DROPPED DEAD AT SUMMERSIDE

Sudden Death Yesterday of Well Known Alberton Citizen.

Mr. Albert E. Forsythe of Alberton, well known and prominent citizen of the west Prince capital, dropped dead whilst in Summerside yesterday afternoon. He had come down from Alberton on the morning train and was on his way to Boston for a visit and whilst staying over at Summerside was the guest of Mr. William Hunter. They were planning to go out to a fox ranch near the town and Mr. Forsythe was sitting on the lounge conversing apparently quite in his usual health when he complained of not feeling well. Mr. Hunter asked if he should call a doctor but Mr. Forsythe did not reply and immediately fell back dead. In a few minutes the doctor arrived and pronounced life extinct, the cause being heart failure. The deceased whose many friends at Summerside are much shoked by his sudden passing was 62 years of age and leaves to mourn a widow, one son Mr. Ralph Forsythe at home, and one daughter Mrs. Goodwin of Boston, Mass. The body was conveyed to Alberton by the evening train for burial.

Engineer Killed

(Canadian Press)

QUEBEC, March 8.—Engineer Joseph A. Chabot, 61, of Limolieu, a suburb of this city, was instantly killed and Fireman P. Guillemette, also of Limolieu was scalded when the Canadian National train from St. Pierre to Quebec left the tracks about 45 miles from here today.

HUGE BUSINESS

(Canadian Press)

OTTAWA, March 8.—That one illicit drug trafficker alone had been doing a business of $1,200,000 a year before his capture, was the statement made by Colonel C. H. Sherman, of the National Health Department today before the special committee of the house which is considering amendments to the narcotic act.

**Buying Hogs at Emerald Tuesday forenoon, March 12th. Everett Hasdam. 5031-3-9-2i.

TO CONSTRUCT POWER CANAL

(Canadian Press)

OTTAWA, March 8.—The Dominion cabinet today sanctioned the application of Beauharnois Light, Heat and Power Co., for approval of plans for a power canal between Lake St. Francis and St. Louis on the St. Lawrence River. The scheme involves a diversion of 40,000 cubic feet per second and will enable the company to proceed with an initial power development of 500,000. It is estimated the proposal will cost $65,000,000 approximately.

Announcement of approval of the plans of the company under the Navigable Waters Protection Act was made in the House this afternoon by Hon. J. C. Elliott, Minister of Public Works. The decision of the government concludes a long drawn controversy between rival power interests in Montreal. Stipulations are attached to the government approval. Probably the most important is a provision that should the dominion authorities at any future time desire to use the canal constructed by the Beauharnois interests as a part of the greater St. Lawrence ship way, this substantial link, estimated to cost $16,000,000, will become the property of the people of Canada free of costs. The company has to construct this canal between Lake St. Francis and Lake St. Louise according to specifications which will make it suitable for ocean going ships.

Mechanization of British Army

LONDON, MAR. 8—The silent revolution in the British army, which now is rapidly becoming an army of machines which will partly replace men for fighting, is described by Sir Laming Worthington Evans, War Minister, in his annual review of militaray affairs. Armored brigades in the future are to be the "spearhead" of the British forces.

Two experimental infantry brigades now have been formed at Aldershot and Tideworth, and these will operate in wartime with the units of armored fighting cars and motor vehicles. Armored carriers for machine guns will be provided, and mortars, light Howitzers and other artillery will be mechanized for transport. The results of this mechanization of the army will be to increase enormously its mobility, giving it at the same time a great hitting power and provide a force which can operate in every kind of country.

Not In Favor of The Dole

(Special to the Guardian)

TORONTO, Mar. 8—When seen by the Star today, relative to the suggestion made in the British House of Commons, that emigrants proceeding to Canada be allowed the privileges of the dole for a period after their arrival in Canada, Albert Chamberlain, president of the British Welcome and Welfare League, stated: "I do not approve of the idea at all. We in Canada are not anxious to perpetuate the dole system, which, despite its many advantages and its urgent need under present labor conditions, has a tendency to lower the morale and reduce the initiative of those who receive it."

