During the course of the evening Mr. Frank Clarke announced that a number of badge pins would be sold at every dance, which by the way is to be a weekly affair, the lady selling the most badges to be awarded a \$5.00 gold piece. THE SECRETARY'S REPORT The President, Directors and members, Charlottetown Rotary Club. It is my privilege as your Secretary to submit a report of the club's activities during the past year and to point out the various phases or such activity as might call for special recollection. Numbers do not indicate the value of a club to the community, however, it is gratifying to know that the classifications are practically filled up and our membership has increased by 4 during the year making a total of 59.

Our annual picnic was held as usual and a most pleasant outing enjoyed by those who participated. Ladies night never fails to be an enjoyable occasion and in February, following the usual custom, the "Ames" were given their annual meeting at the Victoria Hotel since the Willingdon room was added, and the improved facilities made it possible to put on what is generally agreed, was an excellent time. Fifty-two meetings were held and it is gratifying to know that twenty of our members were among the speakers. If there is anything in Rotary for the individual member, it is the opportunity to worthily represent his line of business or as we say classification, at the court of Rotary. He represents his whole craft and should be able to speak authoritatively at any time, on his classification. Our members are gradually realizing this and accepting the opportunity of being recognized Rotarians generally, in respect to the craft they represent.

The various committees have functioned splendidly, notably the boys work, as the reports will show. The series of addresses on Agriculture and kindred subjects by our own members and representatives of the Department of Agriculture, brought to light many valuable facts and furnished much information that was reproduced in the press to the advantage of our people generally and the farmers in particular. In this connection we must recall a splendid paper by Miss Windsor, late Supervisor of Women's Institutions, whose untimely death, brought to a close a career which gave every indication of being brilliant in the line of endeavour which Miss Windsor had chosen.

Probably the outstanding club activity was in connection with the visitors who were with us for a day, after the World's Foultry Congress. All who participated must recall with satisfaction the nice people we met and what a pleasure it was to show them around. The high spots in club meetings were reached in the addresses by Major-General MacBrien and Rev. T. E. Cullen. The distinguished soldier spoke to us about Commercial Aviation in Canada and his address was broadcasted to the great satisfaction of an army of listeners in Rev. T. E. Cullen, President of St. Thomas College, St. Paul, Minn. (now of Chicago), and a former resident of this city, delivered a masterful address on "The Spirit of the Age." His vast knowledge, deep thinking and utter sincerity combined with a splendid voice and a captivating manner, made a deep and lasting impression on his hearers. Finally I must tell you what a pleasure it has been to serve as Secretary. My assistant, and will spend the summer with Mrs. Sellars' parents, Mr. and Mrs. Geo. S. MacLeod.

Respectfully submitted, A. BIRTWISTLE Chief of Police

Councillor Holman expressed his pride and pleasure in the Police Force as conducted by Chief of Police Birtwistle. He explained that it was necessary to order certain signs for regulating traffic. When the expenditure exceeded \$25.00 he consulted with the Finance Committee before more was spent.

Stop signs have been placed at certain intersections, and he announced, it was the intention of the disreputable, no matter who they were. Only one incident there was a slight accident at the corner of Elm Avenue and Fitzroy Street on account of the disregard of the signs.

After a further tribute to the efficiency of the Police Force he moved the adoption of the report. Councillor Foster in seconding the report also complimented the police force on the excellent way in which they were performing their duties, and pleaded for the co-operation of citizens with them in the matter of traffic law observance.

He felt that every aid should be extended Councillor Holman, financially and otherwise in supporting the work of the department. He concluded by complimenting Councillor Holman on the work of the committee.
