Well Hancock. Solo Numbers—Mrs. Jack McLeod, Miss Amanda Cannon, Mr. George A. Bowmes, Mr. Lowell Hancock. Selections by the Summerside Male Quartette—Geo. A. Bowmes, Albert E. Huestis, Wm. E. Forbes, J. Earl Schurman. Accompanists—Miss Helen Peters, Miss Bessie Smallman. God Save the King.

Art and Fancy Work

The art exhibit this year is fully as large as in former years, and the standard of excellence has been well maintained. The judging has been completed in all classes with the exception of the junior exhibits. Miss Ruth Miller is the judge.

There is a larger display of fancy work this year than last, and without exception the articles exhibited are of a very high order. The judges, Mrs. C. H. Beer and Miss Helen Grant, completed a considerable part of their work yesterday.

One of the features of the fair is the splendid display of hooked mats. There are more entries than in former years and the quality has never been surpassed. Mrs. Daniel Fraser, Mrs. Bert Willis and Mrs. J. M. MacFadyen are judges.

Lower Floor

Never before were the classes on the lower floor of the Main Building as well filled as they are this year. In all cases the standard of quality of fruit, vegetables and flowers has been well maintained. Although a considerable amount of judging remains to be done, and judges are not in a position to give opinions of the exhibits as a whole, the casual visitor is impressed with the high quality of the exhibit. The flowers particularly are a most beautiful sight. The increased number of potted plants shown this year is noticeable.

Dairy Products

The quality of butter and cheese exhibited is up to standard, and the entry list was large.

There were twelve entries in the Cheese Class. Following were the winners:

- 1. Cyril Connick, Hunter River, 95.9. 2. H. J. MacCormack, Dundas, 95.8. 3. Edmund V. Smith, Kinkora, 95.3. 4. Jos. MacEachern, East River, 95. 5. J. Austin Murphy, Emerald, 94.8. 6. Wesley Wood, Hillsboro, 94.2. 7. Kenneth MacIntyre, Tyne Valley, 94. 8. W. W. Keefe, Stanley, 93.9. 9. Dick Gamble, Egmont Bay, 93.8. 10. J. Walter Smith, Cowan Brae, 93. 56 pounds solid Creamery Butter: 1. Lloyd Rogerson, Crapaud, 97.2. 2. C. E. Gamble, Tryon, 97.1. 3. John Pippy, Hazelbrook, 96.5. 4. C. M. Johnson, Dunk River, 96.4. 5. Rupert Hubley, Eldon, 95.7. 14 Pounds Creamery Solids: 1. C. E. Gamble, Tryon, 97.3. 2. John Pippy, Hazelbrook, 97.2. 3. C. M. Johnson, Dunk River, 96.8. 4. Lloyd Rogerson, Crapaud, 96.7. 5. G. B. Noy, North Wiltshire, 96. 6. Rupert Hubley, Eldon, 92. Creamery Print Butter: 1. Lloyd Rogerson, 97.4. 2. C. E. Gamble, Tryon, 97.1. 3. C. M. Johnson, Dunk River, 97. 4. John Pippy, Hazelbrook, 96. There are also twenty entries of Dairy butter.

Mr. Aeneas McManus, Dairy Produce grader, Saskatchewan, and Mr. F. T. Morrow, Provincial Dairy grader, are judges.

Queen Square, is located in the balcony almost directly above the main entrance. Most of the work was done in the Manual Training Department under direction of Mr. LeBaron Tait, and reflects much credit on both instructor and pupils. Among the exhibits are stools, book ends, nail boxes, racks, lamp stands flower stands and other articles.

In addition to the usual exhibits there is a model Napoleonic coach, the work of Mr. Charles Batt, a member of the Fisher Body Craftsman's Guild.

Red Cross Society

The booth of the Red Cross Society is in its usual place in the south-west corner. The main exhibit demonstrates the proper selection and combination of foods which is carried out by the showing of two meals, one well balanced, the other poorly balanced, and by showing examples of the various kinds of food. Posters further illustrate the lesson which the booth is attempting to teach.