Transport Services

The Car Ferry

Yesterday the Car Ferry made two round trips, experiencing considerable difficulty with ice. The last round trip occupied some five hours—two hours from Borden to Tormentine and three hours from Tormentine to Borden. She arrived in Borden at 7.20 p. m. on the final trip, and the mail train reached the city at 9.45 p. m.

The Aeroplane

The aeroplane, owing to the thick weather did not leave Moncton yesterday until 12.40 p. m. She arrived here at 1.30 with 596 lbs. of mail, leaving shortly afterwards on return via Summerside with 60 lbs.

BUDGET DEBATE

(From our own Correspondent)

OTTAWA, March 8.—The budget debate started on its perhaps weary round after the Hon. Mr. Guthrie had delivered "what is now regarded as the best deliverance on Conservative policy since Sir Arthur Meighen's time." After Mr. Irvine, Labor, whose speeches are of the academic labor character, there followed a characteristic speech by Tommy Church, Toronto, Mr. Baldwin, Stanstead, General Ross of Kingston. This afternoon the Hon. Mr. Manion took up the burden of the song and in a rattling speech denounced most things Liberal and especially the Liberal fiscal policy.

OTTAWA, March 8.—Debate on the budget was resumed in the House this afternoon by Hon. H. J. Manion. "The Budget," Dr. Manion declared, "is merely a chronicle of events in which our fields, forests, fisheries and mines played the parts of performers while the Minister of Finance was only a spectator in the wings or down among the audience, getting the opportunity of once annually coming to the front stage demonstrating to the world that his was the directing mind of the whole drama and accepting the applause.

The Minister of Finance, Dr. Manion continued, should not be criticized for his action, but for his inaction, "not for his proposals but for the total lack of positive proposals for the betterment of our national life." There was little of a positive nature about the budget Dr. Manion commented. It was almost completely negative. Apparently, he said, any changes were left for next year when the Minister of Finance would probably bring down a good pre-election budget.

The Minister of Agriculture turned to the Australian treaty. Why do we want anything from another country? asked Mr. Motherwell. Because we are short of it, he replied to his own question. Mr. Motherwell said during the years when the Conservatives were in power during the defeat of the Laurier Government there were large imports of foreign butter

Many Tourists Going South

(Special to The Guardian)

MONCTON, March 8.—The R. M. S. Lady Nelson, Canadian National S. S., Capt. T. R. Coffin, will sail tomorrow night for Bermuda the British West Indies and British Guinia with a distinguished passenger list and full cargo. Among those sailing are, Miss Lucy Reith, niece of the Governor of Bermuda, Capt. R. Fiennes, A. D. C., to the Governor General of Canada; Dr. A. D. Blackader, professor emeritus of pharmacology and therapeutics of diseases of children, McGill University, Montreal and Mrs. Blackader, J. T. White, K. C., Controller of revenue, province of Ontario, Toronto; Dr. Hamilton White, director of the Montreal Gazette, W. J. Douglas, former editor of the Mail and Empire, Toronto and Mrs. Douglas; F. Pereira one of the secretaries to the Governor General of Canada with Miss Pereira, his daughter, and E. T. Higgs, ex-President of the Charlottetown Board of Trade and of the Maritime Board of Trade and Mrs. Higgs.

