

CUTICURA HEALS SKIN TROUBLE
On Face that Itched & Burned.
The Soap and Ointment Acted Like Magic.

"My skin had always been clear until last January when a pimple appeared on my chin. It burned and itched and of course I foolishly scratched it. Then a scab formed that looked like a cold sore and my face became nearly covered."
"It was growing worse so fast that I sent for Cuticura Soap and Ointment. I washed my face with Cuticura Soap and applied the Ointment and they acted like magic. I have not been troubled since." (Signed) Otto C. Brock, Glen Sutton, Que.

Cuticura Soap is ideal for the skin and complexion.
For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

—HOCKEY—A very good game of hockey was played in the Arena rink Monday, when Grade VI, W.K.S. defeated Grade VI, Q.S.S., the score being 4-2. The game was fairly clean. I. Power, of Q.S.S. did some good stopping in the nets. Some brilliant rushes were made by J. Power, of the first team of Q.S.S., but only scored 2 goals. J. Power and Bradley also made good rushes. The W.K.S. boys were tight up to their work. Good work was done by Cox, Square-briggs, Wood and Kiely. Ralph Turner was referee.

SAW AN ANGEL IN THE SKY

WINDSOR, Ont., March 17.—Scores of Windsor residents, including members of the police force stoutly affirm they witnessed a startling phenomenon last Thursday night in the form of an angel, who appeared, surrounded by a circle of flaming red, in the western sky. Following, as it does, reports from France that soldiers have seen four of Arc and St. Michael leading them into battle, as well as the apparition of the angel of Mons, the experience of the Windsorites is attracting more than ordinary attention.

Patrolmen on duty Thursday night, skeptical over reports received over the telephone, walked out where they could view the section of the sky in which the phenomenon was reported.

Blood Red Circle
They declared they beheld the blood-red circle, high in the heavens, though the angel's figure, if it had been there, had disappeared.
Another member of the police force, however, is authority for the statement that he previously saw the angel, circles and all.
Many Detroit residents declare they too, had seen the angel in the red circle, a striking coincidence with the experience of the Windsorites. All descriptions of the apparition agree that it was far too bright, vivid and well-defined to have anything to do with the aurora borealis, which was faintly visible Thursday night from this part of the continent.

VINOL MADE THIS NURSE STRONG

Nothing Like it for Rundown and Nervous People

Von Ormy, Texas—"I suffered from a general run-down condition—anaemia, loss of appetite and cough, so I was unfit for my work. I tried different medicines without help, and through my druggist learned of Vinol. I took it, my appetite increased, my cough disappeared, I gained in weight and I am now well and strong, so I can conscientiously endorse Vinol."
"We guarantee Vinol to build up run-down, anaemic folks or return your money. We take all the risk."
E. A. Foster, druggist, Charlottetown. Vinol is sold in Montague by H.J. Mabon, also at the best druggists in all Prince Edward Island towns.

—DAUGHTERS OF THE EMPIRE—In November last the Abegweit Chapter of the Daughters of the Empire made a contribution to Queer Mary's Needlework Guide, through the Quebec Branch, of which Mrs. Evans of that City is president. The following extracts from a letter received from Mrs. Evans will show how much this donation was appreciated: "I hope that Summerside will keep in touch with our Quebec's Guide; it is giving such splendid help. My Branch experiences a thrill of joy over every new and successful help given for our beloved Queen to distribute. That it gladdens her heart we know by recent messages received direct from Buckingham Palace. The Christmas gift of work, including the splendid donation of your Abegweit Chapter, arrived over safely and was distributed before Christmas from St. James Palace by the Queen's direction and personal supervision. Her gracious thanks reached us about two weeks ago. I have been told that the socks made of white wool from P.E.I. which were sent over were very much approved. You will ask the Chapter to try and keep it close touch with our Queen's work. We shall be sending a work gift in early April for her birthday with the name of each contributor attached to their work.—L.

—There is nothing repulsive in Miller's Worm Powders, and they are as pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unsound stomach, but this is only a manifestation of their cleansing power, no indication that they are harmful. They can be thoroughly depended upon to clear all worms from the system.

3,500 LBS OF CHICKEN HAD TO BE DESTROYED
WINNIPEG, March 16—Controller Pattee announced yesterday that last week a total of 3,500 pounds of chicken, belonging to the Wm. Davies Company, had been sent from the cold storage plant to the city incinerator and destroyed as unfit for human food.
The chickens had been in the cold storage since October, 1916. It was estimated that in numbers the total destroyed was in the neighborhood of 3,000 birds.
The board of control has decided upon immediate action. It instructed the secretary to communicate at once with Food Controller Thompson, at Ottawa, and demand an investigation.
The probe may extend to all cold storage plants in Winnipeg to learn if other large quantities of poultry or other foodstuffs are being held in storage for higher prices.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.
Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.
Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain ags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.
An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous days' indigestible waste, sour fermentations and poisons, thus putting more food into the stomach, cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach, thus subject to sick headache, biliousness, nasty breath, rheumatism, colds and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation.

Try Making Your Own Cough Remedy
You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.
Get from any druggist 2½ ounces of Pine (50 cents worth), pour it into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 55 cents and gives you 16 ounces of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.
This Pine and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat ticks and kills the sore-throat membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, it is splendid.
Pine is a most valuable concentrated compound of genuine Norway pine extract and has been used for generations to break up severe coughs.
To avoid disappointment, ask your druggist for "2½ ounces of Pine" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pine Co., Toronto, Ont.

NUMEROUS PITIABLE INCIDENTS REPORTED
LONDON, March 18—Numerous pitiable incidents are reported from the scene of Thursday's air raid on London. The eighty-year-old sister of a special constable was found alive under the wreckage of her home several hours after the raiders had passed. She was finally dug out after oxygen had been administered to keep her alive. The aged woman had refused to leave her home when her brother went to warn a neighbor of the approach of the raiders.

At noon Friday a woman died in a hospital in the outskirts of London from injuries she had received through a bit of wreckage crashing through the roof of her home.

A young woman died as the last piece of the wreckage of her home, under which she had been plied, was removed. She had been discovered trapped amidst the debris five hours previously and kept alive by stimulants, but her injuries proved fatal. Another girl in the same house, who was extricated after several hours' hard work, survived her injuries.
