Your work in this district has been of a wider scope than mere teaching for principally through your efforts, a concert was made whereby a good sum was realized, and with part of which the teacher's desk and cabinet were purchased. These are lasting monuments of your zeal for the decoration of our school and we thank you most heartily for them. In conclusion we beg of you to accept this little gift as a token of our appreciation of the good work you have done since your advent in our school and our best wishes for a long and happy life. The teacher, Miss Doiron in a few appropriate words thanked the ratepayers for their gift and address but expressed herself as not deserving such honors. Speeches were then made by Messrs. Zachariah Bouie and Alexis LeClair in the course of which the speakers referred to the good work done by the present teacher.
