**EVANGELISTIC SERVICES**—United Evangelistic Services which were conducted last week in the Presbyterian Church at Besshaw and this week in the Baptist Church, have become very interesting, they have increased in number and power each evening. Quite a number of people have decided for Christ, four out of one home, the first week enquires were called for, thirteen came right out for Christ and each evening others are seeking the Lord.

**A GOOD EXAMPLE**—Mrs. George Carver, President of the Pownal Red Cross Society, has started an unique way of raising funds for Red Cross purposes. On her own initiative, and at her own expense, on last Thursday night, the regular weekly night of meeting of the society, she gave what Mrs. C. styles a ten cent tea, and which proved to be a good substantial lunch, well worth twice the money. Although not generally known, the snug little sum of \$5.50 was realized. Mr. and Mrs. Carver have kindly and generously offered the use of their house, dishes etc., to any of the ladies of the Society who wish to do likewise. Would that there were more men and women of such a generous and patriotic spirit. The evening was happily spent, with music and singing, amid the pleasant clicking of the knitting needles. Notice will be given through the press and from the Pulpit, the date of the next tea.—Com.

A tragic event occurred at Wilmet Valley at 9 o'clock yesterday morning, when Miss Lois Hope Humphrey, the nineteen-year-old daughter of Mr. and Mrs. D. J. Humphrey of that place, was burned to death in her home. The cause is a sad one, indeed. The girl who has been an invalid all her life, was seated in a chair in front of a wood range in her home. A spark flew out with the result that her dress caught fire, and being unable to move she was soon enveloped in flames. Her mother, who happened to be out at the time, and coming in a few minutes later, was horrified to find the helplessness of the girl in such a dreadful predicament. She quickly had the flames extinguished but not before her daughter had been terribly burned about the body and face. Medical aid was summoned and everything was done to relieve the unfortunate young woman's sufferings, but she only lived a short time. The sad affair is deeply regretted and much sympathy is felt for the parents in this sudden and terrible bereavement. The funeral takes place today at 3 p. m., to North Bedouque Cemetery.

Cut This Out

OLD ENGLISH RECIPE FOR CATARRHAL DEAFNESS AND HEAD NOISES.

If you know someone who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them, and you will have the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that Catarrhal Deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the complaint and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly disperse all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that any one can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parmitin (Double Strength), about 75c. Take this home and add to it 1/2 pint of hot water and 1/2 oz. of green, lated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, head ache, dizziness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore, there must be many people whose hearing can be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial. Important Note: In ordering Parmitin always specify that you want double strength. Your druggist has it or he can easily get it for you. If not sent 75c. to the International Laboratories, 74, St. Antoine St., Montreal, Que., Mr. and Mrs. Glover will supply you. Postal note or money order.

There was a large congregation and a splendid choir led excellent congregational singing. The subject of Dr. Fullerton's address was the betrayal by Judas, and he preached in vivid language the life which had its end in the potter's field. The night subject of the address will be: "One of the Most Daring Incidents in Christ's Life." The service begins at 8 p. m. and lasts an hour.

**XMAS BOXES FOR SOLDIERS**—The boys of York and Pleasant in England and at the Front, twenty-three in number, were remembered by the York Branch of the Red Cross Society last week, when a box containing fruit, cake, homemade candy, tobacco, socks and chewing gum was sent to each soldier. The Woman's Institute donated the fruit cakes, and the men of York and Pleasant have very generously contributed the money for the tobacco. The thanks of the ladies of the Red Cross are tendered to all who helped, also to Mr. W. C. West who provided the packing boxes and attended to the shipping of same.

Weir took three hundred bushels of a small patch of about three-quarters of an acre.—Mr. Leonard McKay, of Springfield spent the week end visiting friends here.

**TEACHER'S MAGAZINE**—The Teacher's Magazine has now fairly won its way into the front rank among contemporary magazines. The October number is certainly a credit to its editorial management in the quality, selection and the arrangement of its material. A real poetical gem "The Lesson," by Charlottetown's poetess, "Lucy Gertrude Clarkin," is given, as it well deserves, the first page of the magazine. The leading article, editorial, on the true aim of education is thoughtfully and carefully written. "Education," it says, "as far as our schools can furnish it, should have a definite effect in the building of character, should form habits of right living by the inculcation of good morals," etc. Such is the trend of this article. Following there are the various departments, each ably and carefully edited, including educational and instructive articles on the work in the different school grades, such as English, Arithmetic, Nature Study, etc. Altogether the magazine is an excellent number and should not only be in the hands of the teachers, but in the homes of the pupils. For the modest price, \$1.00 a year asked for it, no home should be without it.

James Glover, for many years a resident of Providence, died early yesterday morning at the summer home of his son-in-law, Martin Kauer, at Oklawan. He was a native of Prince Edward Island, but came to Providence from that place in 1881. He was 82 years old.

