THE SUMMERSIDE GUARDIAN

and PRINCE COUNTY CHRONICLE

The Western Guardian

—This column is reserved for news of local interest but advertising of a newsy nature may be inserted at 2 cents a word strictly payable in advance.

—BEST VALUES on Coal—Range—Furnace at $6.50 and up. J. W. Warren Co., Kensington. L-3261-11-27-28-30.

—GIVE HER A WEEK-END CASE fitted for $10.00 to $15.00. Taylor Drug Co., Kensinbton.

—SPRATT'S fur combs 75c to $1.50 each, at Brace's. L-3276-11-27-2i.

—MODERN CLYINDER lock sets, hinges and all builders' hardware in stock at Brace's. L-3276-11-27-2i.

—CONGRATULATIONS are being extended to Mr. and Mrs. Basil Taylor, Freetown (nee Vera Leard) on the arrival of a bouncing baby boy on Nov. 12th (Charles Horace Wendall).

—ON HOLIDAY—Miss Florence Lavers, Superintendent of the Prince County left on Monday for a week's vacation to her home in Georgetown. Miss Clark, assistant superintendent, is in charge during her absence.—S.

—VISITED RED CROSS BRANCHES—Very encouraging reports were received by Miss Catherine MacLean, Director of Junior Red Cross Societies, on her visit to the Junior Red Cross branches in Bedeque and vicinity. The membership has increased and much interest is being taken in the work.—S

—SLOT MACHINES SEIZED—The R.C.M.P. seized four slot machines in Summerside recently. The seizures were made under the order of the Attorney General. It is alleged the duty had not been paid on the machines and owners were liable under the Customs Act.—S.

—ARRIVED IN ENGLAND—Mr. Maxwell Linkletter, son of Mr. and Mrs. T. M. Linkletter of Summerside, had a pleasant trip to England, where he is visiting his friend, Mr. Thomas Holding, a former college chum from the University of Saskatchewan, where Mr. Linkletter and Mr. Holding graduated in engineering. Mr. Linkletter reports that business is very flourishing in the Old Country.—S.

—MARRIED IN THE WEST—Word has been received of the marriage at Delisle, Saskatchewan, on November 2nd of Mr. Bradford Linkletter, son of Mr. and Mrs. T. M. Linkletter, Summerside, to Miss Lydia Ruth Winger, daughter of Mr. and Mrs. Adraham Winger of Delisle. Mr. and Mrs. Linkletter will reside in Delisle where Mr. Linkletter is a prosperous farmer. Summerside friends extend congratulations.—S.

—SEA VIEW JUNIOR RED CROSS—The Junior Red Cross members from Sea View and Darnley schools co-operated in presenting a Red Cross program in Sea View Hall on Monday evening. They were assisted by Miss MacLean of the Red Cross, who showed the movies of Crippled Children's work as carried on by the Junior Red Cross in this province. Mr. Herbert Donald acted as chairman for the evening and there was a good attendance of parents and friends.—S

—STOPS RUNAWAY CAR—Mr. Leith Smith averted what might have been a serious accident as he was on his way home from his duties as manager of the C. N. R. Telegraph Station the other evening. Walking up Granville Street he noticed a parked car suddenly start. Seeing there was no driver at the wheel he jumped on the running board and brought the car to a stop. As Granville runs into Water Street the consequences might have been serious, had the car not been stopped. It was owned by a man from Borden.—S.

—BIRTHDAY PARTY — Mrs. Minnie Murray was the guest of honor at a Bridge at the home of Mrs. C. C. Dickie last week. Four tables were in play and prizes were won as follows: Mrs. Murray as guest of honour received the first prize and the second went to Mrs. R. L. Mollison. After the luncheon Miss Lillian Dickie brought in a lovely birthday cake in honour of Mrs. Murray's birthday. The lady was also the recipient of a lovely bouquet of chrysanthemums. Mrs. Douglas Gorden played while the guests sang "For She's a Jolly Good Fellow." Mrs. Murray is visiting Mrs. Josephus Smallman and is a resident of Boston.—S.

