Stock Markets At A Glance

WINNIPEG, May 17 — (CP) — Export wheat business was placed at 300,000 bushels today on the Winnipeg Grain Exchange.

Transactions were in connection with relief shipments to Europe.

CHICAGO, May 17 — (AP) — Most May grain futures were steady to firm today but some of the new crop deliveries, particularly of wheat, frequently were on the off side.

Profit cashing and long liquidation were apparent at times but orders and short covering steadied prices for grain to be delivered this month.

TORONTO, May 17 — (CP) — Today's session of the Toronto Exchange grew stronger as the day advanced and the close was around the best prices posted. The Base Metals showed an index gain of 48 while the golds added .29 and the Western Oils .09.

In the gold share section the Yellowknife issues came to the front, showing general strength on good volume. Frobisher added 20 cents, Atlas firmed 12 cents, Negus 7 cents, Springer 4 cents and smaller gains were held by Jacknife, Homer and Lexindin. Giant weakened 20.

MONTREAL, May 17 — (CP) — Junior mines accounted for most of the turnover today on the Stock Markets as they continued their current activity. Trends were mixed. Among the key groups in the balance of trading golds went to a new six-year high in the indices and papers and industrials were up and utilities and banks off.

Hollinger was at a new peak in the golds. In junior mines mining corporation, inactive on the local mart recently, posted a rise of $1.60. Turning in most volume were Arno, which boarded 204,990 shares, and central Cadillac with 182,968.

NEW YORK, May (AP) — Investment funds continued to concentrate on peace stocks in today's market and, for the third successive session, favorites were pushed up fractions to more than a point.

Rails were out in front during the greater part of the proceedings although the majority ended well under the best. Utilities were given a play after the opening. Steels were narrow and motors turned a bit ragged at the last. Top gains were reduced in most cases in the final hour. Dealings were lively at intervals but slowed after profit cashing.

The Associated Press 60-stock average was up .3 of a point at 64.9.
