

Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

Hood's Sarsaparilla and Pills

Radically and permanently cure it—strengthen and tone the stomach and other digestive organs for the natural performance of their functions.

Accept no substitute for Hood's. "My appetite was gone; nothing tempted me to eat, and what little I did eat felt annoying and unpleasant in my stomach. I tried many remedies without any benefit whatever. Finally, Hood's Sarsaparilla having been recommended, I began its use. After taking one bottle my stomach would retain food, and my appetite began to improve. After taking three bottles I was completely cured." WILLIAM BOSS, Wellington street, Sarnia, Ontario.

Hood's Sarsaparilla promises to cure and keeps the promise.

ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everywhere.

The Second Abegweits play in Souris Tuesday night.

The person who found an office key on Thursday or Friday will oblige by leaving it at this office.

A. E. WILLIAMS gave a two hours talk last evening to the students of the Union Commercial College.

THE Epworth League Debate last night was most interesting. W. V. Newson and Rev. G. M. Young were the leaders of the debate.

The social at Argyle Shore on Thursday night proved a great success. There was a large attendance including many who drove from the city, and the proceeds which will be devoted to the new Hall, were large.

REV. R. W. STEVENSON on Sunday evening will begin a series of sermons on The Distinctive Peculiarities of the Disciples of Christ. His subject tomorrow evening will be The New Testament Alone, the Rule of Faith and Practice.

The Guardian learns with regret of the sudden death of Sister St. Georgina, of the Congregation de Notre Dame, which occurred at the Mother House, Montreal, on January 28. Deceased was formerly Miss Brothers of Vernon River, this province.

The Minto crossed to Pictou yesterday and the Stanley to Georgetown each in three and three quarter hours. The mails left Cape Tormentine at 8.15 and reached Traverse at 4.35. The run in was slow on account of the storm and the special did not reach Charlottetown till half-past eight.

The mails arriving in Sackville on the afternoon of Monday, Feb. 1st, reached the city on Thursday. The mails reaching Sackville on Tuesday and Wednesday came to the city last night. Those of Tuesday should have reached here on Thursday evening but were detained on the other side even longer than usual.

In the advertised list of nursery stock from Inkerman nursery, each list of stock was put as one year younger than they really are. The first lot of about nine thousand trees were put out in the spring of 1901, thus making them three years old. The next lot of about five thousand are two years old, and Mr. Robertson also has about two thousand four years old beauties.

"THE TWO MACS"

MacDonald & MacKinnon, DRUGGISTS, Cor Gt. George and Kent Sts.

SOLID AS THE CONTINENT.

The strong and unexcelled financial position attained by the North American Life is well shown by the annual statement presented at the general meeting of the directors and policy-holders held on the 28th inst.

The statement shows that policies were issued for the large of \$5,884,890, exceeding the general business of and previous years in the company's history. (No policies were issued during the year in the monthly or provident branch, owing to that branch having been discontinued.) The cash income for the year was \$1,381,983.00, being an addition to that of the previous year of \$110,823.48, the large increase affording proof of the stability of the company's business.

The payments on policy-holders' account amounted to \$423,217.86, and it is noted that notwithstanding the distribution of this large sum for dividends, matured endowments, etc., the net surplus shows a fine increase, and now amounts to \$550,236.76.

A noteworthy feature of the report is that, despite the large reductions which have taken place in the market values of even the highest class of securities, the company still shows a nice surplus in this respect over book value. This is conclusive evidence of the skill and conservatism which has always characterized the company in the investment of its funds, and in keeping its securities at their cost value.

The insuring public are deeply interested in the results paid under matured investment policies and it should be a source of satisfaction to policy-holders to learn that the settlements continue to compare favorably with the returns made under similar policies by the best managed companies on this continent.

With such a splendid record for the year's work, the North American certainly commands itself a desirable company for intending insurers. The names of Messrs Ross & Matthews who represent the Company in this city is a sufficient guarantee that its numerous policy holders will be well used.

NOTE YOUR WEIGHT. By noting your increase in weight while using Dr. Chase's Nerve Food you can prove for a certainty that new firm flesh and tissue is being added to the body. This is the severest test you can apply to any treatment and proves the superiority of this great restorative prescription of Dr. A. W. Chase, the famous Receipt Book author.