—TO ARRANGE SCHEDULE FOR HOCKEY SEASON—The Summerside boys are getting hockey minded and following the lead of the juniors, who have four strong teams in the High School League, the Commercial League have had a preliminary meeting and thrashed out some weighty problems. A suggestion that Holman's and Sinclairs be allowed to join the league was not met with favour by the majority of players. The lawyers have a strong line up this season and the C.N.R. are determined to hold the cup won by them last year. The Barbers and Post Office, old rivals of the League, will put some new blood into their line-ups. On Friday it is expected that the schedule will be drawn up and other plans made. The MacLean League are holding a meeting this week when arrangements will be made for this year's hockey.—S

—VISITORS TO SUMMERSIDE—Clark and Elmer Sinnott of Emerald were weekend visitors to Summerside.—S.

—CIVIL SERVICE — Special classes. Write Prin. Moran, Union Commercial College. L-3302-11-28-1i

—TO ADDRESS FOX PELT SHOW—Mr. G. Ennis Smith, Superintendent of the Experimental Fox Ranch, Summerside, and his assistant, Mr. John Jack will give a series of lectures at the coming Fox Pelt Show at Fredericton, N. B. on Dec. 12th. The show is something new in the fox industry and is under the direction of the Fredericton Fox Breeders Association.—S.

—SUMMERSIDE PUBLIC LIBRARY—The Library Committee at Summerside is asking the support of the citizens to see to it that Summerside does not lose the grant of the Carnegie Corporation. Unless suitable accommodation can be procured there is grave danger that this may be the case. The Board of Trade are co-operating with the Library Committee in seeking the support of the Town Council so that proper accommodation will be available for the Library.—S.

—FRASER-PROFITT — At the United Church, Red Deer, Alberta, on June 29th, Margaret Jean Fraser was united in marriage to Mr. Harry Spurgeon Profitt, the Rev. D. Whyte officiating. After a short trip in the mountains, Mr. and Mrs. Profitt are residing in Elnora, Alberta, where Mr. Profitt is manager of the Elnora Fur and Cattle Farm. Mrs. Profitt was formerly of Calgary and Mr. Profitt is a son of Mr. and Mrs. George Profitt of Kensington. B.

—SUPPLY FOR PRINCETOWN CHURCH—Rev. George Murray, M.C., with his eight year old son, arrived in Malpeque on Friday, the 15th inst., to take up his duties as pastor of the United Church, following Rev. M. A. MacMillan, who has removed to Westville, N. S. Mrs. Murray with their other three children arrived on Friday, the 22nd inst. Rev. Mr. Murray is a veteran of the Great War who enlisted during his college days and was promoted to a captaincy with the 85th N. S. Highlanders. He was later decorated by the King. At the conclusion of the war Mr. Murray resumed his interrupted college course and graduated from Dalhousie and Pine Hill, and has since been serving the interests of the United Church in Trinidad, returning home on furlough last May. It has not been definitely decided when he will return to his duties in Trinidad but in the meantime the people of Princetown are very fortunate in that he will supply for the congregation of the Unit. Church there until July next. B.

—PRETTY WEDDING — A very pretty wedding took place at the home of the bride on Wednesday last when Miss Jean Marie Campbell, daughter of Mr. and Mrs. David Campbell of Montrose, became the bride of J. Frank Bryan, son of Mr. H. Bryan of Cascumpec. Rev. Mr. MacLeod performed the ceremony in the presence of a large number of relatives and friends of the contracting parties. Lovely autumn flowers and foliage made a charming setting for the ceremony. The bride, given away by her father, wore a lovely gown of transparent white velvet with a bridal veil caught up with a coronet of rhinestones. Her bouquet was American Beauty roses. Her bridesmaid, Mrs. Carl Crockett of Summerside was dressed in wine colored velvet and carried a mixed bouquet. The groom was supported by Mr. Robert MacInnis of Elmsdale. Mrs. Allen Clark, aunt of the bride, played the Wedding March. During the signing of the register Mrs. (Rev.) MacLeod sang very sweetly "The Voice That Breathed O'er Eden." Among the out of town guests were Mr. and Mrs. Carl Crockett and son Parker, Mrs. H. R. Crockett and Mr. and Mrs. Erskine Haywood of Summerside. After the ceremony a sumptuous supper was served to the guests an dthe remainder of the evening spent in music. The usual charivariers called to congratulate the happy couple and were given a dainty lunch. Mr. and Mrs. Bryan will reside in Cascumpec, where a host of friends wish them every happiness. The bride was the recipient of many lovely gifts.—S.

