***Suffered For Years** But Now Quite Well
 CANNOT SPEAK TOO HIGHLY OF DODD'S KIDNEY PILLS

Quebec Man used Dodd's Kidney Pills and Recommends them to all who Suffer from Kidney Ills.

Coronier Dequin, Que. Jan. 8. (Special).—For many years I suffered with bad kidneys and could not get anything to relieve me. At last I thought of Dodd's Kidney Pills and commenced taking them. I am now perfectly well.

Mr. L. Fremblay, who lives here makes the above statement. He feels that he owes it to other sufferers of kidney troubles, to tell them how he found relief from his sufferings.

Other sufferers from kidney troubles tell of being relieved by Dodd's Kidney Pills. They act directly on the kidneys. They strengthen them and put them in shape to strain the uric acid out of the blood.
 Ask your neighbors if Dodd's Kidney Pills are not the best remedy for sick kidneys.

He was born in Peterboro, New Brunswick, where he resided all his life. He was highly esteemed and they mourn their loss. He leaves to mourn, besides his sorrowing widow, one daughter and seven brothers, one of whom resides in Georgetown. Sincere sympathy is extended to the family in their sad and sudden affliction.

***THEOPHILUS LADNER**
 Seldom have any been called upon to bear such a burden of sorrow as was the lot of Mr. and Mrs. Ladner and family of Enmore, when they received the sad news that their son and brother Theophilus had passed away at Sault Ste. Marie, on Dec 10th, after a brief illness at the early age of 34 years. This young man who was engaged at carpenter work with his brother Martin of that place, was stricken with heart failure and although every thing that loving care and medical aid could do was done, God saw fit to take him from this earth to a better land above. He was a young man of sterling qualities, quiet and industrious, a dutiful son, a tender and affectionate brother and also a general favorite among his associates.

His remains were brought home for burial accompanied by his brother Martin and his funeral took place on Thursday the 14th, at Victoria West Cemetery, the Rev. Mr. Brown of the Methodist Church conducted the burial services. The pall bearers were John

What I Have Learned in 47 Years Practice

I HAVE been watching the results of constipation for 47 years, since I began the practice of medicine back in 1875. I am now 83 years old, and though from time to time the medical profession makes some wonderfully interesting experiments and tests, the fundamentals of causes and relief in this particular ailment are unchanged.

Recently there has been a new wave of drastic physics. Calomel, a mercurial that salivates and loosens teeth, has been revived; salt waters and powders that draw needed constituents from the blood; coal tar disguised in candy form that causes skin eruptions. In a practice of 47 years I have never seen any reason for their use when a medicine like Laxative Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping, and without shock to the system.

From a recent portrait of DR. W. B. CALDWELL, Born Shelbyville, Mo., 1839

But the people take greater interest today in their health, in diet, exercise and the drinking of water. Constipation, however, will occur from time to time no matter how one tries to avoid it. Of next importance, then, is how to treat it when it comes. I believe in getting as close to nature as possible, hence my remedy for constipation, known as Dr. Caldwell's Laxative Syrup Pepsin, is a mild vegetable compound. It is made of Egyptian senna and pepsin with agreeable aromatics. Children will not willingly take bitter things. Laxative Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not gripe. Thousands of mothers have written me to that effect.

Over 10 million bottles of Dr. Caldwell's Laxative Syrup Pepsin are now sold every year, and it is the most widely bought family laxative in the world. I say family laxative because all in the family can use it with safety. It is mild enough for the infant in arms, effective in the most chronic constipation of an adult. The formula is on every package.
