Brain Controls Every Muscle.

Injury to Brain or Nerves, Deficiency of Nerve Force, Mean Paralysis and Helplessness.

Dr. Chase's Nerve Food.

Every muscle of the body controlled by the will is connected with the brain, and every muscular action is originated by nervous force, generated in the brain and transmitted along the nerves to the muscles.

When the nerves are injured or diseased, when there is a deficiency in the supply of nervous energy, paralysis, locomotor ataxia or some form of helplessness results because the brain no longer has control of the muscles.

It may be weak heart action, inability to digest food, failure of the lungs to purify the blood or impaired action of any of the vital organs, but the cause of trouble is with the nerves.

The restorative action of Dr. Chase's Nerve Food is soon felt throughout the entire system, because it restores the vigor and vitality of the nerves—fills them with new nerve force, the vital power of the body; weakness, nervousness, irritability, sleeplessness and low spirits disappear and new energy and strength take their place.

Mr. Arthur Lafferty, Malpeque Road, Charlottetown, P. E. I. states:—"I was all run down in health and in fact I was so bad that the least excitement would make me start up nervously. My nerves were very unsteady and at times I had racking, sick headaches and spells of indigestion."

"Since I have been using Dr. Chase's Nerve Food these symptoms have entirely left me and to-day I feel like a different person. My whole nervous system has been regulated, my appetite is greatly improved, and I am enjoying real good health."

Dr. Chase's Nerve Food, 50 cents a box six boxes for \$2.50, at all dealers or Ed-Edmondson's B. & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

COREA WOULD BE NEUTRAL IN WAR

Big Russian Fleet Now On Way to China

But the Respective Naval Fleets are Said to be Equal—Report of Disturbances.

Paris, Jan. 4.—One of the leading diplomats said the departure of the Russian naval division from Bizerta for China "might prove decisive in inducing Japan to take speedy action." It is pointed out that if this additional division succeeds in passing Suez, Russia's naval strength in Chinese waters will thereafter exceed Japan's, their present strength being about equal.

A despatch to the Associated Press from Bizerta, Tunis, says that the Russian naval division on there, or recently in the vicinity of Bizerta, comprised the armored cruiser Dmitri Donskoi, launched in 1883; the armored cruiser Oslayba, launched in 1898; the protected cruiser Aurora, launched in 1901; a dispatch boat destined for Viceroy Alexieff, and eleven torpedo boat destroyers of the latest model, having a speed of twenty-six knots. The personnel of the division consisted of 3,500 officers and men under Admiral Wirenius. The orders to the latter are to conduct the division to the far east, and then proceed by the trans-Siberian railroad to St. Petersburg, where he was to assume the duties of under chief of the naval staff. A number of the ships of this division were still at Bizerta when the despatch was sent, and it was near that port, awaiting the movement of the division as a whole.

The Korean minister today denied the published accounts of disturbances at P'yong in Korea. He said: "I can assure you that order will not be disturbed in my country and consequently the Japanese will never have occasion to intervene there. Admitting that there may be war between Russia and Japan, we wish our vessels should not be violated in the integrity of Korea be violated, and if they are, we are ready to go to other parts, including the United States. But don't believe that will happen."

MAKE PEACE WITH YOUR STOMACH.

You are Certain to Lose if You Attempt the Use of Force and Violence.

You cannot force your stomach to do work that it is unable and unwilling to do. It has been tried time and time again with always the same result. The stomach is a good and faithful servant; but when pushed beyond the limit it rebels. Some stomachs will stand much more abuse than others, but every stomach has its limit; and when that limit is reached it is a very dangerous and unwise proceeding to attempt to force it into doing further work. The sensible and reasonable course is to employ a substitute to carry on the work of digestion and give the stomach an opportunity to recuperate and regain its lost strength.

Stuart's Dyspepsia Tablets are the only perfect substitute to take up and carry on the work of tired, worn-out stomachs. They are natural and easy in their work and cause no disturbance in the digestive organs. They contain all of the essential elements that make up the gastric juice and other digestive fluids and will digest any food that a strong, healthy stomach will, and do it in the same time and in the same way. They work independently of surrounding conditions and the fact that the stomach is weak or diseased does not influence them at all in their useful and effective work. They will digest food just as well in a glass jar or bottle as they will in a stomach. You can see that for yourself by putting one of them into a jar with a square meal and some water to enable it to work.

Stuart's Dyspepsia Tablets, by thus relieving the stomach of its work, enable that organ to rest and recuperate and regain its health and strength. The process is perfectly natural and plain. Nature will heal the stomach just as she heals a wound or a broken limb, if she is not interfered with and is permitted to do her work in her own way. All interference is prevented by Stuart's Dyspepsia Tablets.

Stuart's Dyspepsia Tablets are for sale by druggists everywhere at 50c a box and if you are afflicted with dyspepsia, one box will make you feel fifty times better. You will forget you have a stomach and rejoice in the forgetfulness. No druggist would be so shortsighted as to try to get along without Stuart's Dyspepsia Tablets, for they are so popular and are so well known for the good they have done and the happiness they have caused that they are sold in quantities without them would bring in a couple of cents of the standard. His business would suffer as a result and his patrons would go to other stores and purchase their food there as well as their Stuart's Dyspepsia Tablets.

Dodd's Kidney Pills

BAD KIDNEYS BLAMED

For Numerous Deaths—Quebec Man Gives Fuller Proof Dodd's Kidney Pills is the Cure.

VAL RACINE, Que., Jan. 11th.—(Special) Like an echo from nearly every funeral comes the words "Death was due to Kidney Disease," and for that reason the experience of Emile C. Cloutre, of this city, is of especial interest. It is further stated that Dodd's Kidney Pills cured his Kidney Disease of any and every kind. "I had pains in the back and headache and could not sleep at night," M. Cloutre says, "I got up in the morning more tired than the night before. I took Dodd's Kidney Pills and they cured me completely. Now I can sleep well and work well, and my backache and headache are gone. I have had no trouble since I took Dodd's Kidney Pills."