PERSONALS

—Mr. Jack Thompson of O'Leary has entered the Prince County Hospital for treatment.—S.

—Friends will regret to learn that Mrs. Leo Kinch has entered the Prince County Hsopital for treatment.—S.

—Mrs. Clarence Mahar of Emerald underwent a serious operation in the Prince County Hospital on Tuesday and is resting as well as can be expected.—S.

—Miss Mamie MacKay of Grahams Road was the welcome guest of Mr. and Mrs. A. S. MacKay of Summerside.—S.

—Mr. Clifford Perry of Tignish is a patient in the Prince County Hospital.—S.

—Miss Hattie Kehoe of Summerside has entered the Prince County Hospital for treatment.—S.

—Friends will regret to learn of the serious illness of Mr. Archibald Linkletter of Linkletter,—S.

—Mrs. Trueman Bell of Bedeque and Mrs. Clay of Victoria were weekend visitors to Summerside

Preliminary Hearing Into Manslaughter Charge Against Ralph G. Muttart

The preliminary hearing into the charge of manslaughter preferred against Ralph G. Muttart in connection with the automobile accident on Nov. 15th in which Walter R. Clark lost his life, was opened yesterday morning at Summerside before Mr. Walter E. Darby, Magistrate for Prince County.

Mr. L. G. Lewis prosecuted for the Crown and Mr. K. M. Martin, K. C., and Mr. Heath Strong, K. C., appeared for the accused.

First Witness

The first witness called was Bruce Clark, fourteen year old brother of the victim of the accident. He testified that on Sunday afternoon he went with his brother to see their sister Mrs. Alfred Schurman at New Annan. They left their sisters house between 4 and 5 o'clock. His brother was driving. He got out at Albert Moass house where he worked. He went back to say goodbye to his brother. He looked Summerside way but there was no car in sight and could see Walter about five chains on opposite hill. He could see an automobile quite plainly 25 or 30 chains from me. I crossed the road and went into the house, which is about ten yards from the road. When I went in I happened to look at the clock and it was 5.15. I then did up the work at the barn. Someone heard there was an accident and I went down to where the accident happened. In answer to question, witness said the place where the accident happened was about 20 chains. I went alone. I found Walter lying on the road. He was dead. The horse was dead. You positively identified the body as Walter your brother, yes. The car I saw approaching had no lights it was daylight. The car was further east from the brook. When I saw Walter last he was about ten chains from brook. The brook was west of the accident. Cross examined witness said, it was between those two hills that accident occurred.

Mr. Walsh Testifies

Mr. Harold Walsh, gave evidence that he was coming west from Kensington about 5 o'clock. When I got round bend could see the wagon quite plainly in the hollow, coming from Summerside. I dimmed my lights for the man in the wagon, I had a very clear vision of the wagon. Saw the horse distinctly. I was about 30 feet past the horse when the other car passed me. I heard the crash when about 2 or 3 lengths past. I experienced no difficulty as to lights. Had a clear vision of everything. Mr. Walsh also gave evidence to finding the man lying in the road dead. Muttart had just got out of his car and we went over to the body together. Was not paying any attention to speed of Muttart's car. Right after that Dr. Tanton arrived. Questioned did Muttart give any explanation of accident, no, he just said, he did not see the wagon. Cross examined, witness said he was about 15 to 20 yards away when first saw wagon. The car was a similar distance away from wagon. It was dark in the hollow. Could see horse plainer when lights were dimmed. In answer to question, by Mr. Martin, as to what period of light is most difficult to drive, Mr. Walsh said, at dusk. Often had difficulty in seeing objects on road.

