Big Increase In Canadian Manufacturing

A Continued Improved Tone In All Branches Shown By Statistics—Other Evidences of Trend Of Progress.

Elected

GEORGIA'S WOMAN SENATOR

Mrs. Charles E. Cannon, who is the first woman to occupy a seat in the Georgia state senate. She was elected without opposition to the seat held by her husband until his death a few weeks ago.—Copyright by Acme Newspictures.

(Canadian Press)
OTTAWA, Ont., May 3—A continued improved tone in manufacturing, in railway and steamship transportation, in building construction, in retail and wholesale trades and in mining other than coal, is shown by Canadian employment statistics for April. The increases in manufacturing were unusually large for the time of the year, larger in fact than at any year since 1920 during the post-bellum period of expansion. The increase in manufacturing employment in Canada this year has been more rapid than in the United States. From February to March the increase was 1.56 per cent and from March to April the increase was 2.15 per cent. In the United States the increase from February to March was only 0.90 per cent. Comparative figures for the increase from March to April in the United States are not available. Season decreases were shown however in Canadian employment in logging, in railway and highway construction and in coal mining. Other evidences of the trend of Canadian industrial progress, for the month of March over February show that bank deposits, or the aggregate amount of cheques charged against bank accounts in Canadian banks was slightly higher than in February, but after seasonal adjustment was 9.2 per cent lower than the February level.

Distinguished N. S. Lady Dead

(Canadian Press)
GUYSBORO, N. S., May 3—A link with the development of eastern Nova Scotia was broken today with the death of Mrs. Anorah Tory, mother of the Hon. James Cranswick Tory, former Lieutenant Governor of the Province; of Henry Marshall Tory, President of the National Research Council, and of John A. Tory, Toronto business man.

Mrs. Tory was in her ninety-sixth year. Born on Christmas Day, 1835, she was a daughter of hardy Loyalist stock; and reared her children in that tradition. Besides her three sons, she is survived by two daughters, Mrs. William Bruce, of Port Shoreham, N. S., and Mrs. John Henderson, of Franklin, Mass. All except Mrs. Henderson were at her bedside at the time of death.

Death came suddenly to Mrs. Tory. She was active physically almost up to the last day and took a keen interest in the public affairs of the Province and Dominion. Disregarding the passage of years, she interested herself to the last in the large farm on which Hon. J. C. Tory had erected his summer home. Under her management "Belmont" became one of the best known agricultural centres of the Province. Her husband, Robert Kirk Tory, died in his early fifties, leaving to her the task of bringing to maturity the Tory family, which has given several distinguished members to Canadian public life.

Slight Quake

(Associated Press)
MANCHESTER, Eng., May 3—The peaceful country-side of East Lancashire was shocked early today by a sharp earthquake tremor which was felt over a large area. No casualties were reported, but there was some property damage. The incident was an unpleasant surprise to Lancashiremen who are not used to such manifestations of nature.

OLD-WORLD SCENE IN NOVA SCOTIA

This old lady was photographed with her spinning wheel at Grand Narrows, Capt Breton, Nova Scotia. This section of the province still is the scene of many picturesque old-world customs.—C.N.R. Photo.

PREDICTS SHORT WHEAT CROP IN WEST

President of U. F. A. And Leader of Progressive Group States That Any Policy of Pushing Wheat Exports Is Ill Advised.

(Special to the Guardian)
OTTAWA, May 2.—Predicting one of the shortest wheat crops in years this fall, Robert Gardiner, President of the United Farmers of Alberta and leader of the Progressive group in the House of Commons declared in an interview here today that any policy of pushing wheat exports is ill advised. Mr. Gardiner, who is one of the House's best informed men on western conditions, made it clear that he did not advocate any curtailment of exports, but believing as he does that this year's crop will be short, he sees hope of an upward revision of wheat prices and accordingly greater returns for wheat sold later than for wheat sold at the present levels.

Reports of serious drought in some parts of the West, combined with a conviction that there is a general tendency among the farmers to shorten acreage anyway, led Mr. Gardiner to his conclusion that the 1931 crop will be considerably smaller than those of the past several years. In his own riding of Acadia, Alberta said Mr. Gardiner, there had been very little rain since last October. The snowfall too was extraordinary light. Thus the soil is parched and dry, making the prospects gloomy for large yields. Moreover the general information is that this condition is not confined to the one area, but is widespread. On every bushel of wheat sent abroad now, Mr. Gardiner asserts the farmer is losing 40 cents on the cost of production. These low prices he says, are having their inevitable economic effect. The farmers are not planting as much partly through lack of capital due to the poor returns on last year's crop and partly because there is no prospect of a return to good prices for some time. He ventured the opinion that two thirds of many farms would lie in summer fallow this year, only last year's rested third being sown.