Burchell, Mr. and Mrs. W. R. Fraser, Mr. and Mrs. Walter Mitchell, Dr. and Mrs. G. H. Murphy to Demarara. From Glace Bay, N. S., J. R. Dinn to Demarara; From Stewiacke, N. S., Mr. and Mrs. H. T. Fulton to Bermuda. From Amherst, N. S., Miss D .A. Morrison, Miss Muriel Tapley to Trinidad. From Saint John N. B., Mr. and Mrs. A. H. Wetmore to Demarara; from Moncton Mr. and Mrs. R. H. Bannon to Bermuda. From Charlottetown, P. E. I., Mrs. M. L. Cameron, Mrs. E. S. Davis, to Bermuda, Mr. and Mrs. E. T. Higgs, to Barbadoes From Montreal, Mr. and Mrs. A. W. Allen, Misses H. and M. Patterson, Mrs. C. E. Taschereau to Bermuda.Misses M. and N. Anerum to Montserrat, Col. W. W. Burland, Col. C. W. McLean to Barbadoes, Mrs. Ian Adair, Mr. and Mrs. Robert Adair, Madame Gougeon, Miss Jamieson to Trinidad, L. J. D. Coles, J. W. Domville, Dr. J. T. Ibbotson, J. Irvine Robson, Mrs. J. Turpin, Dr. Hamilton White to Demarara, From Ottawa, Miss Lucy Reith to Bermuda, Capt. R. Fiennes to Antigua, Mr. and Mrs. H. S. Chambers, F. Periera, Miss Pereira to Demarara. From Toronto J. White, Mrs. Gordon Weight to Bermuda. Dr. A. B. Blackader and Mrs. Blackader to Antigua, Mr. and Mrs. E. B. Burbridge to Barbadoes, Mr. and Mrs. W. J. Douglas, Major J. O. Thorne, Henry K. Thorne, Mrs. Alf. Wallace, J. T. White, K. C. to Demarara. From Hawkesbury, Ont., H. W. Lawlor, Miss Ida Lawlor to Demarara. From Fort William, Ont., Mr. and Mrs. Fred Babe to Barbadoes. From Jasper, Alta., Dr. T. Ohagan to Demarara. From Boston, Mass., Mr. Daly and two sons to Montserrat.

Mexican City In Control of Rebels

(Canadian Press)

JUAREZ, Mar. 8—Streets of Juarez were reddened with blood today as rebel soldiers entered this border town and fiercely attacked the defending federal troops. Bodies of both federal and rebel soldiers lay sprawled on the street until there were many wounded.

The attacking forces captured the Hotel Bravo, which, as the headquarters of General Ramos had been formed into a fortress last night with machine guns mounted on the roof. It was there that the wounded federal soldiers were being cared for by Blue Cross nurses.

On the secondattack rebel cavalry charged down the principal streets in face of the large force of federal machine gun snipers. Only a few scattered shots were coming from the guns of the federal soldiers at 9.30. The rebels were almost in complete control.

They captured the customs house and issued a proclamation declaring there would be no looting and no impositions placed upon citizens. Rebel forces occupied every strategic position and were beginning a flanking movement against the last stronghold of the federals, a building isolated about 200 yards south of the Rio Grande. A stray shot from Juarez wounded a boy in El Paso on the United States side.

EL PASO, Texas, Mar. 8—Chaos reigned in the thickly settled tenement section of the south El Paso today. Bullets flew thick and fast across the international boundary as rebel cavalrymen charged down the streets of Juarez. The entire Mexican city for a time seemed to be raked by a machine gun fire of rebel nests in the nearby mountains.

PRAISES THE KELLOGG PACT

(Special to the Guardian)

GENEVA, Mar. 8—Sir Austen Chamberlain, British Foreign Secty., in an interview today said he always regarded the Kellogg pact for the renunciation of war as one more barrier erected by international cooperation against war. Discussing a recent private talk he had with British journalists, he denied that he had made any reflection against the Kellogg pact.

"Let me say definitely and explicitly that I said nothing to belittle the importance of the Kellogg pact," he said. "If I had done so it would have been in contradiction with every public utterance which I have made since the pact was proposed to us and would be directly contrary to the spirit in which both the British Government and the British people welcomed and supported Mr. Kellogg's initiative."

KINGSTON, Jamaica, March 8.—The Governor of Jamaica, addressing the legislature on the attempt of the Cecil Rhodes trustees to deprive Jamaica of benefits under his will, said the country had not been well treated. The legislature authorized the governor to incur the necessary expenses in contesting the efforts of the trustees to amend the trust as it affects Jamaica.

