

W. C. T. U. NOTES

COURAGE FOR TODAY

In days like these, when hearts are tense With fear and hurt and dread, How sweet to find some note of cheer...

There's grump and gloom and fret enough And thorns for all to glean, But optimistic courage—songs Are few and far between...

The gracious God, who in His might Formed both the world and you, Has grace and skill and love enough To see us safely through...

POINTED PARAGRAPHS

At every step of the Christian life we have treasures infinitely greater than those which we lose.

Every man's responsibility is just to use the faith, whatever its measure may be, with God has given him.

Notice, want of faith in God is the source of your weakness. — Selected.

Many Improvement In 1941 Oldsmobile

Offering the widest variety in its 43 years of consistent progress Oldsmobile for 1941 in introducing to the Canadian motoring public three Series of automobiles.

In the low price field, Oldsmobile offers the choice of the six-cylinder Special Series; in the next bracket the six-cylinder Dynamic Cruiser; and in the next field an eight-cylinder Custom Cruiser Series.

Particular attention again attaches to the sensational and exclusive Hydramatic drive that eliminates clutch, clutch pedal and gear-shift.

The entire front and design is rendered more effective and attractive by the use of heavier chrome bars and grille work, while sparkling metal speed lines carry back along the fenders and follow the body moulding at the line of the door handles.

The six-cylinder Special Series offers a 2-door touring sedan, a 4-door touring sedan and a club coupe.

The six-cylinder Dynamic Cruiser includes a 4-door sedan and a club sedan.
