Blood Disorders

are simply kidney disorders. The kidneys filter the blood of all that shouldn't be there. The blood passes through the kidneys every three minutes. If the kidneys do their work no impurity or cause of disorder can remain in the circulation longer than that time. Therefore if your blood is out of order your kidneys have failed in their work. They are in need of stimulation, strengthening or doctoring. One medicine will do all three, the finest and most imitated blood medicine there is.

Subscriptions for 10,000 Shares of \$100 each of the 7 per cent. Preferred Stock of the CANADIAN STEEL AND COAL COMPANY, Limited, will now be received at par, that is, \$100 for each share as follows: \$5.00 on application, \$15.00 on allotment, \$20.00 on first January, 1903, \$20.00 on first Feb'y, 1903, \$20.00 on first March, 1903, \$20.00 on first April, 1903.

The whole of the instalments remaining unpaid at any time may be prepaid in full. A discount of 25 per cent. will be allowed upon the par of each share if prepaid at time of allotment.

Forms of application and copies of Prospectus may be obtained on request. Notice of allotment will be sent promptly by ordinary letter. It is intended to apply to the Stock Exchanges in New York, Boston, Montreal and Toronto for the listing of the Stock of the Company.

THE CANADIAN STEEL AND COAL COMPANY Limited, was organized to mine and manufacture iron and coal, coke and steel in Canada, at Atlantic tide water. This raw materials for these manufacturers are: 1. COAL. 2. IRON. 3. LIMESTONE.

All these materials we have at hand. The Company has acquired by purchase, immense iron deposits on the North Shore of the Gulf of St. Lawrence, about 350 miles from Sydney. The deposits are estimated to contain 20,000,000 tons of ore above sea level with probably as much more below that line. The iron can be handled for \$1.00 per ton or less. Quantities of this ore have been shipped to Great Britain and United States where it has given great satisfaction, and we can sell large quantities t. o. b. at the properties, netting us a profit of \$2.00 per ton. This ore makes the finest steel.

When in full operation the output is expected to be about as follows: 1. IRON.—200,000 tons iron ore shipped direct from property, showing net profit of \$2.00 per ton, total \$400,000.00 200,000 tons fine iron ore shipped in briquettes, showing net profit of \$4.00 per ton, total \$800,000.00 100,000 tons steel blooms showing net profit of \$3.00 per ton, total \$300,000.00 2. COAL.—600,000 tons coal, showing net profit, at least, \$1.00 per ton, total \$600,000.00 3. AIDS.—Government bounties (averaged) added to above per year for 6 years \$100,000.00

Total yearly revenue Net Revenue \$37,500.00 70,000.00 67,500.00 25,000.00 200,000.00

Total net annual profits LESS FIXED CHARGES: 5 per cent interest on bonds 7 " " on preferred stock Sinking Fund Incidentals

Equivalent to yearly dividends of 30 per cent., or 15 per cent, half-yearly on total capitalization. If the capitalization was increased to this estimate would still show a dividend-earning capacity of 10 per cent, per annum.

The capitalization of the Dominion Coal Co. is earning fully 12 per cent., and is paying 8 per cent, guaranteed dividends on this enormous sum. The capitalization of the Dominion Iron and Steel Company is on which it is believed 6 per cent dividends will be earned.

The capitalization of the Canadian Steel and Coal Company is only controlling, it is believed, equally valuable properties, and it is reasonable to expect much larger dividends. Within the last few months Dominion Coal shares common rose in market value from \$40 to \$144 per share, and Dominion Iron and Steel Company's shares common rose over \$30 per share in market value.

With such low capitalization The Canadian Steel and Coal Co's shares would show tremendous profits; and it is confidently believed they will. Address all communications originating in United States, to the Canadian Steel and Coal Company, 63-65 Wall Street, New York City.
