"SOME PROGRESS" IN MOSCOW FOUR-POWER TALKS

To Close Soviet Consulates In The United States

Move Comes As Outgrowth Kasenkina Case

LONDON, Aug. 25 (Wed-
nesday) — (AP) — The Mos-
cow radio said early today the
Soviet Government has decided
to close immediately both
Soviet consulates in the United
States — in New York and
San Francisco — as a result
of the Kasenkina case.
The radio said the decision
was disclosed in the text of
the Soviet Government's reply
to the United States note of
Aug. 19 on the case of the Rus-
sian school teachers.
The Soviet Government also had
decided, "in accordance with the
principle of reciprocity to consider
the United States consulate in Vlad-
ivostok to be closed immediately."

9 Killed In Crash Of Transport Plane

Decrease In Wholesale Beef Prices

(By The Associated Press)
NEWTON, N. J., Aug. 24—Nine
persons were killed today when a
United States Air Force C-47
transport plane crashed and burned
after colliding with another plane.
There was some conflict in re-
ports from air force spokesmen.
Capt. J. A. Zicarelli, public re-
lations officer at Middletown, Pa.,
air base, said the plane left there
at noon with seven chaplain's as-
sistants and two crew members
aboard.
However, an air force spokes-
man at Bolling Field, Washing-
ton, said the crashed ship started
from there headed for Stewart
Field, N. Y., and those known a-
board were two officers and five
soldiers who got on at Bolling
and two soldiers picked up at
Olmstead Field near Harrisburg,
Pa.
The Pennsylvania air base said
the plane probably was carrying
chaplain's assistants to a religious
meeting in Connecticut. A chap-
lain's assistant is a soldier detail-
ed to work in a chaplain's office.
The transport crashed in rolling
farm country and immediately
burst into flames. The charred
and mangled bodies were found
strewn among the wreckage which
was scattered over an area of
several hundred yards.
State police at Newton said the
plane "completely disintegrated"
and that they found nine bodies
"buried beyond recognition."
At Stewart Field, N. Y., auto-
mobiles said none of the crew of the
second plane, a B-26 bomber, was
injured.
Col. Charles Carpenter, in Lan-
caster, Pa., said the plane was
headed for Stewart Field, N. Y.,
and that it was carrying chaplain's
assistants to a religious meeting
in Connecticut. A chaplain's
assistant is a soldier detail-
ed to work in a chaplain's office.

Maple Hills To Close By End Of August?

All indications point to a closing
of the Maple Hills tenancy
project by the end of this month.
The Guardian was informed yester-
day. Seventy of the 100 families
living there have secured accom-
modations elsewhere and of the
remaining 30 families, probably
15 will have found other quar-
ters by the last of the month.
The buildings at Maple Hills,
including those occupied by the
present tenants, have been sold
and it is understood that build-
ing-movers will begin today to
prepare those still left there, for
moving to other sites.
Fifteen of the buildings have
been sold to tenants who have
secured plots of land elsewhere
to which to move them.
A report was current yesterday
that the Provincial Government
may shut off all water, heat, and
light at Maple Hills on Aug. 31,
which is a month earlier than the
date announced by the Govern-
ment last May.

Rear Admiral the Earl of Burma and Romsey, Louis Mountbatten and Countess Mountbatten are shown as they stepped from a TCA plane at Dorval airport near Montreal on August 22nd.

Work On New Housing Project Is Progressing

The new housing project which
is being carried out by Eastern
Woodworkers Ltd. of New Glas-
gow, N.S., under contract with the
Central Mortgage Housing Cor-
poration, on the former Saunders
and Palmer estates bounded by
Orlebar Street, Birchwood Avenue
and Gerald Street, is progressing
well.
Since the project began early
in June, all the foundation work
of the 29 houses which are to be
constructed there, has been com-
pleted, and with the exception of
fire, have all the walls and
framework done, with even the
roofs of some of the houses already
completed.
Mr. E.A. Sutherland, Superin-
tendent of Gomac Construction
Company, New Glasgow, N.S., is
in charge of the project. He is
in charge of the materials for these
houses are pre-cut and in panels,
which are brought here from New
Glasgow by special Company
trucks.
When completed, each house will
have from two to three bedrooms,
each with its own heating unit,
with the main construction, ex-
terior painting and decorating of
each house to be slightly differ-
ent than the others, to avoid the
monotony of uniform appearance.
Although the project is under
the control of the Central Mort-
gage Housing Corporation, the
City of Charlottetown will under-
take the building of the streets,
sidewalks, sewerage, water supply
system and lighting system for
this new community.

