At the request of Mr. Cole, representing S. C. Johnson & son, of Racine, Wis., Manufacturers of the celebrated Floor Wax and Wood Dyes, which bear the well known brand "Johnson's" a number of painters met at Fennell & Chandler's store last evening to see Mr. Cole demonstrate the uses of these products. It was a revelation to some to see a piece of clean wood dyed and finished inside of half an hour. The varied affects produced by these dyes on different woods was very pleasing. A feature of these dyes and finishes which commended itself to those present, was the rapidity with which they could be used and the lasting effects of the stain. Nothing short of a sharp tool can remove the stain as it penetrates the wood instantly and for all time. When finished with Johnson's Underlac and Wax, a piano finish is the result. Mr. Cole left a number of samples with Fennell & Chandler and any person interested in artistic finishing of new woodwork can procure a sample for the asking.