Mr. Gardiner claimed that storage charges were not heavy enough to

Quarrels With Husband, Burns Life Savings

(Special to the Guardian)
COLUMBUS, Ohio, May 2.—Mrs. Marybelle Albanese, 46, walked into the police station here today and told officers she had burned \$4,000 in the stove at home and asked protection from her husband who she said, "will kill me if he knows what I did with the money." Mrs. Albanese said she burned the currency, their life's savings after a series of quarrels with her husband. A police cruiser was sent to search for Albanese, while officers awaited verification of the story.

Unrest In India Is Very Widely Exaggerated

(Special to the Guardian)
LONDON, May 2.—Edward Villiers, President of the European Association of India was quoted by the London Express today as saying that British business men in India will ally themselves with the Mohammedan minority and all other minorities, even to the extent of using physical force if anything further is done to discriminate against British traders in India. Villiers is here on a mission which the newspaper said had already merited reception by Premier Ramsay MacDonald, Indian Secretary Wedgwood Benn and the Conservative Leader Rt. Hon. Stanley Baldwin.

Mahatma Gandhi may be a saint he said, but he is also an astute politician and is completely dominated by the wealthy Parsee mill owners of Bombay. They whistle and he dances to their tune, he was quoted as saying. The idea that Gandhi represents India is wholly wrong in his opinion. He merely heads an important political party. The unrest there has been greatly exaggerated he said and is not nearly as widespread as represented.

oblige farmers to sell regardless of their prospects of a slight improvement in price. Nor could he see that the railway balance sheets would be affected by any present tendency against export. The wheat would be hauled out before the end of the year anyway he said.

Interests Of Island Potato Growers Are Protected At Ottawa

Strong Representations Made By Island Members Against Fixing Of Valuation At 6 Cents As Impression Might Get Abroad That Tariff Was Increased to 6 Cents Instead Of 3-4 Cents On 6 Cents Valuation.

(Special to the Guardian)
OTTAWA, Ont., May 3—As the result of representations made by Prince Edward Island and New Brunswick members of the House, the dumping market value of new potatoes coming into Canada has been abolished. By Order-in-Council on April 22 it was decided that the market value of new potatoes should be fixed at six cents per pound on which duty of three quarters cents was imposed. This was with the view of assisting and protecting the market gardeners and truck growers of Ontario, who feel very keenly the competition from the Southern States in the early part of the season and who felt that six cents per pound was not too much to value new potatoes, which cost four cents per pound in Florida.

MISINTERPRETATION

The Hon. John A. MacDonald, who is a member of the Government drew attention to the fact that this dumping valuation might be misinterpreted in the Southern States and affect the export of seed and table stock from Prince Edward Island and New Brunswick. Messrs. Chester S. McLure, and John H. Myers took the matter up and made strong representations against the arbitrary fixing of valuation at six cents as the impression might get abroad that the tariff was increased to six cents per pound instead of three quarters cents on six cent valuation. They contended that with a three quarters cents duty on the market price of new potatoes the Ontario gardeners and truck growers would be sufficiently protected, where the effect of the impression in Virginia that the duty had been arbitrarily increased would cause trouble in marketing Maritime seed potatoes and table stock. The representation bore such weight with the Council that it was decided to cancel the arbitrary valuation, and leave the duty at three quarters cents on the ordinary market value of the new potatoes at the port of importation.

THE COMING IMPERIAL CONFERENCE

British Govt. Will Make Genuine Gesture To Help Dominions, Says Thomas.

(Canadian Press)
LONDON, May 3.—The British Government representatives will go to the Imperial Conference at Ottawa not to make a bargain, but with a desire to co-operate with the Dominions and recognize economic facts and make a genuine gesture to help the Dominions in their difficulties, to which I believe the Dominions will respond," said Rt. Hon. J. H. Thomas, Secretary for the Dominions speaking at Derby. He declared there could be no better contribution to a solution of the unemployment problem than a larger share of inter-Imperial trade. It would be a waste of time to talk about Empire free trade because there was not a Dominion which did not laugh it to scorn, he said. Similarly it would be a waste of time to talk about food-taxes, because the people of this country would not have them. He believed, however, that within the British Commonwealth there were greater possibilities for trade than were realized.

Will Look For Lost Airman

(Canadian Press)
REYKJAVIK, Iceland, May 3.—Captain Albin Ahrensberg, Swedish flyer who will search for Augustine Courtauld, British scientist missing on Greenland's ice cap, arrived in Angmagssalik, Greenland, this afternoon after a flight over the waters of Denmark Strait from Reykjavik.

West Bromwich Real Champions

(Canadian Press)
LONDON, May 3.—The English cup holders, West Bromwich, Albion, made soccer history Saturday when they added to their accomplishment of winning the trophy, that of gaining promotion from the second division of the English league to the first in the same season. The nearest approach to their performance was that of Westham United, who won promotion in 1923, but lost in the cup final in the same year to Bolton Wanderers. Charlton Athletic were appropriate opponents Saturday for the Albion as they had three cup battles against the winners in an early round.

