## A HOME CURE.

Consumptives Need not  
Leave Their Own Homes  
to be Cured.

### The Slocum System

Treatment is offered you Ab-  
solutely Free.

A consumptive need not be overlooked  
in the treatment of consumptives is the  
expense a great health. Some of our  
patients have now, advising their  
patients to get their medicine in the hope  
that they will do them good. A lot of  
patients are being cured, and it is  
not a change of climate, and its  
benefits on the patient. "Stick to low  
doses." "Go the mountains"  
is a poor perplexed  
without any hope, to decide among  
these different authorities? The fact is,  
the principle of consumption in all climates.  
They cannot leave it too, in all climates,  
if they are treated properly. The only  
remedy for the disease is to kill the  
germs that produce it. This is accom-  
plished under the Slocum system of  
treatment. The disease must have nothing  
to feed on. That is the principle  
underlying the Slocum system. You can  
try it at your home.

**POSITIVELY FREE.**

Those who do not have a FREE course  
of treatment, should write to THE S. A. SLOCUM
