Mr. C. H. Llewellyn and Mr. Chester Walker were in Souris on Friday where Mr. Llewellyn made several business calls.

Unfortunately the films were tampered with that night in Charlottetown and may have to be retaken.

"TO EACH HIS OWN" STARTS TODAY

Boasting all the requisites of a once-in-a-blue-moon hit—a stirring story, a cast of foot-proof performers, and some of Hollywood's outstanding technicians—Paramount's "To Each His Own" arrives today at the Prince Edward Theatre with Olivia DeHavilland starring and stage star John Lund making his motion picture debut.

"To Each His Own" is a great story of a girl who lives a lifetime in the few hours she has in which to meet and fall in love with a flying hero of World War I. It tells of the anguish and sacrifices that are hers when she gives up the son born of that love in order to relieve him of the stigma of his ill-fated birth. It carries through to the heart-tearing finale, when mother and grown son meet again in a scene fraught with potent dramatic possibilities.

This could be Miss DeHavilland's chance for screen immortality, for the role of Judy is of the sort that provides stars with award-winning opportunities. From all reports, she turns in the performance of her life, a fitting climax to a brilliant career.

In Life Insurance, too, THE TOP MEN COME UP FROM THE RANKS

IN ANY BUSINESS it takes hard work and ability for a man to rise from the bottom to the top. But that is why our Canadian way of living has a fascination for men of ambition and initiative. Canada is a land of opportunity... and a man is given a chance to get ahead.

The senior positions in Life Insurance are held by men who have earned executive rank through ability and years of hard work. Life Insurance management is a steady march of new men and new ideas. And the bigger Life Insurance grows the more demand there is for "top" men.

The men who plan Life Insurance policies for you... the men who safeguard your savings... learned the hard way. They know your needs, your problems, your eagerness for protection and peace of mind. Their experience and judgment are invaluable to the policyholders of Canada.

TRINITY UNITED CHURCH

At the morning service in Trinity United Church on Sunday, December 1st, the Minister spoke on the words of Paul from second Timothy 3rd, Chapter 15: 16 verse in which Paul speaks about true Godliness which is to be found emerging in human life through faith in God and the sense of fellowship with other human beings. True Godliness rests on our contemplation, understanding and experience of the spirit of Christ and that experience Paul tells us is found through and recognized that God was manifest in the flesh. Justified in the spirit, seen of Angels, preached unto the Gentiles, believed on in the world and received into glory and the minister exhorted the people to give more thought to the deeper meaning of Christmas that its deeper and more abiding realities may be recognized by all.

The choir sang the Anthem "God is a Spirit" Bennett.

The Senior Sunday School at 10 o'clock was well attended despite the inclement weather under the leadership of Mr. L. W. Shaw and his fine staff who are making a great contribution to the Christian experience of our younger folks. The beginners and primary are as usual at 11 o'clock and Mrs. Spillet with her staff of teachers find satisfaction in the good work which is being done in that department.

In the evening the Minister chose as his subject "Glowing and Getting". The choir sang the anthem "O Come to My Heart" P. Ambrose.

"A good lunch should include hot dishes, when available, with milk, meat or meat alternates, 'Canada Approved' Vitamin B bread, vegetables and fruit."

Doomed Child Enjoys Last Christmas Party

(By The Associated Press) DETROIT, Nov. 29—It was quite a day for seven-year-old Andy Painter who will die of a throat cancer before Christmas, doctors say.

He had a birthday—Thanksgiving—Christmas party all rolled into one—and to top it off, he is the delighted owner of a rabbit straight from the magician's top hat.

Little Andy sat pale and drawn in a chair as his two brothers, his sister and seven playmates helped celebrate the triple occasion around a premature Christmas tree. They played games, ran Andy's new train, and ate a turkey dinner.

Squeals of delight greeted the performance of Frank Klin, professional magician. He climaxed his performance by producing the rabbit from the hat and handing it to Andy.

Andy, who was stricken several months ago, doesn't know he is dying. His parents explained the Christmas tree "because they're going to be scarce this year," and the number of gifts he has received are "prizes" in a mythical picture contest.
