Poland Seeks Territory Return

NOTE DEMANDS IMMEDIATE SATISFACTION

Noon Today Said Deadline—Prague Accepts Munich Partition Plan.

PRAGUE, Sept. 30—(AP)—The Czechoslovak Government, after having under protest to the Munich partition accord, received a new Polish note tonight calling for immediate response to Poland's territorial demands. Poland has asked the Czechoslovak Government to evacuate all Czechoslovak territory inhabited by Poles. (In Warsaw the Polish Government was understood to have set noon tomorrow (7 A. M. AST) as a deadline for answering its demands. Polish authorities have not disclosed just what the demands were but the region generally mentioned is Teschen Silesia, an area of 772 square miles where most of the Polish minority (approximately 100,000) resides.) Extra police and soldiers were drafted to curb demonstrations against the Munich accord after General Jan Syrový, 50-year-old soldier premier, announced the Government's decision to surrender Sudek territory to Germany in face of "a superior force which has compelled us to accept."

No Clashes Occur
"We are ready to give our blood—we give in," we want the whole republic—we want to fight," the demonstrators shouted. Police used peaceful persuasion to quiet them. There were no clashes. The Munich agreement was published here for the first time last night. The nation was reported to have received it calmly as a whole.

BREAK IN CITY THIS MORNING

While on patrol duty early this morning City Police Officers noticed three young men prowling around in the rain in the vicinity of King and Queen Streets. On further scrutiny it was noticed that one of the men had a suspicious bulge under his coat. Detaining the men the officers found that the bulge was occasioned by two blocks of butter. Two of the men were taken into custody but the other suspect made good his escape. Police later discovered that a railroad car had been broken into and upon investigation it was found that the goods had been tampered with and that the butter in possession of one of the arrested men was some of the brand contained in the car. A good description was obtained of the third party and police last night were still on the lookout for him. They will appear in Police Court this morning.

France Hails Daladier, Parliament Is Summoned

PARIS, Sept. 30—Premier Daladier, strengthened by a rush of public support as he returned today from the four-power conference at Munich, summoned parliament for an extraordinary session Tuesday to ratify his part in the dismemberment of Czechoslovakia for the sake of general peace. A demonstration of enthusiasm greeted the Premier upon his arrival at Le Bourget air field at 3:55 p. m. after a two-hour and 35 minute flight from Munich. The Premier summoned his cabinet to deliver a report on his mission. The ministers, who had been reported as sharply divided over the international crisis, united to approve his action unanimously. Parliament then was called for Tuesday. Political sources said the Chamber of Deputies and the Senate probably would meet only for a single day to receive the ministerial declaration on the crisis. The cabinet will meet Tuesday morning. The Government ordered recall to reserve troops who had been mobilized during the Czechoslovak crisis. Officials said the recall would take place progressively "at a rate foreseen for the security of the national defence." More than 1,000,000 reserves had been called to the colors.

View Accord With Disfavor

(A. P. by Guardian's Special Wire) MOSCOW, Sept. 30—"France has lost her greatness." This statement, broadcast by the Communist Radio Station today about Russia's ally, summarized the disfavor with which Soviet circles viewed the four-power accord reached at Munich. In official quarters the news of the Munich settlement plainly was unwelcome. It did not come as a surprise, though, since Moscow newspapers had been predicting that Prime Minister Chamberlain would "stretch a bargain with Hitler" if it was humanly possible. Moscow, probably the calmest capital in Europe during the blackest days of the Czechoslovak crisis, outwardly was calm today amid worldwide excitement over the Munich agreement.

IS CONFIDENT CRISIS PASSED

WASHINGTON, Sept. 30—(AP)—President Roosevelt, by arranging to leave the capital tomorrow for a rest at his Hyde Park home, attested tonight his confidence that the European crisis is at an end. He carefully watching the European situation, he conferred again today with State Secretary Hull, and then met his cabinet. Hull told reporters the accord reached in Munich had brought with it a sense of relief, but that now the statesmen of Europe should work together for a lasting peace. "It is to be hoped," he said, "that in any event the forces which stand for the principles governing peaceful and orderly international relations and their proper application should not relax, but redouble their efforts to maintain these principles of order under law, resting on a sound economic foundation."

ROME HAILS MUSSOLINI AS PEACEMAKER

ROME, Sept. 30—(AP)—A jubilant Rome hailed Premier Benito Mussolini tonight as a peace-maker for his share in the Munich accord. In their joy at having escaped the masses welcoming Il Duce outroared even their habitually thunderous demonstrations. Returning from Munich exactly one year after his visit to Berlin which served to strengthen the Rome-Berlin axis, Mussolini was greeted as a chief of government who had helped save Europe from carnage. Called again and again to the balcony of the Palazzo Venezia by the cheering crowds, Il Duce finally raised his hands for silence and cried: "You have lived through memorable hours. We have worked at Munich for peace according to justice. It is this not the Italian ideal?" The crowd responded as with one voice: "Yes! Yes!"

