STEEL BODIES

Please drop into our showroom to-day or this evening and look over the sample steel body for the Sedan Car. It has no upholstery and no paint but is just as all these bodies come from the factory, ready for finishing.

It will show the wonderful advantages of strength and lightness of an all steed body. It will neither burn nor splinter. It has saved many lives. It is the greatest single advance in motoring strength and safety for the motoring public. Steel pillars give wider vision—electrically welded seams. These and many other comforts come from the all steel body.

Twelve years ago Dodge Brothers started to build all steel bodies for their touring cars and have now developed this body to perfection for all cars built by them. The sample body will be on exhibition during the next ten days. Do not fail to examine it and compare with the wood bodies. We have no doubt of the verdict.

The trees, planted by the Institute for the improvement of the town, have received the usual care and several new ones were added. School committees have been purchased also a number of "Daughters of the Empire" calendars have been bought and placed in the school. A number of new books were added to the Library and the Librarian, Mrs. Louis Douglas reported a balance of $2.65. The Institute funds have been increased during the past year by two whist drives, one entertainment and ice cream social, and by the lunch fees collected at each of the regular meetings. The supervisor, Miss Mathieson was present at one meeting during the year and gave a very interesting talk on "Federated Institutes". The financial report given by the retiring secretary treasurer, Miss Isabel Morrisey, was very satisfactory, showing a balance on hand of $56.39. The Basilica Of St. Mary

MINNEAPOLIS PRO-CATHEDRAL NOW MINOR BASILICA — PAPAL DOCUMENT RECEIVED BY REV. JAMES REARDON WHO IS A SON OF MRS. DANIEL REARDON AND BROTHER OF MESSRS. M.W., CHARLES, AND JOHN REARDON OF THIS CITY.

MINNEAPOLIS, April 16. — Rev. James Reardon, pastor, recently received from Rome the official decree of Pope Pius XI, designating for the former Pro-cathedral as the Basilica of St. Mary. St. Mary's is the only church in the United States to be raised to the dignity of a basilica—a name accorded Catholic houses of worship only where the edifices are of outstanding beauty and the congregation is known for its zeal.

Following is the translation of the Pope's decree:

PIUS XI, POPE AND BISHOP

"For Lasting Remembrance of the Event:

"Conspicuous in the City of Minneapolis within the territory of the Archdiocese of St. Paul, stands the church dedicated to St. Mary, right noble in its structure and specimens of art, the building whereof, as well as a Catholic school for boys and girls erected at considerable expense, was undertaken and completed by the late lamented John Ireland, Archbishop of St. Paul, a prelate most worthy of remembrance and renown. This Church of St. Mary is rightly and deservedly reckoned among the leading churches of the Archdiocese of St. Paul.

Honor Urged by Rector

"Whereas our beloved son, James M. Reardon, its present rector, has made humble request of us that we vouchsafe to raise the sacred edifice in question to the dignity of a minor basilica thereby superseding its present title of Pro-Cathedral, we of our full knowledge that the aforesaid church is wholly worthy of this distinction, both by reason of the piety of its worshippers as well as by the splendor of its ritual and the richness of its adornment, have deemed it well to accede to the wishes expressed in this regard. And we are further moved thereto by the crowning approval and high recommendation of our venerable brother, Austin Dowling archbishop of St. Paul., Minn., as well as of our beloved son, Donatus Sbaretti, cardinal priest of the Holy Roman church.

"Wherefore, having given the matter most careful and serious consideration along with our venerable brother, Anthony Cardinal Vico' bishop of Porto and San Rufina and prefect of the sacred congregation of rites, we, of our proper motion, after sure knowledge and mature deliberation and from the fullness of our apostolic power do, by tenor of these presents, raise to the singular title and dignity of a minor basilica St. Mary's church in the city of Minneapolis and archdiocese of St. Paul, Minn., hereby superseding the title of Pro-Cathedral hitherto in current use; and we grant unto it all the privileges and tokens of honor which pertain to minor basilicas as of right.

Is Papal Decree

"This, then, is our behest and decree that these presents be and continue to be always sound, valid and effective, that they obtain and maintain their effect whole and entire; that they be both now and hereafter, ample authorization for those whom they concern or shall concern; that thus it must be duly judged and defined; and that if aught else ever and above these present should happen to be attempted by any person or by any authority whatsoever, whether knowingly or unknowingly, the same shall be null and void—everything to the contrary notwithstanding.

"Given at Rome, of St. Peter's under the Fisherman's seal, on the first day of February in the year 1926, being the fourth year of our pontificate.

"P. CARDINAL GASPARRI.
"Secretary of State."

The late Mrs. Creswell formerly belonged to St. Eleanors and left the island with her husband and family in 1909. She had reached the ripe age of 81 years.

—ISLAND LADY DEAD.—The death of Mrs. Grant Towler, nee Jennie Matthews, daughter of Mr. and Mrs. Thomas Arthur Matthews, Elmsdale, occurred at Cleveland, Ohio, on the 3rd April, after a brief illness. The deceased was well and favorably known in her native place previous to her departure to Boston some years ago and her sudden death in the very prime of life will be learned with sincere regret by a host of friends. She leaves to mourn, besides her sorrowing husband and children, her parents mentioned above and the following brothers and sisters: Mrs. Margaret Messey, Brunswick, Maine; Mrs. Mabel Brennan, East Walpole, Mass., Lulu, of Dedham; Brander, of Haverhill; Ross and Hessel of Boston; David, Everett and Francis, of Elmsdale, P.E.I., to all of whom is extended the sincere sympathy of their many friends in their sorrow.

— HOMESTEAD BURNED— At about 4 o'clock last Sunday afternoon fire, of unknown origin, started in a part of the residence of Mr. A.J. McNeill at Stanley Bridge that had not been occupied for some days. When discovered the flames had gained such headway in the high wind blowing at the time that nothing could be done o save the home or its contents, with the exception of a few articles that were got out of the kitchen. Mr. McNeill was absent at the time on a visit to his brother in Moncton, N.B. Much sympahy is felt for him in his very heavy loss. The residence was one of the finest in the district and was well furnished. There was very little, if any, insurance.

Acid Stomach

"Phillips Milk of Magnesia"
Better Than Soda

Hereafter, instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." Any drug store.

"My dear, I thought this was your washday."

"Yes, but the laundress has been through for hours — we use Rinso at our house."

Rinso has fairly revolutionized wash-day. Rinso changes the hard work of washing to just rinsing.

No more hard bar soaps to cut up or rub on the clothes. No more rubbing.

Wash-day now means simply soaking the clothes for a couple of hours in Rinso suds, or overnight, then just rinsing.

Gloriously white, sweet-smelling clothes are the result—and you'll save time and temper.