Question: Is it not a fact when you think you have a clear vision, something crops up?

Yes.

Question: When a wagon is going away from you more difficult to see?

Yes.

Muttart had no sign of intoxication. Witness also stated in answer to question that approaching car dimmed his lights immediately in response to his. He also gave evidence as to width of road and that the shoulder was unfit for travel. On the black road it was much harder to see objects, than on a dirt road, Mr. Martin.

On this occasion your speed should be lessened to drive more carefully?

Witness, yes.

Noticed Horse and Wagon

Mrs. Walsh was the next witness called and stated that she certainly noticed the horse and wagon quite plainly. I noticed a person in the wagon. Noticed the car first when bright lights were on and also with dimmers. Saw another car approaching from Summerside. Witness said she thought it was about the same distance from wagon as we were. Don't know just what happened but heard a crash. Mrs. Walsh also stated, she went to the nearest house to telephone but no one was at home.

Mr. Martin: Was there sufficient room for a man to stand between car and horse?

Witness: No, horse was pretty well under and all tangled up. Did not notice if wreckage of wagon was under car.

Travelling Fast

Mrs. Robert Moase, New Annan, gave evidence that she lived on the public road between Kensington and Summerside. The brook is upwards of half a mile from east of our house. Witness remembered the night of the accident, was not at the accident, about 5.15 witness said, she was in the yard and saw a coupe car driving at a terrible speed. Little after 5 o'clock not quite sure. It went just like a flash, as it went past, making a sizzling noise.

Questioned, would you say it was travelling at high rate of speed?

Yes it was.

I knew Walter Clark he and his brother passed a few minutes before the car. The slope is higher on the Kensington side, the car had no lights on.

At The Scene

Ralph Moase testified that he was at the scene of the accident shortly after it happened. Preston Kennedy asked him to go down. The horse and wagon was on the car. Witness said he saw car pass our place a little after five. It had no lights on. It was travelling at a high rate of speed. That is how I came to notice it, I saw it quite plainly. It was a grey coupe, 15 or 20 minutes after I heard of the accident. I removed what was left of the wagon. There was no wagon left, it was all smashed up. Would not know it was a wagon. Horse was all busted up and hind legs broken. The horse was right under front of car. Witness identified the body and it was later taken to his home by Mr. Keith Compton undertaker. Cross examined by Mr. Martin witness said his house was 100 yards from the road. Witness was going to the barn to do up the chores. Questioned as to exact time, witness stated it was 15 minutes past five o'clock, it was getting dusk. In answer to the rate of speed car was travelling, witness stated, fastest car I have seen going past here this year or at anytime. I watched it down to MacMillan's gate. Saw no crash. Heard no crash.

Mr. Martin: You have no reason to assume it was this car except for the colour?

Witness: None.

Mr. Martin: There has been evidence in this court that the car Muttart was driving had light, so it was not the same car you saw?

Witness: Could not have been if he had his lights on.

Dr. Tanton Testifies

Dr. Tanton gave evidence of finding the man dead and of the damage to the car. A'so that from his examination the man had a fractured skull. In answer to a question put by Mr. Martin as to the action of the eye confronting a strong light, the Doctor gave evidence that it contracts. The vision is impaired when by the sudden removal of bright lights. Witness stated he had certainly noticed his visioned impaired on approaching cars. He also had suddenly found objects 20 yards ahead when thought vision was clear a hundred yards ahead. In witness' opinion, the horse was carried on the car. He took particular notice that there was no sign of intoxication about Muttart.

Took Charge Of Body

Keith Compton testified that he was called to the scene of the accident to take charge of the body. He did not examine body particularly. Saw no marks except large cuts at back of skull. Could feel skull loose.

