touched a new low at 3¾, down ¼ and Lindsay Preferred lost a point at 38.

Among closing prices were Montreal Power, off ⅜ at 25¼, National Breweries up ¼ at 13; Canadian Pacific, up ⅞ at 10½; Smelters, up 1⅜ at 30⅜; Dominion Bridge, up ¼ at 9¾; General Steel Wares, up 25 cents at 75 cents; Nickel, up ¼ at 5⅞; Power Corporation, up 1 ½at 7¾; Quebec Power, up 1¾ at 12 and Shawinigan, up ⅛ at 9½.

Bond sales were $11,451.

Sterling closed at $4.2613 and United States funds at a premium of 15⅞ per cent.

NEW RACE TIMING DEVICE SUCCESSFUL

MONTREAL, June 11—(By The Canadian Press)— An electrical device for timing races was recently introduced by D. C. West, science master of Baron Byng High School here, and given a successful tryout at the school's field day.

This system of timing races has been mooted for the coming Olympic Games although it has not yet been officially adopted anywhere in the world. Previous experiments in laboratory work resulted in Mr. West's adapting the wiring to track use, which he believes can be made fool-proof. The timing works directly from the gun trigger to the tape, eliminating the human element which often means a reaction pause of a fifth of a second.

RELIGIOUS SERVICES

THE BAPTIST CHURCH

The Rev. A. C. Vincent in speaking yesterday morning of "The Bible, our guide," took as his text Psalm 119, 16, "I will not forget thy word." We are living in the greatest days of all time, great in achievement, great in discovery. Perhaps never was there a time presenting so many shattering changes, theories held through centuries have had to be cast aside, institutions that appeared impregnable have fallen, thrones have toppled, dynasties have passed. And in our age there are active those factors of sin which caused the fall of Babylon, of Niniveh and Tyre. Well may we pray "Lord God of Hosts, be with us yet, lest we forget!"

With us is one ray of light, the Word of God, beyond all books in brightness, depth, power and fruitfulness, immortal in its essence, vital, impregnable, triumphant. It is the light by which we see the living Word, Jesus Christ our Lord; a light which is dimmed at our peril, in dimming the Word we dim our vision of the Christ. The Word is not a problem, it is a solution, our guide, containing the experiences of men like us, answering the age old questions of Whence? Why? Whither? and How Shall we live? May we persistently, prayerfully pore its pages for direction, for comfort for power.

Sunday School, immediately following the morning service was well attended. The morning anthem, Sullivan's "What are These?" was richly rendered by a full choir.

The evening service was taken by the Rev. F. S. Crossman of Tryon whose address showed originality and careful thought, eloquently set before the large audience.

The evening service was taken by the Rev. F. S. Crossman of Tryon whose address showed originality and careful thought, eloquently set before the large audience.

Included in the music of the evening were Sullivan's "Sing O Heavens," and Keble's "Sun of My Soul," Mr. V. L. Dingwell taking the solo. The activities of the week were intimated, special mention being made of the fact that the Wednesday evening service of last week was one of the largest in attendance recorded at this season of the year.

CENTRAL CHRISTIAN CHURCH

The services opened yesterday at Central Christian Church with Sunday School at ten-thirty followed immediately by Morning Worship at eleven. The Pastor's subject at this hour was "Humility". In the course of the address the speaker warned his hearers against confusing humility with servility. God never intended that we should be "unworthy worms of the dust," we are "Kings and Priests unto God." "A Royal Priesthood." In conclusion "Humility" was mentioned as an aggressive force, this was indicated by the text "Be sober, be vigilant, because your adversary, the Devil, as a roaring lion goeth about seeking whom he may devour, whom resist steadfast in the faith." Preceding the sermon, Mrs. Outhouse gave the children a story-sermon, entitled, "It can't be done, here it is." Miss Margaret Sterns inspired the audience with her vocal interpretation of Mendelssohns "O Rest in the Lord."

At the evening hour, the Pastor took as his subject, "I am the Light of the World." That which called forth the words of the text was no doubt the great Candelabra in the "Court of the Women," which had been lighted every evening during the "Feast of the Tabernacles" which had recently closed. As the "Light of the World," Jesus Reveals evil. Of Him the "Baptist" declared, "that was the true light which lighteth every man that cometh into the world." In conclusion, it was stated that Light and Life and Light and Salvation are inseparably bound together. It is then the obvious duty of the church to point men to the "Light of the World" and the duty of the individual Christian is plainly set forth in the "Sermon on the Mount." "Let your light so shine before men, that others may see your good works and glorify your Father which is in Heaven."

At the evening service, Mrs. Milton Stewart and Mrs. Helden McLure were heard with fine effect in a duet, "My Ain Countrie."

The Pastor announced that he would be absent from the City a few days being called away to attend the funeral of a close relative in St. John, N. B.

TRINITY UNITED CHURCH

June is the month when the different churches hold their conferences for consultation and inspiration to meet new problems that constantly arise. According to the Press reports of these meetings it would appear that there has been a fair degree of progress and although there is ome stringency in financial matters, there is nothing in the outlook to cause alarm in fact the people are to be congratulated for the showing that has been made under the circumstances as they exist. This is a time for the exercise of faith. Let us look to God. He is willing to aid us, He will carry us through. The words of Jesus on one of the Memorial windows facing our congregation each Sunday are appropriate. "Let not your heart be troubled. Believe in God, believe also in Me."

Rev. Dr. Ramsay was the preacher at both services yesterday. In the mornnig his subject was "Forgiveness" and the text was from Isaiah 1-18 "Come now, let us reason together, saith the Lord, though your sins be as scarlet they shall be as white as snow. Though they be red like crimson they shall be as wool." In the evening Dr. Ramsay spoke from the text John 12-21. Certain Greeks came to Philip saying "We would see Jesus." This is the great and pressing need of the world today and it is for the church members to lead and bring others to Jesus, to demonstrate in our own midst, in our own way by our lives and our self-sacrifice that Jesus is the truth and will draw all men with him. This is the way that the world may see Jesus.

The large and beautiful bouquet of Tulips which were on either side of the pulpit were the gift of Mr. Yates of the Experimental Farm in memory of his parents. The Kings Daughters are asking for donations of flowers. Mrs. W. F. Morris is in charge of the flower committee and any members who would like to assist by the giving of flowers may telephone her.

It is announced that Rev. Dr. Robert Laird who is one of the big men of our church, physically and intellectually will address a meeting in Heartz Hall on Tuesday evening at 8 o'clock. This meeting will take the place of the mid-week prayer and praise service.

JERSEY ISLAND LITTLE AFFECTED BY DEPRESSION

MONTREAL, June 11—(By The Canadian Press)—An Island which has enjoyed self government under British rule since the days of Queen Elizabeth, Jersey, one of the channel islands group, is inhabited by a race which can lay claim to conquering Britain. People of Jersey still speak an ancient "patois" which resembles the language of the Norman-French, according to W. P. Nicolle, publisher of two Jersey newspapers, in a recent interview here.

Mr. Nicolle, whose papers are published in St. Helier, capital and largest town of the island, recalled that "the Jersey people are descendants of the only race that has ever conquered England, and they share that honor with many people of Quebec. William the conqueror was the man who did what Napoleon tried to do centuries after and failed."

Jersey is less affected by depression than other countries, said Mr. Nicolle, though its thrifty inhabitants practise economy and are prepared for hard times. The island dominion does not expect to be represented at the Imperial economic conference in Ottawa this year, he said. Most of its trade is with Great Britain.

Will Address N. B. Teachers
