The Musicone

The Most Successful Loud Speaker Ever Introduced

The Musicone, announced little more than a year ago, introduced a revolutionary speaker principle and took the loud speaker market by storm.

Its overwhelming popularity, which has involved the replacement of thousands of old-type loud speakers, establishes beyond challenge the Musicone's superiority.

And now comes the Super-Musicone. Its larger cone has the same patented acting unit as the smaller Musicone. This unit—not the cone shape—is the secret of Musicone excellence. The Super-Musicone offers, by virtue of its larger proportions, still more superb volume. It produces throughout the entire range of tone with richer resonance and lifelike fidelity.

The Authorized D-C dealer will gladly demonstrate how the Musicone brings out the best in your radio set. Ask him to show you the new DeForest & Crosley models recognized everywhere as Canada's greatest radio value.