QUEBEC, Mar. 8—For the first time in the history of the legislature and possibly for the first time in any British legislature a representative of the Jewish race mounted the speaker's throne here yesterday. Hon. Hector Laforte the speaker was called away from his duties owing to an illness of his father and was replaced by Joseph Cohen (Liberal, St. Lawrence—Montreal."

FIVE DROWNED

(Canadian Press)

ABERDEEN, Wash., Mar. 8—Five men were drowned and three others saved when two sedans drove off an open end of the Wishkah bridge near here early today. One of the automatic gates failed to function.

ARE APPREHENSIVE

MONTREAL, March 8.—In addressing the convention of the Province of Quebec Retail Lumber Dealers' Association here today, L. W. Halliday, the president, said that the lumber industry today was not anxious to develop into the state the pulp and paper industry was in, and for that reason the dealers viewed with alarm the tendency of the United States Government to propose a tariff against Canadian lumber.

"This tariff will not affect the wholesaler or retailer," he said, "but it will have very far-reaching results on the prosperity of the manufacturer."

WOLF PACK NEAR PEMBROKE ESCAPES FARMER'S BULLETS

PEMBROKE, March 8—Three young people driving to Pembroke from their homes in Alice Township Sunday night, had their journey interrupted by a pack of wolves, and spent the night at the home of a near-by farmer, rather than risk a further encounter with the animals. Max Hubert, his sister, Miss Eleanor Hubert, and Miss Effie Popp were driving to Pembroke in a cutter about 10 o'clock Sunday night. When about ten or twelve miles from this town their horse, frightened by an object on the road ahead, bolted and overturned the cutter. In the darkness they were unable to see what it was that had startled the horse. Max Hubert started to walk down the road, and had taken only a few steps when half a dozen wolves jumped up from where they had been lying and ran down the road.

The three young people went to the home of Dan Blaedow, near by, who came out with a gun and discharged several shots, without, however hitting any of the wolves, which ran up and down the road. On account of soft snow in the field and bushes, the only solid footing for the animals was in the middle of the road, and although they made no attempt to attack any one they were in no hurry to leave the vicinity.

That wolves are increasing in numbers in this district is evident from the fact that there have been several instances of their appearance fairly close to this town during the present winter.

TEN KILLED

(Canadian Press)

BUCHAREST, Rumania, March 8.—Ten workmen including Andrew Wagner, a British engineer, were killed in a boiler explosion at the plant of the Romana, American Oil Co. at Moreni today.

Pilot and Two Aviators Lose Lives In Crash

(Canadian Press)

MEMPHIS, Tenn., March 8.—Jesse Windham, chief pilot at the local airport, and two other aviators were burned to death when their plane caught fire in the air and crashed. The victims were Bill Daniel and Morgan Ferrell.

Tells of Growth In Expenditures On Armed Forces

STOKE, Eng., March 8—All the great powers with the exception of Great Britain, are spending more money today on armed forces than they were four or five years ago, declared Field Marshal Sir William Robertson, in an address here last night.

Sir William, who was chief of the Imperial General Staff during the World War, said the United States acceptance of the Kellogg anti-war pact had not been allowed to interfere with the building of fifteen additional cruisers by that republic.

The United States outlook was somewhat different from the European countries, Sir William said. Her sufferings in the war were slight compared with other countries, and she could not realize so easily what a "senseless abomination" war is.

King's Chaplain Dies of Flu

(Special to The Guardian)

TORONTO, Ont., March 8.—Rev. G. A. Studdert Kennedy, chaplain to King George, died in Liverpool yesterday of influenza. Mr. Kennedy was known to thousands of imperial troops during the war as "Woodbine Willie" and was idolized by them for his frank talks, sympathy and helpful advice.