The Weather, Etc.

TORONTO, May 4.—Fresh north west to west winds, fair and cool. High tide this morning at 11.40 and tomorrow morning at 1.07. Sun sets this evening at 7.05 and rises tomorrow morning at 4.48. Last quarter moon Saturday May 9, 8.48 a. m. Summerside tide eighteen minutes later than Charlottetown.

Will Be First To Take Payload Of Letters Over

Col. Fitzmaurice, Intrepid Flyer Will Take Off June 15th. For Europe With 500 Pounds Of Letters And Packages.

(Canadian Press)
NEW YORK, May 3—Col. James C. Fitzmaurice, Irish co-pilot of the airplane Bremen, announced tonight that he would take off June 15 for Europe with the first payload of letters and packages in history. He will leave New York in his new Sikorsky plane and will make stops in Newfoundland and at Dublin and London before reaching the continent.

The companion of Captain Koehl and Baron Von Huenfeld in conquering the Atlantic in April 1928, will be accompanied by A. S. Stanforth, Jr., ex-officer of the navy. On the continent visits will be made to Paris, Madrid, Rome, Amsterdam, Berlin, Vienna, Bucharest, Belgrade and Prague, Col. Fitzmaurice said. He then plans to visit the coast of Africa and fly back by way of South America with probable stops at Pernambuco, Brazil, Buenos Aires, Santos, Rio De Janeiro, Sao Paulo, Bahi, the Barbados Islands and Cuba.

The load will be confined to 500 pounds of mail from a select group of Government officials, foreign Ambassadors, leading industrialists and Chambers of Commerce, the flyer said.

Killed

IN AUTO CRASH

Hugh McKenna of Hamilton, Ont., who was killed in a motor car crash near Freeleton, Ont. His companion, A. W. Johnson was also killed. Mr. McKenna was a prominent member of the legal profession, partner in the law firm of Stephens, McKenna and McCombs, and a native of St. Thomas. He attended the University of Toronto, graduating in 1908, was called to the bar in 1911, then entering the firm of Bruce, Bruce and Counsel. He is survived by his wife, Mrs. George Hambleton, wife of the British correspondent of the Canadian Press, is a sister.

ACQUITTED OF MURDER CHARGE

(Canadian Press)
ST. JOHN'S Nfld., May 3—Mrs Rita Thistle was acquitted yesterday at Cornerbrook of the murder on New Year's eve of her husband at Curling and Reginald Boland, who was first charged with the crime and afterwards released was immediately rearrested on a perjury charge. The jury deliberated for sixty minutes before bringing in a verdict of not guilty in the case of Mrs. Thistle.

John Thistle, a barber of Curling was found dead by the cellar hatchway of his home in December 31, with a bullet wound behind the left ear. A revolver was found by his left side. Boland, according to evidence, was in the house when Thistle returned to his home after working and was charged with the murder on information furnished by Mrs. Thistle. In her first statement she claimed her husband's death was suicide, but later appeared as Crown witness against Boland. He was acquitted and Mrs. Thistle was then charged.

Dies From Heart Attack

(Canadian Press)
TORONTO, Ont., May 3—Angus MacMurchy, K. C., solicitor at Toronto for the Canadian Pacific Railway and a member of the board of governors of Toronto University, died suddenly today on board a Canadian Pacific train enroute from Montreal to Toronto. Mr. MacMurchy, who was returning from a six weeks trip to Great Britain and the continent, succumbed to an attack of heart failure. He was 70 years of age and had been solicitor for the railway for 49 years.

(Association Press)
RIO DE ORO, Spanish North West Africa, May 3—The huge German flying boat DO-X left here at 9 a.m. (G.M.T.) (4 a.m. E.S.T.) today on another stage of its flight to South America. Its next stop will be Ologma, Port-

THE MADEIRA REVOLUTION BROKEN UP

Rebel Leader Surrenders at Funchal—Insurgents Controlled City for Four Weeks.

(Canadian Press)
LISBON, May 3—Funchal today celebrated the end of the Madeira revolution which broke down yesterday with the surrender of the rebel leader, General Souza Diaz with parades and other ceremonies. The Minister of Marine, Magalhaes Correira, who commanded the punitive expedition sent to the Island made a triumphal entrance into Funchal today after the insurgents had controlled the city for four weeks.

Ruth Returns To The Game

(Canadian Press)
NEW YORK, N. Y., May 3—Babe Ruth, out of action since April 22 with an injured leg, returned to the lineup today to help the Yankees beat the Boston Red Sox 8 to 3. The Babe made two singles in three times at bat, scored one run and batted in another. He did not play the complete game and had no chances in the field.

guess Africa on the West Coast, about 950 miles away.