Daniel MacMillan, New Annan, gave evidence that he lived south of the brook. He did not see accident but heard the crash. It was five or six chains away. I saw a car going by very fast a second before the crash. Did not take note if car had lights. I did know there was a man killed. Thought it was a crash between two cars. It was about 5:15. Did not know of accident until next morning. It was dusk, could see car fairly plain. I did not have clear vision of accident as bushes obscured the view. I thought that the car had gone into the ditch. Saw a car coming from east. It stopped and backed up. Did not take notice if it had lights.

Identified Victim

Mr. David Clark gave evidence that he last saw his son alive between one and two o'clock on Sunday the 17th. He next saw him in his coffin in Alden Moase's yard between seven and eight o'clock. When he saw him last he was in perfect health. He was a little over 26 years of age. Alden Moase testified that he was called to the accident shortly after it happened. It was pretty near dark. The body was there and I identified it as Walter Clark. The horse was in front of the bumper. I shot the horse. It was badly mutilated. Hind legs were broken right off. It was badly mangled up. It was in front of bumper as if pushed there. What was left of the wagon was on the radiator. Court then took recess.

AFTERNOON SESSION

When the court opened again in the afternoon Keith Lord of Cape Traverse was called and testified to arriving on the scene of accident and going for Dr. McBride. He afterwards took Muttart to his home at Summerside. Cross examined, witness said he did not think the horse had been pushed by the position it was in. It was considerably darker when I returned with the doctor.

Examined Remains

Dr. W. B. Howatt, Coroner, sworn, stated that he had examined the remains of Walter Clark and the examination revealed a depressed fracture at back of skull. Could feel it quite well. There was evidence of fracture in other parts of skull. Several other fractures radiating from main fracture. Did not examine body very closely. Examined for break in ribs but did not find any. Fractured skull was the cause of death.

Jewel Herring, Borden, also gave evidence as coming up on the scene of the accident when returning from Charlottetown. Corporal K. W. H. Engel gave evidence of being called to the scene and of the position of the car, horse and wagon as he found them. His evidence was much the same as that given at the inquest.

Considerable time was taken up with argument between counsel as to the admissibility of photographs of the scene of the accident as evidence and also of tests made with cars similar to that driven by the accused. Corporal Engel gave evidence that with a car identical as the one driven by Muttart but with the right hand rear brake not catching, that when driven at 35 miles an hour the car went 49 feet before it stopped, driven at 50 miles an hour it stopped in 96 feet, and at 65 miles it stopped in 248 feet.

Maurice Bowen, mechanic, also tested car and stated that the first time they took out a car similar to that of Muttart's, but they found that only one brake was dragging, that of left rear brake. The test as to this car had been given. They went out today with another car and the tests were as follows: At 35 M.P.H. car stopped in 47 feet at 40 M.P.H. 67 feet and 50 M.P.H. 139 feet. It was a similar car to Muttart's. This, Corporal Engels' evidence, was objected to on the grounds that the experiments were not made under the same conditions as those on the night of the accident in question. Mr. Bowen had gone out today when it was fine and bright and was told exactly the place that he must apply his brakes and there was none of the excitement that would have occurred on the night in question, nor was he meeting the headlights of another car. The question of the admissibility of this evidence was raised by Mr. Heath Strong and supported by Mr. Martin and after argument, the Magistrate decided he would hear further arguments in the matter on this point and if he decided the evidence was inadmissible it would be struck out. It being about five o'clock, the case was adjourned until next Wednesday at 10:30 when the defence will be heard.

HOLMAN'S SUMMERSIDE

The Leader for 25 Years

Elizabeth May Speed Message

(By The Canadian Press)

LONDON, Nov. 27 — When King broadcasts his Christmas afternoon message it is whispered at Broadcasting House Princess Elizabeth may add a few words to the children. If she does, it will be the first time that listeners will have heard her voice.

The importance of family life is always stressed in these annual broadcasts by the King. This point, it is thought makes Christmas a particularly opportune moment for the royal grand-daughter to broadcast for the first time.

