Prices were as follows: Potatoes, white, 45c; potatoes, blue, 60c-65c; turnips, 15c-18c; hay, 80c-85c; straw, 45c; oats, 65c-70c; geese, \$2.90-\$3.00; chickens, \$1.00-\$1.50; eggs, 50c; butter, 40c-44c; cod, 8c; haddock, 10c; apples, 10c per doz; pork (live) 8c; pork (dressed) 10c.

KNIGHTS OF COLUMBUS MEETING.—Very enjoyable and largely attended meeting was held in the K. of C. hall. His Lordship the Bishop of Charlottetown delivered an eloquent and inspiring address. In response to this a most hearty vote of thanks was moved by Dr. MacMillan, seconded by Sixtus McLellan, supported by His Honour Mr. Justice Arsenault and the Grand Knight Dr. McGuigan. The very acceptable musical programme was furnished by the Queen Square School Orchestra.

SERVICES APPRECIATED.—The silver fox exhibitors at the Royal Winter Fair are very grateful to the Swift Canadian Packing Co. for meats, etc., for the foxes during the time they were being exhibited at Toronto, and on the trip up and down. Mr. Ernest McNutt, manager of the fox feed department for Prince Edward Island, accompanied the fox breeders to Toronto and return, and made arrangements regarding the feed, etc. This action on the part of the Swift Canadian Co., and Mr. McNutt is very much appreciated by all exhibitors.

NEW BUILDING PROJECTED.—Workmen are now busy cleaning away the debris from the site of the burned building on Queen Street formerly owned by Miss Mary Jane MacMillan. On this location Mr. J. A. Currie of Currie and Murnaghan will shortly erect a two story building which is to be the show room and sales agency for Nash Motor Cars. The building will be 70 feet in length by 42 feet in width, with an all glass front and it will be so constructed that there will be no supporting pillars on the store room floor, thus leaving all the space clear for the cars. The upper floor will be devoted to the store room and office. It is expected that the building will be completed in January and it is the intention of Mr. Currie to carry a complete stock of Nash cars for 1928.

PLAY REPEATED.—The performance of "Sonny", the Armistice play was repeated last night before a crowded house and with conspicuous success. In addition to the players mentioned yesterday morning, the following members of the cast furnished a noteworthy performance. Mr. Leigh V. Dingwell filled most creditably the leading role, first as Charles Crosby, then as Joe Marden, who later turns out to be Charles' twin brother. Miss Ruby McDougall also played the part of Florence Crosby. Charles' sister, who was played by Mr. Menton Whitlock as a noteworthy performance. Mr. Albert Blanchard as James Montrose, the two rival suitors for the hand of Florence Crosby, deserve high praise for their fine rendering of their respective roles. The audience thoroughly enjoyed the performance, which was considered one of the best ever staged in the "Prince Edward". More than one being heard to remark that the play was the best he had ever seen put on by amateur performers.

PERSONALS Mrs. Thomas R. Beer returned Saturday evening, having spent the last several weeks visiting in Boston and New York.

The friends of Ivan Nicholson will regret to learn of a painful accident which happened to him yesterday morning, badly tearing his left arm and severing an artery while at work at Bruce Stewart's.

The Markets (Canadian Press) MONTREAL, Que., Nov. 22.—The foreign demand for Canadian grain here today continued inactive and the demand was small. Local exporters reported a fair trade in wheat for shipment from the Pacific coast but little market worked from the east. There was fair inquiry from exporters for wheat in the local market but owing to the sharp advance in prices at Winnipeg the volume of business was curtailed and only sales of a few loads of No. 3 Northern were made at 4-3-4 cents to 5 cents per bushel over the Winnipeg November option c.i.f. Montreal. On account of the strength in oats at Winnipeg local prices were advanced one cent per bushel. The demand was moderate. No. 2 Canadian Western were quoted at 74 cents, No. 3 at 71 cents, No. 1 feed at 70c and No. 2 feed at 69 cents per bushel ex-store.