As usual kiddies are crowding round the booth to be measured and weighed, and to receive instructions as to proper feeding. There are also several attractive portfolios, illustrating Junior Red Cross work in Japan, exhibited in the booth.

T. G. Ives' Booth

Occupying double space in the west side of the building is the booth of T. G. Ives which does great credit to this enterprising firm.

One is immediately impressed with the soft color scheme of green and cream. Across the back of the booth is a large banner "Home Ideal Oil Burners, no kinking, no coal, no ashes, no soot"—one is at once impressed with the thought that comfort at last has come into the kitchen.

You will find one of these burners in operation in the new model cast iron "Frontenac" full enamel range. This is a stove Mr. Ives has had especially built with the name "Frontenac" as a companion for the new and economical Frontenac automobiles that are so popular on the Island. This beautiful stove is shown in three color finishes.

The ranges on exhibition include the old reliable Champion of forty years reputation, the Champion of the Maritimes, This is shown in Chinese green and ivory. Its sister stove, the Glenoe, is shown in grey and white. The famous "Beaverbrook" is also there in two finishes and the range you can take home for \$46.40, makes our old stoves look antique.

The "Langley" the real bright spot in the exhibit, is the largest selling oil burner range in the province, and has dozens of satisfied users in Charlottetown.

The "Special" with its cream and ivory enamel, trimmed with sparkling nickle, is right at the edge of the booth and admired by all passersby.

Beautiful enameled hot air circulators reminds one that the chilly nights are not far distant and now is the time to prepare for it. There is another unique and striking unit that at first appearance looks like a circulator, but on closer examination you find it is an oil turning unit to attach to your present hot water system in your basement.

This is Mr. Ives' own idea, and if you wish to heat your own home at no additional cost over coal, you owe it to yourself to see this new heater.

These stoves and heaters are the product of the Enamel & Heating Products, Ltd., at Sackville, N. B., and is considered by critics as the finest stove exhibit in Eastern Canada. If you want style and durability buy a "Fawcett."

In this same booth you will find the Stewart Warner "All Wave" Radio Line. Listen into London or Paris by a turn of the dial. A new superheterodyne Automobile Radio, with automatic volume control is on exhibition for your inspection. The new "Double Value" fine furniture plus a great radio model will be ready for you in a few days.

For the first time in Prince Edward Island, Mr. Ives is showing the New Scintilla Vertex Magneto for your automobile. "Vertex" in its complete independence of the battery, is unique and absolutely revolutionary and robs motoring of its main discomfort and insecurity. Replace your out-of-date coil ignition set with Scintilla "Vertex." See them on display.

Thos. W. Morris

An exhibit of more than usual interest is the Black Diamond Automatic Furnace Stoker, manufactured in the Maritime Provinces and exhibited by Mr. Thos. W. Morris, who is dealer in Charlottetown and vicinity. Following are some interesting facts regarding

the Black Diamond Stoker. The Black Diamond Stoker since its introduction on the market has definitely established itself as the leading automatic stoker equipment in the Maritime Provinces. Recently it was selected as the best screen-feed type of stoker from some ten lines manufactured or sold in Canada. The Black Diamond Automatic Furnace Stoker is entirely manufactured in the Maritime Provinces, of Maritime materials, by Maritime labour, and is the finest automatic furnace stoker available.

So far this year, its sales are twice as great as all competitive makes combined. Some of the reasons for this success are: It is the most durable and compactly built, particularly adapted to the peculiarities of Maritime fuels. In speaking of fuel, some of the savings effected by users of Black Diamond equipment have been so great that to relate them would seem like telling fairy tales.

The Black Diamond models range in size from the smallest size house. One feels from what we have heard of some of the experiences of Black Diamond Stoker users that no home owner or building owner of Charlottetown should miss the opportunity of having a talk with Mr. Alex S. Farrell, who will be at the exhibition with Mr. Morris for the next two days.

