CLEVELAND EDITOR, A GERMAN, INTERNED

CLEVELAND, Ohio. — Waldemar Nostitz, sixty-five years old, former editor and editorial writer of the Waechster und Anzeiger, and accredited by Federal agents with being the personal representative of Kauffman of Dresden, Germany, principal stockholder in the paper, was arrested today and ordered interned for the remainder of the war.

The internment was brought about by the orders of President Wilson. Von Nostitz is held on the charge of being an enemy alien, but the real cause of this action is publication of articles in his newspaper held to be seditious. To this charge Von Nostitz added fuel when, under interrogation in the Federal Building last night, he said:

"I am a subject of the Kaiser. I have refused to be a subject of the United States. My allegiance is with Germany, and I have written many editorials expressing my approval of the sinking of the Lusitania."

Von Nostitz resigned his post as editorial writer early in April, and in May rejoined the staff as translator and proofreader. At the same time Department of Justice reports show a new and bitter policy of pro-Germanism began to manifest itself in the Waechter und Anzeiger. Investigations tended to prove he was really editorial head of the paper.

EXTREME WEAKNESS AND SUFFERING

Read How Mrs. Goodling got Relief and Strength.

York, Pa.—"I have used Lydia E. Pinkham's Vegetable Compound and found it to be all you say it is. I was so sick that I could not stand at my sink to wash dishes and I could not sit without a pillow under me. I had the doctor every few days but since I have taken the Compound I don't have to send for him. I have had three children and could not raise any of them, but since I have taken the Compound I have a bright baby boy. I advise every suffering woman to try it and get relief. It has done wonders for me."—Mrs. CATHARINE GOODLING, 138 E. King Street, York, Pa.

When a medicine has been successful in bringing health to so many, no woman has a right to say without trying it, "I do not believe it will help me." There must be more than a hundred thousand women in this country who, like Mrs. Goodling, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

If there are any complications you don't understand, write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

SUNDAY DELIVERS LAST BOND APPEAL

NEW YORK.— Billy Sunday, in a letter to the Liberty Loan Committee yesterday, cited the response to the selective draft law by the young men of the country as sufficient grounds for united and patriotic support of the bond sale.

"When Uncle Sam called for men almost every one of the required age in the country registered like true Americans," he wrote. "We have the men of muscle and the grit, but with all these we cannot win if we hold back our money. It costs a pile to equip and maintain an army, and the Government is powerless unless we come to the front with the dough. We need millions of people buying the bonds— not only millionaires and banks. We all share our country's blessings, so we must all help bear her burdens.

"This is our great opportunity to upset autocracy and set up liberty throughout the world. If you cannot go to the fight you must help to supply the money to send to other fellows. Don't be a money slacker. Rout the enemy who still seems to think we are bluffing. It is up to you to do your individual part in helping the Allies to bring the atrocities, the outrages the brutalities and the inhumanities of this horrible war to a speedy end.

Mr. Sunday ended with the assertion that it would be a "million times better to buy Liberty bonds than to pay indemnity to Germany.

The evangelist preached twice in the tabernacle yesterday. At the close of his evening service he went to the Hadley Rescue Mission, at 293 Bowery where the Rev John Callahan had arranged a meeting.

One of the largest audiences of the campaign greeted the evangelist in the tabernacle last evening. John D. Rockefeller, Jr., who is one of the committee in charge of the campaign here, opened the service with a prayer, and John Wanamaker, the merchant was escorted to the platform by Mr. Sunday and introduced. In his prayer Mr. Rockefeller said:

"We are grateful Lord, that so many men and women in this great city are interested, not in education not in money-making, not in social pleasures, but in the deepest things of the spirit. Those who have filled this great tabernacle night after night and afternoons have come from all walks of life; some from humble homes, some from colleges, some perhaps have no hones, but they meet here as equals, all seeking the bread of life.

"All that we can do is to kneel at the feet of Jesus Christ, who has promised to lift the load that rests on the backs of all of us. Many here have known the joys of Christian life for years. They need to reconsecrate themselves to thee. Many have found here for the first time what is to follow. Let them realize it is manly to admit when one is in the wrong and cowardly not to throw off shackles and receive the salvation of Jesus Christ.

"Bless this splendid man of God who has administered the word so faithfully here. There were some who thought him insincere. Thou hast known how true and sincere he is. Many will testify to his sincere and faithfulness. Some thought he sought money and not souls. How many here can testify how he hungered for souls?"

James M. Speers, Chairman of the evangelistic campaign, announced that the committee had unanimously voted to ask Mr. Sunday to continue his work here another week. Mr. Sunday, however, was compelled to decline the invitation. He feels that he has about reached the limit of his physical strength and must stop on the date originally agreed upon.

THE WAR SITUATION

Demands Universal Thrift and Economy in National Life.

Individual thrift and individual sacrifice will win the war. The upheaval in Russia and the extent of the latest German submarine campaign have increased the necessity for concreted national efforts by the rest of the Allies against the Central Empires. The obligation upon every man and woman in the Dominion to exercise their full power for the successful prosecution of the war is not relieved by the entry of the United States into the struggle. Canada must have more men for the firing line and it must have more money to support its military effort. The amount which the Dominion is expected to raise in the present year is estimated on good authority at $600,000,000. Every dollar that the country can spare is needed to support the war burden. National thrift is essential to meet financial obligations and provide for the struggle that lies ahead. There is a direct war work for everyone to do. Practice thrift and invest your savings in Government War Savings Certificates.

FOX AND FUR NEWS

Reports from the different ranches on Prince Edward Island on production shows that there is an average production this season, and the losses as reported so far, are less than last season.

Reports on all the ranches have not yet been received. The Pure Canadian Company, Summerside, reports 65 pups. Park Island ranch, Summerside, has an average of over three pups per pair. The Magic Company, Summerside, have good success. The Willow Hill Company, Summerside, report their usual success, and everyone knows the record of this company for production. Rosebank Fur Farms, Charlottetown, has a production of 104 pups. Mr. E. R. Brow reports 26 pups from seven pairs. General Fur Farms, Charlottetown, reports 120 pups from 27 pairs.

If the different companies would report to the Guardian, they will be pleased to give it publicity. A number of foreign shareholders are always anxious to look for fox news.

The fur market in general is improving. Reports from the manufacturers show that "summer furs" which is a new feature in the trade, has been very successful this season. That the Fur Sales Board is making Island furs known to the trade is demonstrated by the inquiries daily received. One of the best furriers of America wired the Sales Board for a number of skins. Another firm, known all over America as the best dealers in the extra fine qualities, states that "We are open for some of your finest specimens. Call on us when you have anything to offer." Still another firm writing under late of June 11th, inquires for a quantity of skins, which they expect to be able to handle at an early date.

Also that the Fur Sales Board organization is appreciated by the fur trade is evidenced by a letter from a large fur corporation in which they state that the "good prices realized for silver fox in this market, we think is due to the personal efforts of the Manager of the Fur Sales Board."