Mr. Glover was the son of Thomas and Sarah Glover, and spent the early part of his life as a ship carpenter on his native island. With the decline of wooden ship building and the advent of the steel vessel his trade also declined, and in 1881 Mr. Glover came to Providence to be employed by his brother in the firm of Glover & Co., in the contracting business. This he followed as a carpenter for many years, the firm being located on the east side of the city. Mr. Glover was a member of the First Presbyterian Church.

The family which survives includes Mrs. Glover, who was Miss Ann Hammonds Brehaut, three daughters and two sons. The daughters are Mrs. Martin Kauer, Mrs. R. M. Morrison and Mrs. P. J. Machon of Indiana. The sons are Kimball T. Glover and Robert P. Glover. There are nine grandchildren. Mr. Glover is also survived by three brothers, Benjamin, Cornelius and Jacob Glover, and two sisters, Mrs. Norman McLeod, of Charlottetown, P. E. I., and Mrs. Montague Pigott of Mt. Stewart, P. E. I. Mr. and Mrs. Glover observed their golden wedding anniversary three years ago.

This man supposing that the train had no further to go, stepped off and did so on the wrong side, and in the darkness walked off the edge of the breastwork, falling into the river. The tide was high otherwise he might have been seriously injured. As it was his experience was anything but a pleasant one.

**AS ISLAND GROUP**—"Canada" of the 14th October, published in London, gives an excellent group photo of the McQueen brothers of this province, with the following interesting bit of history: "Private William A. (These are the members of the group) Still another brother, Pte. Dan R. McQueen is with the C. E. F., on active service. They are sons of Mr. John McQueen, well known farmer of Mt. Vernon, P. E. I. The strange fortunes of war brought the wanderer face to face with his brother Alec in an estaminet in Flanders." (Pte. William McQueen, D. C. M., above referred to is at present at his home, having been wounded when he won his medal.)

**Sidd's SUSPENDERS**

THERE'S practically no wear out to the Ball Bearing Springs used in Sidd Suspenders.

They will last longer than any webbing made and be just as good when the webbing is worn out as when you first wore them.

Has any other Suspenders this Elasticity and Comfort?

Life is contingent when viewed from any angle. Uncertainties, trials and sorrows come not singly but in whole battalions, wounding sorely, leaving ineffaceable scars. Death lurks in our very midst. We deeply regret to chronicle the untimely death of Stella Marguerite, second youngest daughter of Patrick J. and Mrs. Corriah Keppoch, which took place on Oct. 26th, at the tender age of seventeen years. Her demise, although not unexpected, came as a distinct shock to her loving home circle and the entire neighborhood. Deceased in early life was educated at Notre Dame Convent, where she endeared herself to the Sisters and pupils by a loving disposition, commendable habits of industry and exceptional brilliancy of intellect. Soon after returning home dreaded symptoms manifested themselves, and despite all that loving care and medical skill could accomplish, God's Angel gathered the spotless soul to his breast and brought it on high to adore the festal robes of the Virgin. During her illness and last moments, which she bore with patient resignation to the Divine Will, she was greatly strengthened by the spiritual consolation of the holy fathers and joyfully partook of the holy sacraments of the Altar. A large concourse of sorrowing friends followed the remains to the R. C. Cemetery where the last rites of the Church were performed, Rev. Father Herrell officiating. Besides her parents, four brothers and four sisters were left to mourn: Aubrey R., in New York; Leo A., in McGill, Nevada; Cyrus, Emmas, Josephine and Doris at home; Mrs. John R. McDonald, Dorchester Mass., and Hazel, in the employ of A. M. Davies & Co., Boston, who is at present visiting her home. The pall-bearers were: Elmore Gentner, Reginald McKinnon, Guy Stewart, Edward Stewart, Joseph McInnis, Michael McKenna.

The best meeting of the series, so far, at the special services in the Baptist Church was that of last night. Notwithstanding the unpleasant weather there was a good attendance and much interest was manifested. These meetings are gaining in power and interest. The choir as leaders in the long service are proving of great help, as the singing is hearty and inspiring. The address by the pastor, Rev. C. R. Freeman, was one of more than ordinary power, and made a deep impression upon all whose privilege it was to be present. His text was taken from the book of Jeremiah 18th chapter and part of verse 4: "He made it again." This was a time in the life of the prophet when he was disappointed and discouraged. His message had not been heeded by the people to whom it was spoken, and his efforts seemed to be a failure, and in his despondency God bade him go and see the potter working with his clay, and he went, and found him making a vessel on his wheel, and lo, the vessel was marred, and when the potter beheld it he broke it in pieces and from the fragments he made it again. The speaker said, God had a plan for every life, his plan was perfect, but man in his perversity and selfishness hindered God's purpose. Thus would God lift the prophet's gaze to himself as the ruler and maker of all, and as the clay was in the hand of the potter so was he in his hand, and though his life might seem wasted and broken yet God could take the fragments and make it a thing of beauty and use. The service was made the more impressive by the rendering of a beautiful solo, sung by Mrs. Freeman, the refrain being sung by the choir. You are invited to come up to the home-like church tonight, and enjoy the splendid service, which begins at 7.30.