W. C. T. U. Booth

The booth conducted by the Women's Christian Temperance Union is located in the balcony directly above the main entrance. Various aspects of the temperance question are presented. By illustration the lesson in economics is taught, that five bags of flour cost less than one bottle of whiskey. It is also shown that alcohol wrecks trains, automobiles, homes and lives. This latter lesson is taught by means of toys.

A number of children's portfolios show the work of children on the book "Temperance and Life." Several temperance posters attract attention to pleas for temperance. Literature on liquor and cigarettes is also distributed.

A large number of passers-by have signed the pledge. The decorations of the booth are white and mauve. Ladies of the W. C. T. U. are in attendance.

Carnegie Library Demonstration

The booth of the Carnegie Library Demonstration, located at the southern end of the central area has been attracting much attention from those who are interested in books, in education, and in library work in general. Members of the library staff are present to give information on any question regarding the demonstration.

A selection of books to give an idea of the scope of the library is on display. The booth specializes on books of a practical nature. Such subjects as gardening, cooking, agriculture, poultry-raising occupy prominent positions.

A choice selection of children's books is also on display, and not only indicates the type of books for children carried by the library, but also serves as a guide for the purchase of books for children.

One side of the booth is devoted to an exhibit of books on a variety of subjects, history, fiction, biography, art. Outstanding among the volumes is a biography of King Edward VII, and Gavin's Life of Joseph Chamberlain.

Holsteins

That the Holstein classes this year show a definite improvement from the standpoint of both quality and quantity over those of last year was the expressed opinion of live-stock men yesterday at the conclusion of the judging. The Judge himself, Mr. Lorne Logan of Sussex, New Brunswick, expressed himself as being well satisfied with the exhibit.

Those who have seen both shows are of the opinion that the animals of this year were in better condition for showing than last year.

Mr. C. D. Taylor, also of Freetown, were the largest winners. Mr. Lewis took the Female Grand Championship, the Junior Male Championship, first in senior yearling heifer, first in senior bull calf, and first in the aged herd. Mr. Taylor took first in the three year old cow class, first in the senior heifer calf class.

Stanley Colwill, Kingston, member of the Kingston-Hampshire Boys Club won the Junior Female Championship, and another member of the same club, George MacMillan, Cornwall, topped the two year old female class the hardest of the show.

The aged bull class and the two and three year old heifer classes were especially strong. There were sixteen in the two year old section.

TAKES DEFEAT IN GOOD PART

Premier Harrington Appeals For Loyal Support of Successful Opponents.

(Canadian Press)

SYDNEY, N. S., Aug. 22—Premier Gordon S. Harrington declared tonight he was "quite satisfied with the result of today's provincial election." "Already I feel ten years younger," the Conservative Premier said as he scanned final returns indicating the defeat of his Government and the return of the Liberal party headed by Angus L. MacDonald.

"Today's verdict is quite emphatic," Premier Harrington declared. "The people of Nova Scotia wanted a change of Government and they have got it. Changes of Government are often good for a country, and I sincerely hope this one will be. The new Government will have difficulties to face, and I trust the people of this Province will give all the assistance possible to it."

"Personally, I am quite satisfied. I shall resign as soon as Mr. MacDonald can form his Government. Already I feel 10 years younger."

"My thanks must go to my own constituency and the Island of Cape Breton generally, where, notwithstanding the spearhead of the depression, confidence has been extended to me in the very sections most deeply hurt. Also I thank all throughout this Province who have stood by me in these difficult times. I trust all animosities aroused by the election may now be quelled and that all will place the welfare of our Province before other considerations."

Well Known Ecclesiastical Writer, Dead

PHILADELPHIA, Aug. 22—(A.P.)—The Rev. Dr. Herman Joseph Heuser, well known ecclesiastical writer and for more than 50 years a professor at the Seminary of St. Charles Borromeo, died in a hospital today. He was 83.

For 38 years he had been editor of the Ecclesiastical Review, which he founded. He had the unusual distinction of receiving directly from the Pope the degree of Doctor of Divinity in recognition of his erudition and services. He wrote numerous books, mostly on the tasks of priests and biographical studies.