VERNON WOMEN'S INSTITUTE

The annual meeting of the Vernon Women's Institute was held at the home of Mrs. Lawson Jenkins on Tuesday, Nov. 9, 1935, with 9 members and 3 visitors present. Meeting opened by singing the Institute Ode followed by the Creed. Roll call was answered by paying fees. Fees amounted to $2.50. The minutes of the last annual meeting and last regular meeting were read and adopted. It was decided that a donation would be made by the Institute at the closing of the school year to the pupils making the highest marks in certain subjects. It was moved by Mrs. David Fraser and seconded by Mrs. W. Furness that Mrs. Lawson Jenkins and Mrs. Arthur Sullivan interview the teachers about the donation. Mrs. Lawson Jenkins and Mrs. W. Furness thanked the Institute for fruit. It was moved by Miss Ruth Fraser and seconded by Mrs. A. Sullivan that only members and their families receive fruit when sick amounting to 25c and if they are in the hospital they should receive a plant. A vote of thanks was tendered the retiring President, Mrs. Lawson Jenkins and the retiring secretary, Mrs. W. Furness. Nomination for officers resulted as follows: President, Mrs. David Fraser; Vice-President, Mrs. Joseph Sullivan; Secretary-Treasurer, Mrs. Arthur Sullivan; Directors, Mrs. M. Furness, Mrs. J. Huntley Mrs. A. Sullivan; Auditors, Miss Ruth Fraser, Mrs. J. Huntley; School Committee, Miss Mary Henry, Mrs. A. Sullivan; Sick Committee, Mrs. M. Furness.

The December meeting is to be held at the home of Mrs. A. Sullivan. Roll call is to be answered by a Christmas recipe. Mrs. M. Furness and Mrs. A. Sullivan are on program committee.

It was moved by Mrs. M. Furness and seconded by Mrs. A. Sullivan that the meeting adjourn.

A delicious lunch was then served by the hostess.

PITY THE DEB!

ATLANTIC, Nov. 26—Mother plans the party, dad pays the bill, and the Atlanta deb complains of "debutante's feet."

"It must be something like housemaid's knee," said Frances Austin.

"We get debutante's feet from standing in receiving lines for hours. Nothing can be done about it. We simply have to 'stand' it."

Often the weariness goes to the head as well as the feet, after a couple of hours in exchanging small talk.

"We get so groggy we hardly know what we are saying," said Marjorie Carmichael. "Once when some one mentioned the death of a grandmother I said, 'oh, isn't that lovely.' However, the person to whom I said it never knew the difference."

They want it understood that they do not "come out" with a definite object of "getting a man." That idea, they said, is out of date.

Woman Explorer Returns After 1,200 Mile Trek

VANCOUVER, B. C., Nov. 27—Mrs. J. Norman Henry and her 20-year-old daughter, Josephine, arrived here from Prince Rupert, B.C., recently, en route home to Philadelphia after compleating a 1,200-mile trek through Northern British Columbia wilds. Mrs. Henry, her daughter, and six men made the hazardous journey from Fort St. John through the rugged wilderness between the Peace and Liard rivers to the coast which Charles Bedeaux and his party of 140 horses and five tractor s attempted last summer only to be turned back by unfavorable weather conditions. The party left Fort St. John, July 10 with 29 horses and struck out along the Peace and Laurier rivers. They forded a number of smaller streams and rafted the larger ones, reaching McDame Creek on September 22. Of the total distance travelled, 200 miles were on foot, Mrs. Henry said.

HATCHERY RECORDS

PROVIDE POULTRYMEN WITH PERMANENT AND ACCURATE DETAILS.

It is generally recognized that the improvement in quality of chicks produced by the larger hatcheries is the most rapid and effective means of improving the farm flocks, and it is also well-known among poultrymen that the hatchery regulations in Canada under the Live Stock and Live Stock Products Act are the results of co-operative work between the Dominion and Provincial Departments of Agriculture on the one hand and the poultry industry on the other. In administering these regulations the Poultry Services Division of the Dominion Department of Agriculture has issued information as to the best method of keeping the standardized records for use by hatcherymen under the Hatchery Approved Policy.