General Area Of Agreement Said Reached

(By Eddy Gilmore)
MOSCOW, Aug. 24 — (AP) — A
highly-informed source said today
a general area of agreement has
been reached in the four-power
Kremlin talks and further lengthy
negotiations will deal largely with
technicalities.
The technicalities are not trifles
and will necessitate considerable
negotiations.
Last night's session with Prime
Minister Stalin and Foreign Min-
ister Molotov seemed to have
cleared the atmosphere here and
the source said chances of a solid
agreement were "fair."
"Some progress" has been made,
the source said, and there is no
cause for pessimism. The western
envoys and the Soviets are now
said to have reduced their terms to
the "lowest denominator."
(In London, informed Whitehall
sources said Stalin introduced last
night certain "new ideas" offer-
ing to "lower the bar.")

- *Festival, Fredericton Hall, Thursday evening, August 26th. Ice Cream, Cake and Hot Dogs. In aid of Pleasant Valley United Church.

Will Not Seek Death Penalty

CHICAGO, Aug. 24 — (AP) — Roy Adams, 14, accused of murdering an eight-year-old girl went on trial today. The state will not seek the death penalty.
Edward Healy, assistant state's attorney, will seek to prove Roy smothered little Nancy Schurz with pillows on a bed in his parents' apartment during an un-natural frenzy of sex gratification.
The pudgy boy's attorney, Joseph Gannon, said defence would contend the girl was smothered accidentally when the boy attempted to quiet a tantrum after he had refused her permission to look at his comic books.

Forest Fires Reported In New Brunswick

FREDERICTON, N.B., Aug. 24 — (CP) — Two forest fires believed to have been caused by a severe electrical storm which swept over portions of New Brunswick yesterday were reported by provincial forest service officials here today.
One of these located near Smoker Brook in Northumberland County which was spotted early yesterday afternoon by the forest service patrol is now believed out for this morning. The plane could not spot smoke in that vicinity. But to safeguard the occurrence of the fires, a small crew of firefighters are on their way to the spot where the fire was sighted.
The other fire which was spotted by a toe tower in the Tobique district is being investigated by the plane patrol this afternoon. Flying conditions this morning in that district were curtailed by the haze and low ceiling.

Union Suspended By Labor Congress

(By The Canadian Press)
OTTAWA, Aug. 24—The International Union of Mine, Mill and Smelter Workers was suspended today by the executive of the Canadian Congress of Labor.
The executive said in a statement that this drastic action is a result of an article in the Smelter Workers' newspaper. It attacked A. R. Mosher, president of the C. C. L. and of the Canadian Brotherhood of Railway Employees, and C. H. Millard, Canadian director of the United Steelworkers of America, the executive said.
The C. C. L. also took disciplinary action against Harvey Murphy, vice-president of the British Columbia Federation of Labor. He was alleged to have made "slandering remarks concerning C. C. L. officials" at a Federation banquet in Victoria last April 8.
Murphy was barred for two years from attending a C. C. L. convention as a delegate and from acting as a delegate at any chartered body of the C. C. L.

Mother & Daughter Face Murder Trial

BOWLING GREEN, Ky., Aug. 24 — (AP) — A mother and daughter, accused of the buttermilk poisoning of the younger woman's husband and another man, were bound over to a grand jury today on a charge of murder.
Mrs. Katherine Lee, 34, and her mother, Mrs. Kate Goad, 72, charged with murder in connection with the death Aug. 14 of Mrs. Lee's husband, Allie S. Lee, waived their case to the grand jury.
Their examining trial in the second case will be set later in the week. They are charged with murder in connection with the death of James A. Crossin, 52. County Attorney William H. Natcher said the two men died a few hours after the Lee home.

Crop Conditions Said Generally Favorable

OTTAWA, Aug. 24 — (CP) — Crop conditions throughout Canada are generally favorable, with harvesting now in full swing in most sections, the Bureau of Statistics said today.
Good weather in recent weeks has increased crop possibilities in the Prairies, the Bureau said in one of a series of telegraphic reports dealing with crops in every Province.
Southern Ontario's crop is a near-record, the report said. Wheat yields in that area have been above average.
Harvesting is nearing completion in some parts of the Maritime Provinces and is finished in most Quebec districts. Quebec's hay crop is a record.
(Continued on Page 5 Col. 4)

Canadians Being Sought To Harvest Maine Potato Crop

AUGUSTA, Me., Aug. 24 — (AP) — Recruiting of 7,000 Canadian potato pickers for work in Aroostook County fields will begin Monday, the Maine Unemployment Compensation Commission said today.
Representatives of the M.U.G.C., the Aroostook Farm Labor Association and the United States Employment Service will confer tomorrow at Edmundston, N. B., with agents of the Canadian National Employment Service, M. U. C. C. Chairman L. C. Fortier said.
Final details, including cities and towns where recruitment will be done, will be considered. Present plans Fortier added, call for importation of the Canadian workers between Sept. 15 and 23 at designated ports of entry.
The workers are needed to augment the Maine labor supply during the peak of the potato harvest.