Jerseys

Superior both in quality and quantity was the comment of Mr. Smith Hilton, Nappan, N. S., judge of the Jerseys in comparing this year's classes with those of last year. Finish and fit was much superior. Stead Brothers, Winslow, were the largest winners with Edger Ester & Son, Wiltshire, trailing close. Uniformity of animals in the junior classes especially in heifer classes was noticeable. Most bull classes were rather weak, although four very good bulls were shown. Stead Brothers, won the Female Grand Championship with Jen of Maple Glen, a daughter of that noted bull powers' Lassies Bright Prince, which did so well with J. E. Semple and Son at Truro and Harvey's Jersey Club.

The Grand Championship bull, an importation from Ontario, shown by Mr. George Callbeck, was sired by La Sente's Oxford Sultan, one of the outstanding bulls of Ontario at the present time.

Beef Cattle

The dual purpose Shorthorns, Herefords and Aberdeen Angus were judged by Mr. James Walker, Truro Agricultural College, who declared he had never before seen better exhibits of either Herefords or Aberdeen Angus.

Sanderson and Sons were the outstanding winners in the Herefords. The senior females of this fine herd were exceptionally good.

In the Aberdeen Angus classes Herne Bros, Winslow, were the outstanding winners. In the Shorthorn classes, Cosser's Stock Farm, South Gagetown, N. B., and Seymour Wood took the bulk of the prizes, the majority going to the former.

"Jack, dear, before our wedding I wish you would see a doctor."

"Why should I? I am well, except for a touch of dyspepsia."

"That's just it. I'd like you to get a certificate from him which would show that your dyspepsia antedated our marriage."

LIBERAL

(Continued from Page 1)

All six, with the possible exception of James B. McLachlan, veteran radical in Cape Breton East, lost their deposits.

C. C. F. Vote Small

The fight marked the first occasion on which the C. C. F. had entered candidates as a political unit in any provincial or federal election. The total vote of their two candidates, Daniel McKay in Cape Breton South, and Dawn Fraser in Cape Breton East, totalled less than 2,000.

A call-over of the results shows the Conservatives successful in holding three seats in Cape Breton County—the South riding, won by the Premier, the north, where Hon. Joseph McDonald was successful, and Cape Breton West, where Dr. W. W. Paton won over the sitting member, Alonzo Martell.

On the mainland the Government held Queens, took one seat in the two member constituency of Cumberland, and two in Colchester long a Conservative stronghold.

Comments by Leaders

Late tonight Premier Harrington declared he felt "ten years younger" and said that apparently the electors of Nova Scotia wanted a "change of Government—they got it."

Angus L. MacDonald, who in the natural course of events will be the Province's next Premier, hailed the result as a triumph for "responsible Government."

Will Investigate Political Racketeering

NEW YORK, Aug. 22—(A.P.)—New York county's grand jury today voted to investigate political-racketeering alliances after George Z. Medalle, United States Attorney, gave it the names of four city politicians he charges are ruled by racketeers. Medalle, who spent two hours in secret session with the jury, declined to reveal the names of the four political leaders.

"I am requested by the jurors for the time being not to divulge any of my testimony," he said as he emerged from the jury room.

ELLIS DENIES AUTHORSHIP OF LETTERS

Attempt Made to Interfere With Hanging of Amherst Youths Revealed.

(Canadian Press)

MONTREAL, Aug. 22—The Montreal Daily Star carried the following story today:

An attempt to play a joke or interfere with the hanging of two young men in Nova Scotia is believed to be the motive that inspired a letter received by Sheriff C. D. Shipley, of Amherst, N. S., and bearing the signature of executioner Arthur Ellis. The latter denied authorship of the letter this forenoon following receipt of a telegram from the Sheriff.

It said: "I received your letter dated August 18, signed A. Ellis saying you cannot come here for September 12. Is this letter from you? Wire reply." The executioner in his negative answer requested Sheriff Shipley to keep the letter for the purpose of investigation, if any should be made.

