Murdoch McKinnon, is at present absent from the island, on a trip that is of considerable importance to the agricultural interests of the province. He will be held by the Department of Agriculture this winter. After forty-two years' absence from the island, Mr. D. J. McLean, a native of Melville, who has just been on a few weeks' visit to his homeland, finds considerable improvement on every hand in the province. He stated yesterday to a Daily Guardian representative: "Travelling through the island, I did not know the places—they had improved so much. In Melville where I was born I saw great improvement generally, improvement in the buildings and out-buildings, machinery, equipment and so on,—improvement so great that I could not believe it if I had not seen it. It is my opinion that the island has improved as much as any other state I have seen or known in proportion to the size and wealth of the places. As regards Charlottetown it has improved. It has spread much, but the business portion of it is very much improved. There are now nice concrete sidewalks and streets where at the time I left here the sidewalks consisted of a few planks. Now the place is being beautified with cement sidewalks, and I am not surprised to find the business looking as prosperous as they do. "I am very much pleased with my visit to the island. I have been most warmly and kindly received by friends. I hope to return soon again. Since he left the province over forty years ago Mr. McLean has been in the western states of Canada. He has prospered during the years and is now a large store proprietor in Maryville, California. He leaves the island for his home in Maryville this morning.

There were yesterday two more farmers' picnics to the Experimental Farm, one party, representing the King Edward Institute, numbering a hundred, and coming from Murray Harbor and Murray River; the other party representing the Strathcona Institute, about fifty strong, and coming from Hazelbrook, Alexandra, and Pownal. Both parties arrived by the same train and reached the farm by eleven o'clock.

As it was their first visit to the farm, they were usually interested in all that was shown to them and all that they saw. After luncheon had been discussed, they were addressed by Dr. Charles Saunders, the Dominion Cerealist, who is at present in the city, who dwelt upon the necessity for selection in order to improve their grain. The visitors were then taken around the farm by the Superintendent, Professor Clark, who went into a thorough explanation of all that he drew attention to, and drew a good deal of time with them at the grain plots, where the cultivation is now ripening. Afterwards, on the lawn in the front of the grounds, the party were addressed by Professor Ross, the

Secretary of Agriculture, who spoke to them on the relation between the Experimental Farm and Farmers, and of the great amount of benefit to be gained by visits to the farm and getting a knowledge of the results of the experiments there. Addresses were delivered by various members of the visiting parties, who all acknowledged the necessity and usefulness of the farm. A vote of thanks to the Superintendent for his courteous attention and painstaking demonstration and explanation, was moved by Mr. Whiteaway, Secretary of the King Edward Institute, and seconded by Mr. Woods, of the Strathcona Institute. The vote was carried with acclamation. Mr. Clark briefly responded.

The party were then left to follow their own inclinations, and then left the farm at five o'clock in the afternoon, immensely pleased with all they had seen and been advised.

THE FORD.—With respect to the reference made in yesterday's Guardian to the Ford motor car the agency for which in this province was secured by Messrs Bruce Stewart & Co., it may be stated that the present price of the cars in the various grades are guaranteed by the Ford car is especially well adapted to climbing ascents or going down decents, and the heaviest road is no bar to the comfort and safety of a ride in the Ford, the up-to-date equipment of which renders it easily and effectively controlled.

WEDDING BELLS.—The marriage took place at St. Joseph's Convent on August 12th, of Mr. Joseph Hughes of Vernon River to Miss Mary E. McCabe of Charlottetown. The ceremony was performed by Rev. Dr. McTellan, the bridesmaid being Miss Annie McCabe, cousin of the bride, while the groom was escorted by his cousin Mr. John Delaney. After the ceremony was performed the happy couple drove to the home of the bride's brother, Mr. Allan McCabe, where some hours were spent with friends after which all drove to the groom's home where the evening was very pleasantly spent with quite a number of relatives. DUCK SHOOTING.—Duck shooting in the Province opened yesterday, Aug. 20th. Ducks are reported more plentiful this year than for many years past, especially up the East River where large flocks may be found. This increase along East River is due in a large measure to the new society at Mt. Stewart, which has done valiant service in protecting and enforcing the game laws, etc. Each member of the society was given some one the particular work to attend to daily and was called on for a report at the different meetings called. In this way a keen interest was aroused and if others would follow their lead fish and game would soon be replenished and P. E. I. would become the sportsman's paradise. It might be here mentioned that non-residents are required to take out a license before enjoying the shooting and fishing grounds.

On Tuesday, August 12th, a number of the citizens of Georgetown assembled to say good bye to Mr. A. D. McPhee, former Postmaster and family, who left for the West on the following morning. Mr. McPhee expects to locate in Moosejaw. He was presented with a handsome merchandise pipe and the following address:
Dear Sir:—On this the eve of your departure for Western Canada, we the citizens of Georgetown desire to give expression to our deep regret at the loss of a citizen who, for many years, has played such a prominent and useful part in its affairs.
As a public official you have always proved yourself most competent, courteous and attentive; never contenting yourself with the mere perfunctory discharge of the duties of your position, but endeavoring, in every way, and at all times, to serve in the fullest measure the interest of the patrons of the Post Office.
As a citizen you have always been in the front rank of those who strove for improvement, and progress, and your name is written large on the records of every forward movement in the recent history of our town.
Socially the removal of yourself and your family will leave a vacancy which will not soon or easily be filled.
In conclusion we again desire to express regret for your departure, but also the hope that in the Great Western land your efforts and enterprise may bring you that measure of success which they have earned here.

Signed in behalf of the citizens of Georgetown:—W. W. Jenkins, Daniel P. McKinnon, Russel MacLean, P. J. Solomon, P. N. Manuel, E. B. McLaren, C. M. Fitzgerald, Daniel Skinner, T. E. Morrissey, D. A. Stewart, T. W. MacDonald, Elmer Jenkins, Jas. D. Stewart.
At the same time the choir and Trustees of St. James R. C. Church waited on Mr. McPhee's daughter, Miss Agnes, and each presented her with a purse of gold in recognition of her services as organist in their Church.
Miss Agnes McPhee—We the trustees of St. James Church, Georgetown, regret that it is your intention to accompany your parents to Saskatchewan, and that we may no longer have your valued assistance as organist in the Church.
On behalf of the congregation we beg leave to present you with the accompanying gift as a small token of esteem and appreciation of your faithful and gratuitous services.
You labored for the great glory of God and we pray that He will reward you with happiness in this world as He will in the world to come.
Signed on behalf of the trustees, Arch'd J. McDonald, H. Allister McDonald.

Dear Miss McPhee:—We the members of St. James' Church choir, learning with regret that this is probably the last occasion upon which you will preside at the organ in our Church, beg you to accept the accompanying gift as a slight token of esteem and appreciation of the unfailing kindness and assistance which you have always given us.
We all unite in best wishes for your success and happiness in your future home. Signed:—T. W. MacDonald, Frank MacPhee, John Boldreault, John C. Yoston, Frank J. Solomon, Joseph A. MacPhee, James Hession.
