STOCK QUOTATIONS

FINANCIAL NEWS BRIEFS

NEW YORK, Oct. 23 - As we had suggested market leaders run into such selling every time they put their heads up, losses most prominent in the case of high priced industrials, Allied Chemical, Westinghouse, and American Can for instance showed real weakness.

When stocks of this calibre are on the down grade and wealthy interests are not caring to buy anything except it be over toward the bargain side of the stock exchange, they are apt to break very badly when selling occurs. Steels were quite weak and prospect of a further lowering of the steel production rate next week is of more moment marketwise than the fairly favorable quarter reports already published or to come.

Bulls say that steel issues have discounted the considerable showing up in the trade and talk of revived buying later in the year or in the first quarter of next year at any rate. But when psychology is mostly bearish traders are by no means inclined to look that far ahead, especially when one may consider that business in general may not be so good next year as it is now. We continue very bearish on the steel group and especially U. S. Steel and Bethlehem. Their action following the brief run up after Tuesday's selling slaughter was quite expansive but their action the past day or two has been definitely poor as we see it.

MONTREAL, Oct. 23 - McKenzie Red Lake - Third quarter output higher at \$223,952 as against \$199,268 in previous quarter and \$174,229 in like 1936 quarter. Production for 9 months \$649,262 against \$700,820 for the full year. 1936 and recovery up at \$15.02 per ton from \$13.36.

Coniarum Mines - Estimated total earnings for Sept. quarter \$64,316 as against \$63,268 in like 1936 quarter.

WOMEN JURORS

NEW YORK, Oct. 24 - Some weeks of mixed juries - recently introduced - found a New York jury groping through a maze of feminine foibles. There was the woman who was excused from serving in a damage suit because she said she thought the plaintiff, who had slipped on a water bug in her bathroom and sued the landlord, must be "a terrible housekeeper."

REMEMBER WHEN

(By The Canadian Press) Ching Johnson, battle-scarred New York Rangers defenceman, still in hockey, said he was quitting the game three years ago today because of a salary slash. Difficulties were ironed out and the 37-year-old Winnipegger went on to help Rangers into the Stanley Cup finals last year. He was offered retirement as coach this season but says he has one more year of play in him yet.

Many Kneel Before Weeping Statuette

(C.P. By Guardian's Special Wire) CORNWALL, Ont., Oct. 21 - Hundreds of visitors afflicted by illness and deformity, flocked today to the home of a 30 year old paralytic woman where a statuette of Christ has been "weeping" since last Friday.

LEONA VILLENEUVE

Leona Villeneuve, suffering from intermittent paralysis, epilepsy and mesial discharges since she underwent an appendicectomy operation 15 years ago, said she believed the statuette was weeping in response to her prayers for recovery. Others said damp weather had caused moisture in her hot bedroom to condense about the head and shoulders of the image, producing droplets having the appearance of tears.

"PLEASURE CRUISE" To Aid Crippled Children

Mining (Canadian Press) TORONTO, Oct. 24 - This means, according to the stylists, that the "page-boy" fashion in hair definitely is out. Instead, they said, all hair will be up at the back of the head, with curls requiring ornaments, even fur to match the fur worn on gowns and wraps, also combs and tuck pins. In a word the new trend is to move the hair upward and backward, rather than backward and downward.

Writing in International Conciliation

Writing in International Conciliation, organ of the Carnegie Endowment for International Peace, Sir George said:

"The nations, after pursuing a policy of increasing interdependence for more than a century, are endeavoring again to become self-contained. The consequences must be inevitable disaster, unless the policy can be changed."

As the economic situation becomes more difficult, the political situation becomes more difficult, and vice versa, he pointed out.

The keynote of the world's policy he said, should be: "How can each nation contribute to the well-being of all nations?"