The hanging scheduled for September 12 is that of two young men, convicted of having murdered an aged woman who lived alone in a house near Amherst. Alvah Henwood and his companion crushed the woman's skull with a baseball bat and then cut her throat.

Hoover Declines To Testify In Bank Probe

(Associated Press)

PALA ALTO, Calif., Aug. 22—Former President Herbert Hoover today declined an invitation to appear personally at Detroit, Mich., and testify regarding the attitude of his administration toward the closing there last winter of two national banks.

In a telegram to Harry S. Toy, prosecutor at Detroit, Mr. Hoover pointed out that "detailed and competent information as to the relation of federal authorities to the events leading to the closing of these banks can be obtained only from the former officials of the Reconstruction Finance Corporation, the Federal Reserve Board, the then Comptroller of the Currency, and from the record."

The former chief executive told how the Detroit banking situation had been placed before him "on a Thursday evening in February," and said he received the "impression" that except for the Guardian Trust Company the Detroit banks "were able to meet their deposit responsibilities if there was no general panic."

WILL FORM GOVERNMENT IN REQUIRED TIME

(Canadian Press)

HALIFAX, Aug. 22—Within three weeks Nova Scotians should know the personnel of their Government for the next electoral term. As he rested at his home after today's victory at the polls, Premier-elect Angus L. MacDonald said he hoped to form his Cabinet "within the accustomed time—probably in three weeks."

As soon as the new Government has been formed, Premier Gordon S. Harrington will retire as head of affairs in this Province, according to an announcement he made tonight at Sydney, where he retained his seat in a three-cornered fight.

In the meantime, the new Premier will rest for a few days at some quiet spot before plunging into the task of constructing a Government. "The intensive campaign has worn me out physically," he said tonight, "and I intend leaving immediately for a rest. My destination will not be made public, as I seek complete relaxation."

See Result As Significant

(Canadian Press)

OTTAWA, Aug. 22—Satisfaction over the result of the Nova Scotia provincial election was expressed by Rt. Hon. W. L. Mackenzie King, Opposition leader, tonight when apprised of the vote. Mr. King saw in the Liberal victory the "hand-writing on the wall" for the Conservatives throughout Canada.

"The poll indicates the strength of the growing tide of Liberalism which has been steadily rising in every part of Canada," said the opposition leader. He regarded the result as "very significant."

"Too much credit can not be given to Angus L. MacDonald who is one of the outstanding young Liberals of the Dominion," said Mr. King.

OTTAWA, Aug. 22—Rt. Hon. Sir George Perley, Acting Prime Minister, had no comment to make tonight on the result of the Nova Scotia elections.

OUTBREAK OF TYPHOID SERIOUS

Island Nun Among Victims As Typhus Takes Toll in Montreal Convent.

(Canadian Press)

MONTREAL, Aug. 22—Ravages of typhus which has already taken a toll of four lives and stricken 29 other nuns, tonight brought about indefinite postponement of the colorful ceremony of the taking of first vows by the novices in the Congregation of Notre Dame. Two of the nuns who were to take part in the ceremony were listed among the dead, while several others lay listless in the Convent infirmary.

Extraordinary precautions have been taken to prevent spread of typhoid outside the walls of the Convent. Within the walls of the institution those nuns who have been stricken and their attendants are separated from other residents. There are about 575 nuns in residence at the Convent, it was learned today.

In private life three of the four sisters who died were: Madeline Laurier, Montreal; Marie Louise Cogswann, Antigonish, N. S.; and Marie Caroline Gaudet, Summerside, P. E. I. Name of the fourth victim was not disclosed.

Lindberghs In Iceland

REYKJAVIK, Iceland, Aug. 22—(A.P.)—Colonel and Mrs. Charles A. Lindbergh landed at 5 p. m. today (1 p. m. E.S.T.) at Eski Fjord on the eastern coastline of this island after completing another stage of their aerial survey of North Atlantic air lanes. They left here at 11.20 a. m. without revealing their destination.

The plans of the couple were not made known. Lindbergh saying, "I like better to say what I have done than what I intend to do." He emphasized that he had no itinerary.