These records consist of four forms, Nos. 1, 2, 3, and 4, which have been designed to help the approved hatcheryman keep his records efficiently with the minimum amount of labour and time. The first three forms are ledger sheets which will be kept at the hatchery by the hatcheryman, and which are to be checked and initialed by the hatchery inspector periodically. The fourth form (No. 4) is a report which the hatcheryman must fill out and mail to the hatchery inspector immediately after taking off each hatch.

These forms not only require a minimum of labour and time in making the necessary entries, but they provide the hatcheryman with a permanent and very detailed and accurate record of his business transactions, including such information as purchases of eggs from individual flock owners; percentage of chicks hatched, sales of day old chicks, price paid for eggs, price obtained for chicks, surplus chicks and their disposal, and a number of other detail's which it is essential a hatcheryman should have readily available if he is to conduct his business with the maximum of efficiency over a period of years.

DAMAGE BY WINTER MOTHS

Under the impression that moths commit their depredations in the spring and summer months only, many people display little care in putting away their summer clothes for the winter. As matter of fact, moths may be found in heated modern buildings all the year round. Prevention is better than cure; therefore it is necessary to use the same care in packing up summer clothing in the fall as is bestowed on winter clothes in the spring. Moths themselves do no harm, except that they lay eggs, and when the eggs hatch into larvae, or caterpillars, feeding, otherwise damage, commences at once. As the young larvae are very sensitive to light they seek out protected situations in the folds of furs or woollen garments, or in the interior of upholstered furniture. Summer garments before being laid by for the winter should be thoroughly brushed, beaten, and shaken, preferably in strong sunlight. If there are no air-tight trunks or chests handy, the clothing should be placed in cotton or paper bags, or in cardboard boxes sealed with strips of paper. As an alternative, the clothing should be wrapped in two thicknesses of strong wrapping paper, taking care that the edges are turned so that the moths cannot gain entrance. The control of moths which infest clothes is fully discussed in a circular prepared by the Entomological Branch of the Dominion Department of Agriculture.

HUGHES CASE BEFORE JURY

In the Supreme Court yesterday, the case of the King vs. John Hughes and William Hughes charged with breaking and entering and theft was commenced.

The jury were Ernest MacNevin, (foreman), Harold Stewart, John MacPherson, Harry Jones, James Bryenton, Walter Bartlett, Russell Thompson, Gaddeus Gallant, Henry Jamieson, Angus H. MacLellan, William Trainor and John J. Harris.

Witnesses examined were Robert Humphrey and his hired man who both testified to missing a fox from the ranch on July 18th. Carl Delaney gave evidence of seeing a fox in Daniel Gallant's store on the morning of July 18th with a piece taken out of his left ear. Bill Hughes was present and John Hughes took fox out of suitcase Maynard Perry testified that he was at Daniel Gallant's store on July 18, between 8 and 9 o'clock when prisoner came in. They had a suitcase with them. Saw Hughes take fox out and put it in a box. Saw Gallant pay him twenty dollars for fox Emile Arsenault gave evidence of receiving the suitcase and later returning it.

Heath Waite testified that he was returning to Kensington about 2 o'clock on the morning of the 18th and passed prisoner's on the road. They were walking on the side of the road toward Kensington about 1.30 on the morning of the 18th and saw two men one he recognized as Wm. Hughes, they were stopped on the side of the road near Haggerty Corner. The road branching to Clermont.

Hon. Thane A. Campbell, K. C., Attorney General conducted the case for the Crown and Mr. MacNaught, Kensington, Mr. T. L. Compton and Mr. C. D. MacCallum cross examined for the defence. The case continues this morning when the court opens at 10.30 p.m. —S

WOMEN WILL WEAR THE PANTS THIS YEAR

NEW YORK, Nov. 26—Harem dresses with trousers are going south this season to beach resorts. A preview of the annual Miami-Biltmore fashion show disclosed the harem dress as one of the leading introductions.

There were wool evening dresses with trousers instead of skirts. Sports clothes had print designs ranging from a complete alphabet to a newspaper front page.

New bathing suits, the showing disclosed, are all one-piece.