DECEASED LORD LEFT SPLENDID PICTURES FOR THE PUBLIC TO ENJOY. LONDON, Nov. 22.—Lord Iveagh, who died on October 7, last, left a collection of pictures to the nation valued at £300,000, one of the richest art bequests of recent years. The pictures are to be on view in the magnificent mansion at Ken Wood and will be available to the public at all times. In former years there used to be opportunities to see some masterpieces when they were on loan to the winter exhibitions at Burlington House, but more recently they have been jealously guarded from general view. Now, however, the people may see the Iveagh collection without restriction. The collection includes the celebrated Rembrandt "Self-Portrait," which shows the artist wearing a white cap and with brushes and palette in his hands. There is also a full-length portrait of Henrietta in Lorraine, Gasparborough's "William Pitt," which shows the statesman as First Lord of the Treasury; a Raeburn of Sir George Sinclair as a boy, and a Reynolds, "Lady Mary Leslie," with a Lamb.

Western Guardian IN MEMORIAM NORMAN J. MacDONALD GRAND TRACADIE In the sudden passing away from the activities of this life of Norman J. MacDonal on Sunday morning, November 20th, the Parish of Corran Ban and the surrounding country, yes, and the whole Province have suffered a severe shock and a deep sense of loss. Our hearts go out in warmest sympathy to the bereaved widow and adopted son living in Western Canada, to his sister, Mrs. Forsythe, and to his brothers, Daniel and Allan, in this their hour of sorrow and bereavement. For many years Mr. MacDonal conducted very successfully a retail and shipping business being well and securely established upon the foundation and principles of integrity, unselfishness and service, developed and progressed from year to year until his store became an almost indispensable asset of the community. In religion he was a devout and consistent member of the Roman Catholic Church and the right hand man of the beloved parish priest, Father J. B. McIntyre. He ably filled the position of organist and choir leader from the days of his youth until the day of his death when he passed from the choir visible into the choir invisible. In politics he was a staunch Liberal, but was by no means narrow or bigoted, being tolerant and always ready to respect and appreciate the opinion of those who held opposite views. However, his great joy and chief delight was to be of service to those in need in the community, and he ever made their individual problems his own. We who were privileged to know him and enjoy his friendship, rejoice in the fullness of such a life and humbly thank God for his good example. True, he has passed from our sight, but his work and influence will surely abide. The writer of this obituary appreciates the privilege of being allowed to pay this tribute of esteem and affection for one who honoured him with his friendship and business association for many long years. With sad and sorrowful hearts we bid our dear old friend, "Norman J." "Good-night," resting in the sure and certain hope of greeting him upon the dawning of that new day when we shall meet once again those "whom we have loved long since and lost awhile." To such a character and life well may we apply the words of the poet. A friend of truth; of soul sincere. In action faithful, and in honour clear. Who broke no promise, served no private end. Who gained no title, and lost no friend; Ennobled by himself, by all approved, Praised, loved and honoured by the friends he loved.

FATHER ARSENAULT DIED YESTERDAY.—Hosts of friends throughout the Maritime Provinces will hear with regret of the death of Rev. P. Arsenault, Cure of the parish of St. Joseph, who died at 3 o'clock at his home in Mt. Carmel, after a very short illness. Father Arsenault was one of the best beloved clergymen in the province always genial and pleasant, always ready with a helping hand for everyone regardless of creed or station. He took a particularly active interest in fostering handicraft work in his parish, educating the people in flax growing, weaving, spinning, dyeing so that an exceptionally attractive display of the work of people of his household was one of the interesting features at many exhibitions during the summer and fall. His death at the age of 61 years is much deplored and leaves a vacancy which seems impossible to fill. The funeral will be held from his late residence to the Mt. Carmel Chapel on Friday morning, services starting at 9 o'clock.

Unusual Chapel For Actors Opened In London LONDON, Nov. 22.—One of the most unusual chapels in the world has just been completed in London for actors, actresses and all connected with the theatrical profession. The chapel once was a laundry, then it became a coal hole and now it has been remodelled into a chapel for the Actors' Church Union. Although the official address of the chapel is in Soho Square, a detective might have a time before discovering it, because the chapel is reached only through a battered green door in a wall in an alleyway. Once one passes through the doorway one must pick a way down a rickety iron stair, into an open court whence another opens into the chapel. It is a low vaulted room with a shining cross at the far end. Directly over the altar is the hole through which the coal used to be dumped a few months ago. A dim religious light is supplied by a gas jet screened off by a wire cage, while during the day the light filters through a heavily glazed pavement light set in the roof.

INSIDIOUS EYE STRAIN We use this adjective advisedly. Sufferers from Eye-strain may have perfect vision and therefore do not suspect the presence of any eye defect. The motive power of the entire human organism is Nerve Energy. Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eye-strain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body and produce ill health.
