## The Hat and Cap Man

See the second line of new American Hats that came in last week.

I thought I had enough in the first shipment to finish out the season, but before I had time to whistle the sizes were broken, and I had to wire repeat orders. Everywhere the "FRANKLIN HAT" is sold retailers are continually having the same complaint. No wonder that competitors are dared to a standstill.

## KIPLING, GUEST OF EARL GREY GIVES INTERVIEW

### Favors Aiding British Unemployed to Settle—Says We Need Men—If We Can't Get Whites We Must Accept Yellow.

Ottawa, Oct. 23.—Rudyard Kipling is the guest of Lord Grey. Yesterday a number of the press correspondents had a talk with Kipling at Government House. He was interested in hearing that the "big four"—Canada, Australia, New Zealand and South Africa—of which he spoke in Toronto, had been brought closer together by means of trade arrangements, steamship service and cable connection. Indeed, but for the attitude of the government of Australia, there would be no trade preferences between all these countries. The fault does not lie at the door of the dominion, since Ottawa has made offer after offer to the commonwealth government but without avail.

Mr. Kipling was glad to hear this and added that Australia would yet respond. "There are times in politics, even at home," said Mr. Kipling, "when all that one can do is to look out of the window." "I support the preference," he added, "because it brings Britishers here to grow wheat—I say wheat merely as illustrating what I mean—men, not money, is really what is wanted."

Mr. Kipling talked freely upon the Asiatic question. "What I said at Vancouver," he went on, "that now was the time for them to decide between white and yellow, I had no idea anyone would constitute my remarks to mean that I favored exclusion. What I meant was that if the white men were not forced in then they would have to put up with the yellow. Someone has to do the work."

## Ever Hear of ROGERS?

Pick up a plated spoon or fork from your dining table and see if the name "Rogers" is not stamped upon it. Now, the Rogers family is large, and while all have not engaged in making plated ware a good many of them have, and so the name of "Rogers" has been the standard quality in plated ware these many years. Inasmuch as there are several firms making plated ware and stamping the name of "Rogers" upon the product it naturally follows that there is a difference in quality.

Come into our store and we will show you some genuine 1847 Rogers Bros. goods and we will talk prices that should please you.