Town Planning Commission For Moncton

MONCTON, N.B., Aug. 23 — (CP) — Passage of a new by-law by the City Council yesterday established the Town Planning Commission for greater Moncton and brought to a climax four months of study and organization. The new by-law gives to the commission wide powers to control the orderly growth of the city of Moncton and its suburbs with a view to making the most efficient use of the land, for commercial, industrial and residential purposes.
The co-operation of the adjoining areas has been given and the area included in the plan in addition to Moncton City, which says 10 per cent of the costs are: Moncton 63 7/8; Saint John 54 6/8; Moncton 56 8/4; Halifax 59 8/4; Charlottetown 59 8/4; Sydney 56 8/4; Yarmouth 54 6/8.
During the meeting the Council approved a recommendation of the Town Planning Committee adding Lou Davis, Edgar T. LeBlanc and W. F. Lane to the commission as honorary members.

Aged Lady Killed

NEWCASTLE, N. B., Aug. 24 — (CP) — Mrs. Annie Bohan, 72, of nearby North West Bridge, died in hospital today of injuries suffered last night when struck by a car driven by Thomas C. Mullin, Ex-moor, N. B., as she was crossing the road in front of her home.

Cost-of-Living Index At New High In U.S.

WASHINGTON, Aug. 24 — (AP) — A new upward leap in the cost of living, reported today by the government, brought an automatic wage increase of three cents an hour to more than 250,000 automobile workers.
The Bureau of Labor Statistics announced that its consumer price index hit a record high of 173.7, July 15. The base, 100.0, is the 1935-39 pre-war average.
Approximately 285,000 hourly-rated employees of General Motors will receive the three-cent increase. Under a history-making contract negotiated by the United Automobile Workers (C.I.O.) last May, the pay of the G. M. workers is linked directly to the cost-of-living index.
The three-cent increase goes in to effect in the first pay period beginning after Sept. 1.
In addition to the hourly-rated employees, some 68,000 salaried employees of the motor firm will receive \$25 extra in September and another \$15 in December, or a total cost-of-living adjustment of \$40 in the period between Sept. 1 and Dec. 1.
Thus, the company noted, approximately 373,000 of its employees will receive adjustments to compensate for the increase in living costs.
In no event would a decline below 164.7 provide for a reduction in the wage scale, however.
The new price index is 9.7 per cent higher than a year ago and 30.3 per cent above the June 1945 level. It was 76.2 per cent above pre-war August, 1939.
Retail food prices averaged 1.3 per cent higher, miscellaneous goods and services were up 2.2 per cent; the fuel and ice group advanced 1.7 per cent; other major groups increased fractionally.

Hunt 14-Year-old Boy

WINDSOR, N. S., Aug. 24 — (CP) — Volunteer searchers and an R. C. A. P. helicopter joined today in the hunt for 14-year-old Ralph Chisholm, native of Sydney, N. S., who has been missing from a home at nearby Hartville since yesterday afternoon.
The missing youth was last seen entering the woods near a Hartville children's home.
The search today was centered in dense woods near Panuk Lake. R.C.M.P. led the searchers with a police dog.

TORONTO, Aug. 24 — (CP) — Minimum and Maximum temperatures:
Edmonton 52 60; Regina 58 81; Winnipeg 66 91; Toronto 66 90; Ottawa 63 78; Montreal 70 80; Quebec 64 84; Saint John 54 68; Moncton 56 84; Halifax 59 80; Charlottetown 59 80; Sydney 56 84; Yarmouth 54 66.
HALIFAX, Aug. 24 — (CP) — Official inland forecasts issued by the Dominion Public Weather Office at Halifax and valid until midnight Wednesday.
Regional forecasts:
Prince Edward Island, Eastern New Brunswick Counties, Lower St. John River Valley: Variable cloudiness with extensive fog patches tonight. Wednesday clear, hot, and humid. Light winds tonight becoming southwest 15 Wednesday morning.