BATHURST, N. B., Sept. 30—(CP)—Captain Wendell Bonner of the R. C. M. P. patrol boat Acadia, was the only witness heard today at the preliminary hearing of Robert Long, Richibucto, started before Magistrate G. Harry Willett. Long pleaded innocence. The case will continue tomorrow. Captain Bonner described seizure of the motor vessel Jack L. Ingalls, anchored about a half mile off White Point, Victoria County, N. S., Aug. 24. Aboard were Joseph Babinetau of Ste. Anne de Kent, N. B., the master; Engineer James Bellman, Yarmouth, and seaman William Tuff and cook Frank Bonnell, both of Newfoundland. The four men are being held as material witnesses. The seized vessel is 61 feet long, 12 feet wide, has three engines with a total of 375 horsepower and a storage capacity of some 700 gallons of motor fuel, said Captain Bonner.

NAZI TROOPS CROSS BORDER NEAR AIGEN

Occupation Of Sudeten Areas By Germany, Under Munich Pact, Underway.

BERLIN, Oct. 1—(Saturday)—(AP)—The first contingent of German troops crossed the Czechoslovak frontier near Aigen, Upper Austria, early today starting Adolf Hitler's occupation of territory more than an hour after the midnight deadline Hitler had set for his occupation. The grey-clad German infantrymen marched over the border shortly after 1 A. M. (8 P. M. AST Friday). Hitler more than an hour after the midnight deadline Hitler had set for his occupation. An infantry battalion, its exact strength undisclosed, advanced along several roads from Aigen to take possession of posts immediately behind the Czechoslovak frontier in southwestern Czechoslovakia. It was explained this movement was regarded as merely a vanguard, reconnoitering the terrain and preparing for the main army of occupation to march on later today taking over the first of four Sudeten districts granted Hitler by the Munich Pact. The main body of troops, some 30,000 men assembled along the border of German Austria, was expected to follow up the vanguard shortly after 6 A. M. (one A. M. AST).

Netcoff Convicted, Sentenced To Hang Middle Of December

SAINT JOHN, N. B., Sept. 30—(CP)—A jury in the Saint John Circuit Court today found John Netcoff, 43, guilty of the murder of his former housekeeper, Beattie Curtis. Miss Curtis, 21, died of head wounds inflicted by means of a hammer July 17. Netcoff was sentenced by Mr. Justice J. H. A. L. Fairweather to be hanged on Wednesday, Dec. 14. Mr. Justice Fairweather had instructed the jurors that there were three possible verdicts, guilty of murder, guilty of manslaughter or not guilty. Lord Justice Fairweather had ordered Beattie Curtis to be hanged if there were provocation sufficient to deprive "an ordinary person" of the power of self-control, or if the accused had committed the act without intent to kill or to cause grievous bodily harm which might result in death. The trial judge said in this case there was no evidence of provocation so he would rule out consideration of that question by the jury. It was for the jury to decide whether Netcoff could have struck "those terrible blows" that he rained on the Curtis girl's skull without intention of injuring or killing her.

New Anglo-German Peace Pact Signed At Munich; Triumphant Homecoming

Vast Crowds Cheer Chamberlain—Basis For Four-Power Non-aggression Pact Believed Forged.

(By Witt Hancock) (Associated Press Foreign Staff) LONDON, Sept. 30—(AP)—Prime Minister Chamberlain today brought back from Munich what he declared was "peace with honor... peace for our time." To cheering crowds and an approving Sovereign he reported two accomplishments: A triumph of his appeasement policy in the four-power Munich Conference which averted war over Czechoslovakia and an Anglo-German declaration against war. Summed up his words in two speeches — at Heston Airdrome upon his return and later from a window of No. 10 Downing Street—and in an extraordinary interview earlier at Munich, bore fresh hope of a permanent European settlement.

Speech Highlights

At Munich: "I have always had in mind that if we could find peace on the Czechoslovak question a way might be open to appeasement in Europe." At Heston Airdrome: "Settlement of the Czech problem... is in my view only a prelude to a larger settlement in which all Europe may find peace." At No. 10 Downing Street: "This is the second time in history that there has come back from Germany to Downing Street peace with honor (a reference to Disraeli's famous statement of 1878.) I believe it is peace for our time."

Acknowledges Cheers

With his gray head uncovered in the late afternoon rain, the 69-year-old Prime Minister waved, for cheering thousands at Heston Airdrome to see, the document which he and Reichsfuehrer Hitler had signed earlier in the day at Munich. It was an agreement in which the two statesmen accepted the new four-power Munich accord for settlement of the Czechoslovak-German crisis and the Anglo-German Naval Treaty of 1936 as "symbolic of the desires of our two peoples never to go to war with one another again." Then Mr. Chamberlain stepped to a microphone and slowly, fervently said he believed that the Munich Conference "is only the prelude to a larger settlement."

Anglo-German Accord

He thanked the people for "an immense number of letters during all these anxious times," then mentioned briefly the Anglo-German accord. "This morning I had another talk with German Chancellor Herr Hitler and here is the paper which bears his name as well as mine. Some of you, perhaps, already have heard what it contains, but I would just like to read it to you." He read from the document and then sped away by automobile, to Buckingham Palace. The Anglo-German declaration was signed in a two-hour earnest talk between the seemingly tireless Mr. Chamberlain and the Nazi chieftain at Hitler's Munich residence. The talk followed by only a few hours upon the historic accord among them and Premier Daladier of France and Premier Mussolini of Italy which settled Hitler's
