## WAR AGAINST THE STANDARD OIL

### The Octopus is Charged With Receiving Rebates in the Form of Non Payment of Storage Charges to Railway Companies--Indictment Has 19 Counts.

City, Aug. 9.—An indictment charging the Standard Oil Company with receiving rebates in the form of non-payment of storage charges to certain railway companies, was returned by the grand jury before Judge S. H. Bethen yesterday afternoon.

The bond of the defendant was fixed at \$25,000. This is the case investigated by the grand jury in Cleveland, where it was found that the grand jury had jurisdiction.

Testimony taken there was transferred to Chicago and the documents in evidence were identified by witnesses who testified in Cleveland.

The indictment contains 19 counts, each count constituting a separate charge. The true bills come under the Elkins law which provides a fine of from \$1,000 to \$20,000 for each violation. Under this indictment should the government procure a conviction in the trial of the issues, a

fine of \$380,000 as a maximum under the Elkins law may be assessed.

The indictment alleges that by a system of granting the Standard Oil Company certain concessions the company benefited to the extent of \$8,500,000 during a period of time from August, 1903, to February, 1905.

The indictment, as explained by the government's attorney, means that in 19 instances certain consignments of oil for the Standard Oil Company were stored by the Lake Shore & Michigan Southern Railroad Company and that the railroad company received no payment of five cents per ton a day from the oil company for such storage, but that its competitors were compelled to pay this amount. This is equivalent to granting concession, and it is charged the non-payment of the storage charges being practically a rebate in favor of the oil company.

### CARTER & CO'S IMPROVED STORE

Addition Adjoining Store Makes a Model Establishment—Well Arranged Departments.

Quite in accord with the general advancement and improvement of the City is the large recently made in the store occupied by the well known and popular firm of Carter & Co., Ltd.

This house, whose rapidly growing business has taxed the capacity of their old premises for some time past, has just added to their establishment the adjoining store, which formerly was occupied by H. A. Ellis, druggist. The store at the present time is one of the largest business establishments on Queen Street, and the floor space at disposal enables Carter & Co. to arrange their stock so that the many departments of their extensive business, may be separately conducted, the goods suitably displayed, and the comfort of customers increased when dealing with the firm.

The new addition which is a bright, airy, and comfortable store will be devoted to school books, school supplies, office books, supplies, stationery, etc.; to papers and magazines, and to general literature. It will allow room for thorough inspection and afford customers a chance to make careful selections, unhampered by interruptions from the transactions of the other departments of the business. This department will be a popular rendezvous for book lovers, and will be a favorite resort for those in need of school and office supplies.

In the main store of the old building will be shown the array of fancy, useful and souvenir china, as well as the extensive assortment of souvenirs of all descriptions, which form an important feature of the firm's trade, especially during the summer months. One must visit this department to know to what an extent the handling of souvenirs of Prince Edward Island has grown, and to obtain an idea of the various novelties, with which is combined some appropriate memento of The Garden of the Gulf. Here there will be provided accommodation for tourists and others to comfortably address and mail any souvenirs they desire to send away. In this department also will be displayed fancy goods, dolls, toys, games and the thousand and one things that make this store the headquarters for toys of all descriptions.

The annex at the rear of the main store will be given up to heavy goods, such as bulky children's carriages, express, coats and similar things, and here also the sporting goods and articles of that nature will be kept. In this annex also will be stocked the large wall paper supplies which enable the firm to cater to all tastes all over the Province.

Up-stairs, the store will be devoted to the business of the wholesale department—which is conducted on a large scale, and keeps a regular staff constantly employed.

The seed business will be continued in the usual department, but the change will result in greater convenience and doubtless more satisfaction between dealer and purchaser.

The time and trouble saved, and the economy of having the store conducted in regular departments, each with its own manager and staff of clerks will make a visit to the new store a pleasure which will be marked by easy selection

of goods, good attention on the part of the clerks and, of course, the splendid values for which Carter & Co. are noted.

It is with pleasure The Guardian announces the new move, and judging by the present popularity of the firm, an increased trade and further prosperity may be confidently predicted.

### WHY GIRLS ARE PALE

They Need the Rich Red Blood Dr. Williams' Pink Pills Actually Make.

Three years ago Miss Ellen Roberts, who holds the position of saleslady in one of the leading stores in Halifax, N. S., was a pale delicate looking young woman, who then lived at home with her parents at Auburton, N. S. She complained of general weakness and loss of appetite. Her blood was thin and watery and she grew thinner day by day until she looked almost a shadow. Her cheeks were sunken, all trace of color had left her face and her friends feared she was going into a decline. "I had no energy," says Miss Roberts, "and suffered so much from the headaches and dizziness and other symptoms of anemia that I felt I did not care whether I lived or died. One day, however, when reading our local paper, I read a testimonial given by a young girl in favor of Dr. Williams' Pink Pills, and as her symptoms were almost identical with my own I determined to try this medicine. Before I had used the second box I began to feel better, and I continued taking the pills until I had used seven or eight boxes, by which time I was fully restored to health. To-day Miss Roberts looks as though she had never been ill at all in her life, and she has no hesitation in saying she owes her present energy and health to Dr. Williams' Pink Pills.

Bad blood is the cause of all common diseases like anemia, headaches, paleness, general weakness, heart palpitation, rheumatism, indigestion, and the special ailments that only womenfolk know. Dr. Williams' Pink Pills cure these common ailments, because they make rich, red, health giving blood, tracing the paralyzed nerves and giving strength to every organ in the body. Do not take any pills without the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. Sold by all medicine dealers or by mail at 20 cents a box or six boxes for \$2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

### A Woman's Wish!

The deepest, most heartfelt wish of all women is happiness. Her Engagement Ring and her Wedding Ring are articles next to her, both for what they are and for what they represent. They should not be lightly chosen, nor bought from stocks where a question of their quality can for a moment exist. The E. W. Taylor Store sells Engagement and Wedding Rings that will be as bright and beautiful a generation hence as they are to-day. No trash finds lodgment in any section of our stock, but above all else we are particular as to the quality of our Rings for women.
