HELP YOURSELF TO HEALTH

W. K. Kellogg

Kiddies love the flavor

KELLOGG'S are ideal for children. Crunchy hearts of golden corn.

Light and easily digested. Never tough-thick or leathery.

Every day more than 10,000,000 people insist on Kellogg's. No others have the wondrous Kellogg flavor and crispness.

Try them tomorrow. With milk, cream or fruit. Serve them for the children's evening meal.

Sold by all grocers. Served at all hotels and restaurants.

Kellogg's CORN FLAKES

Oven-fresh ALWAYS in Kellogg's patented inner-sealed waxtite wrapper.

Imitations cannot bring you such wonder-flavor—such crisp, crunchy flakes. The genuine corn flakes have the signature of the originator on the package.

TRYON BAPTIST PASTORATE—Services, Sunday 18th as follows, Albany at 11 a. m., Tryon at 3 p. m. Westmorland at 7.30 p. m.

MARSHFIELD.—Divine Service will be held by the Presbyterians in the Baptist Church on Sunday, the 18th inst., at 3 p.m., the Rev. W. Bruce Muir will preach. Immediately after service a congregational meeting will be held.

RECTOR-ELECT IS P. E. I. NATIVE.—A meeting of the parishioners of St. George's Church, New Glasgow, N.S., was held in the Parish Hall Monday evening, to elect a new pastor. The meeting decided unanimously in favor of the Rev. I. E. Fraser, of French Village, and steps will immediately be taken to have Mr. Fraser transferred to New Glasgow. Mr. Fraser is a native of Prince Edward Island and a graduate of King's College. The congregation have been without the services of a rector since the departure of Rev. C. H. Fletcher, for England, at the first of the year.—Halifax Chronicle.

TRADE BOOMING.—Mr. H. C. Christie, of the Patterson Candy Co., Toronto, who is a guest at the Hotel Victoria, reports a very successful tour so far of the Maritime Provinces. He says Nova Scotia, though still suffering from the effects of the set-back of the past few years since the close of the war, is more optimistic than it was on his last journey. The Patterson Candy Co. has no cause to complain about the state of trade as it has been receiving its fair share of patronage. A new five-cent bar called "Wildfire" has taken the popular fancy, and the firm is turning them out at the rate of 4,000,000 per month.

ISLANDER BURIED AT HINGHAM MASS.

HINGHAM, April 14—Funeral services for Alexander C. Waugh for 30 years a resident of this town, were held at the home of his daughter, Mrs. Wyman J. Curtis of West Hingham, yesterday.

Mr. Waugh was born at Prince Edward Island 75 years ago. He came to Boston as a boy and lived in Melrose for some time before moving to West Hingham.

The services were conducted by Rev. E. A. Hoyt, pastor of the Universalist Church assisted by Rev. C. E. Southand. The Lotus Male Quartette sang a number of hymns.

Interment was in Fort Hill Cemetery, and the bearers were George Cushing, Reuben Grigg, J. William Haine, Amos Humphrey, William J. Leigh and Walter Whitelock.

He is survived by five children, Mr. Wyman J. Curtis, Mrs. William H. Rule, Harold W. Waugh, of this town, Mrs. Walter S. Price and Mrs. Albert J. Mignauly; three brothers, George and James in Dorchester and Jack of New Jersey and one sister, Mrs. William Henderson.

Minard's Liniment for burns.

Tired, Nervous Mothers

are the direct cause of much unhappiness in our homes; their condition irritates and wears upon the husband and often ruins a child's disposition. This condition of the mother is often due to some weakness which makes her entirely unfit to perform her household duties and bear the strain upon her nerves that governing children involves. Every woman who finds herself inthis condition should rally upon Lydia E. Pinkham's Vegetable Compound and lose no time in giving it a fair trial.

Gleanings From Tryon and Vicinity

Born—To Mr. and Mrs. Victor Howatt on the 9th inst, a daughter.

On Saturday evening the 10th, the adjourned meeting, considering the erection of a sold'ers' monument, met in the Community Hall. The soliciters reported a very kindly reception among the people, with many generous contributions, several telling them,to come back again, if they were short, but it is hoped there will not be the need of calling on any one a second time. It is this splendid spirit of co-operation, which make for good citizenship and makes Tryon such a desirable and excellent place in which to live. Several cuts of monuments were submitted to the meeting and one was chosen. H. A. McPhee was appointed secy-treasurer, and instructed to make the purchase and complete plans for the erection of the memorial at as early a date as possible. The meeting desires to recognize the services of Elmer Gamble, H. A. McPhee and Bowley Leard in collecting the funds. As well as a generous contribution from the local Red Cross Society. The monument will be placed on the Consolidated School grounds, near the flag staff.

Rev. Geo. Somers, goes to Ontario this week, where he will spend a month among relatives. His pulpit will be supplied during his absence.

Wood Bros. are busy dismantling their rink. Had they known of the cold weather that was to prevail they might have run the most of this months to date.

Alex Morrison is seriously ill with hemorrhage of the kidney. Dr. Boyer found it necessary to spend a entire night with him last week.

Ernest Howatt, who has been doing business for two years in J. R. Thompson store, is negotiating for the purchase of the lot next below the Hall. He will also purchase the McQuarrie store at Crapaud and move it to Tryon. He expects to vacate the Thompson store early in May.

The oldest residents say they cannot recall as cold and rough a 12th day of April as we had this year. We are evidently in for a very late spring.

The first Robins appeared here on Sunday. It looks as though they made a serious mistake

MacDonald Boulter formerly of Crapaud now in British Columbia, writes that it has been an exceptionally fine mild winter in B. C. There has been very little snow and only a few days of frost.

As a bit of evidence of the efficiency of our Postal Service a letter to a resident of Tryon from the States, was addressed Japan, P. E. I., Canada, yet it came straight forward and was delivered without delay or hitch to the door by our rural delivery system. Just why our American friends think Japan is in P. E. I., is a mystery.

The radio fever is epidemic here. Every night there are gatherings, "to hear the radio". And nearly every week a new outfit is installed. Bruce Howatt and family got inoculated last week. We hear they are delighted, except with the loss of sleep.

Mrs. Mary Merrithew celebrated her 87th birthday at the home of her daughter, Mrs. J. B. Daggett on the 13 inst. She received several messages of congratulations from friends in New Brunswick, also from neighbours in this vicinity. Mrs. Merrithew is well preserved woman for her years. She is at present busy every day making a knitted quilt and is able to do fine work without the aid of glasses, never having worn them in her life.

Mrs. Sarah McKenzie who spent the winter with her daughter at Saranace Lake returned to her home on Wednesday, the 14th. She says there is no place like home.

The potatoe market gave a great surprise to the farmers on Tuesday. On Saturday and Monday the price went to 3.25 per bushel. Every bushel that could be spared was rushed in On Wednesday morning the haulers were astonished to hear, we cannot offer a price today. You can leave them here, and we will give you best price possible later. There were a lot of disappointed people. There were some who were holding back for $4.00, these are now on the anxious seat. No reason has been given for this unexpected collapse.

INSIDIOUS EYE STRAIN

We use this adjective advisedly.

Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy, may seriously affect the functioning of other organs of the body, and produce ill health.
