FOR BALD HEADS

A Treatment that Costs Nothing If It Fails.

We want to try three large bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy, and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will retard baldness, overcome scalp and hair ailments, and if any human agency can accomplish this result, it may also be relied upon to promote a new growth of hair.

Remember we are basting our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50c, and $1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. The MacKinnon Drug. Co.

"A hot water bottle is always a good investment. It will stand years of steady wear and is an absolutely necessary bed fellow these cold nights. TICKETS.—Reserved seat tickets for the games in the Arena tonight are on sale at Hughes' Drug Store.

MINTO LEAVES.—The Minto left Charlottetown yesterday with paper and letter mail, 33 tons of freight, express and passengers and docked at Pictou at 4.05 p. m. She leaves Pictou this morning on return.

GOOD POSITION.—Wilbert McDonald has resigned his position as Detention Officer, Truancy officer, etc., in the Children's Aid Society of Charlottetown. He has obtained a position in the Post Office Department at Ottawa for which city he will leave today.

DESIRABLE POSITION.—A bright trustworthy Charlottetown boy from fifteen to seventeen years of age, with at least a good common school education, can learn of a desirable position with excellent chances for promotion by writing "Business Man, P. O. Box 332, Charlottetown" at once. This is a great opportunity for the right boy.

SPORTING.—The Boston Traveller of Saturday contains a two column "write-up" of the boxing career of Bill McKinnon of Roxbury, Mass., accompanied by a good half tone portrait of the redoubtable "Bill" whose native place is Mount Stewart, P. E. I. The article states that McKinnon is now under the management of Johnny Mack, who hopes to land him among the topnotchers in a short time. He is ready to meet any man in the country at 158 pounds ringside.

PROFITABLE SOCIAL.— A concert and pie social was held in the Cherry Valley hall Tuesday evening and was one of the most enjoyable socials ever held in this hall. The committee who got up the splendid concert here last year had charge of this one also; and they deserve great credit for their success as concert managers. The committee was Harry Tweedy, Roy Mutch and Lewis Hayden. The program was as follows:—Chorus, reading, M. Furness; solo, Marguerite McEachern; duet, Mrs. Truman Jenkins and Lavinia Ross; solo, Mrs. W. J. McEachern; song, Frederick Richards; solo, Lulu Ballem; reading, Miss Lucille Mathieson; solo, M. Furness; dialogue, Delight Jenkins and Fred Robertson; solo, Mabel Richards; recitation, Grace Jenkins, stump speech, E. Willock; violin solo, Frank Drake. Nearly all the pieces were encored, and every piece a treat in itself, especially Mr. Richards' love song, and the splendid solo by his pretty little girl. W. J. McEachern was chairman, and also auctioned off the pies and baskets—and he did both to perfection. The proceeds in aid of the Methodist Church funds, amounted to $45.00.

FISHERIES.—The annual report of the Dominion Department of Trade and Commerce, just issued, shows that the total market value of fish and fish products taken by Canadian fishermen during the last year was $34,667,872. This constitutes a new record for the Canadian fishing industry. Never before has the total value of the fisheries of Canada passed or even reached the $30,000,000 mark. The value for 1911 reached $20,965,433, which, up to that time, was the highest ever recorded. To the total the sea fisheries contributed $30,842,870, and the inland fisheries $3,824,997. These results were produced by 65,926 fishermen, who manned 1,648 vessels and tugs and 36,761 boats; together with 35,206 workers who were employed on shore. Of the boats no fewer than 5,580 used gasoline engines as a means of propulsion, there being 992 added to the motor boat fleet since last year. The value produced from the fisheries of each Province in its respective order shows that British Columbia fisheries were worth over $13,000,000, making it the leading Province of Canada in that respect. P. E. Island stands sixth in the list having netted $1,196,396 from its fisheries, an increase over the previous year of $42,888. Nova Scotia, Saskatchewan, Manitoba and Yukon's figures showed a decrease from the preceding years value of fisheries. In point of value the ten leading fisheries of the Dominion are:—Salmon, with a catch valued at $10,333,070; lobster, $6,790,203; cod, $4,201,760; herring, $2,455,491; halibut, $2,278,824; haddock, $1,316,418; sardines, $1,241,526; whitefish, $935,450; trout, $818,501; smelts, $780,520. The cod fishery is the only one that shows a falling off of any importance; the lobster fishery in each of the Eastern Provinces produced a greater pack than in the preceding year.

INWARD TRAINS.—The western express arrived in Charlottetown yesterday at 11.30 a. m., on time and the Summerside accommodation at 5.30 p. m., fifteen minutes late.

ARENA TONIGHT.—All the Abegweit supporters will be on hand at the games in the Arena tonight and it is expected that a very large number will come from Summerside on the special train this evening.

A CATERPILLAR TOO.—During the recent mild weather a caterpillar of the genus Dinnerorum in-searchibus visited the home of little John Harold Harper, 85 Edward St., Charlottetown, calling around by the back door. After a friendly interchange of ideas as to the extreme mildness of the winter Harold escorted his new acquaintance to the Guardian Office where, according to latest accounts, the l ttle fellow is doing as well as can be expected.

MARINE SLIPWAY.— The Canadian Mail is a publication issued in London, England, devoting its interests to Canadian news concerning emigration, industries, enterprises and finance. In a recent issue the following item appeared:—"The Hon. Robert Rogers, Minister of Public Works, is having surveys and plans made with a view to the construction of a marine slipway at Charlottetown, P. E. I., far the purpose of repairing ships, and, subject to the estimates not proving excessive, tenders will be invited for othe execution of the work. It is hoped by those who are interested in the proposal that plans for the construction of two slipways, each 400 ft. long, will be adopted, as not only would they be a convenience in connection with the repair of the 170 sailing and steam vessels registered at Charlottetown, but would be instrumental in establishing an important industry. At present the nearest marine slips are at Pictoy, Sydney, and Halifax.

GROWING TIMES.— Hon. W. T. White, Minister of Finance, speaking on his new "Bank Act," in the House of Commons at Ottawa the other day brought out some rather encouraging facts in connection with the commercial growth of Canada as indicated by the amount of business done by the Dominion's Banks. During the last twenty years the assets of the Chartered Banks of Canada have increased steadily until now the total is over one billion, five hundred million dollars—about six times what they were in 1891. The amount of current loans and discounts is, curiously enough, about six times what it was in 1891—amounting at the present to about one billion dollars. The Canadian Banks today have no less than 2,800 branch banks in Canada and about eighty outside of Canada. A tabulated list showed that Ontario leads with 1,075 branch banks and P. E. Island has 14. The question of bank failures was also discussed and Mr. MacLean, M. P., Halifax, showed from 1890 to 1907 1,376 State Banks in the United States closed. In Canada, according to D. G. Ross, M. P., West Middlesex, nine banks have failed since 1867, the year of Confederation, twenty-three chartered banks have failed and in all cases but two the note holders were paid in full. These two cases were the Mechanics Bank of Montreal and the Merchants Bank of P. E. Island; the former paid 57½ and the latter 59½ per cent to noteholders.