Smaller Man Will Be Protected

(Canadian Press)

HULL, Que., March 8.—Assurance that the "smaller man" will be protected in regard to newsprint prices was given by C. V. Cascar, manager of the E.B. Eddy Co. Ltd., at a luncheon of the Canadian Weekly Newspaper Association here today.

Changes In Directorate

(Canadian Press)

MONTREAL, March 8—A reduction in the number of directors of Brompton Pulp and Paper Co. Ltd., from 12 to 8 and important changes in the control of the company "are foreshadowed" by notices which are being sent out to shareholders calling a general meeting to be held on March 21, the Montreal Star today says.

The Star adds: "According to reliable information though not official, the present board will be replaced by new members representing two strong newsprint companies, who have acquired a substantial stock interest in the Brompton Co."

"The entry of these interests is regarded as significant indication of the likelihood of Brompton entering a combination or merger which would include the three companies which will be represented in the newly constructed directorate."

"While the directorate is thus likely to be changed it is not thought that there will be any change in the physical management of the company's operations."

RETURNS FROM CRUISE

SOMERSET, Bremuda, March 8.—H. M. S. Durban returned on Friday from a cruise in South American waters and will leave the Ireland Island naval station this week for Plymouth, England, where she will be recommissioned and refitted. Prince George, who was attached to the Durban as a lieutenant, will probably not rejoin his ship when she is recommissioned, but will be assigned to another war vessel.

Pulp and Paper Problem Settled

(Special to The Guardian)

QUEBEC, March 8.—All the Canadian companies have signed the agreement reached by the manufacturers of newsprint, and they are now all operating on that agreement, "said Premier Taschereau this afternoon at the Legislative buildings in connection with the rumored settlement of the difficulties which had arisen in the pulp and paper industry. What the American International Paper Co. had decided to do the prime minister did not know, but the Canadian International, like all other companies in Canada, had signed the agreement.

Questioned as to what the agreement really consisted of, Mr. Taschereau claimed he did not know what it actually consisted of. He believed it would be to the great advantage and benefit of the paper manufacturers trade in general in Canada, and that it meant a settlement of a most difficult problem.

Wealth of Canada In 1926 Given As $26,691,482,000

OTTAWA, March 8.—The aggregate national wealth of Canada for the year 1926 was $26,691,482,000, says a report issued yesterday by the Dominion Bureau of Statistics. This figure is exclusive of undeveloped natural resources.

The largest single item was that for agriculture, which reached a total of $7,817,718,000 or 29.28 per cent of the entire amount. This figure includes the value of agricultural production for the year.

The second largest element was urban real property which reached a figure of $7,081,375,000.

By provinces the estimated wealth was: Prince Edward Island, $145,745,000; Nova Scotia, $835,748,000; New Brunswick, $723,592,000; Quebec, $6,656,108,000; Ontario, $9,130,189,000; $9,130,189,000; Manitoba, $1,889,606,000; Saskatchewan, $2,920,739,000; Alberta, $2,192,067,000; British Columbia, $2,185,210,000; Yukon, $12,478,000.

Summerside tide eighteen minutes later than Charlottetown.

TRAINING IN ORATORY GIVES POISE

And Poise is a Great Asset, Worth While Acquiring.

Even at the risk of some repetition, we will once again in this place enumerate some of the benefits that will accrue to the boys and girls who take part in the Oratorical Contests.

First, then, you acquire that indefinable quality called "poise". If you have it, you are at ease in any assembly, never embarrassed; never at a loss for something to talk about. And your conversation will not be stiff and awkward, it will be fluent and natural.

Subconsciously, the feeling of self-confidence which you have, engendered by the fact that in conversation you can give a good account of yourself, will even affect your manners and carriage. Where perhaps, they have previously been somewhat awkward and self-conscious; they will be easy and graceful.

Then, too, being at ease yourself in the presence of others you will put them at their ease. For, strangely enough, a shy, embarrassed person present at any gathering, makes the others feel embarrassed, too.

Training in Oratory will help YOU in this. Fill in the Oratorical Contest entry form and mail it today.
