

Government Bonds

Yielding from 5½% to over 7%

Many high-grade Foreign Government External issues may still be purchased at attractive yields. Such issues, in effect, rank prior to all other obligations of a country, since its foreign credit is the basis of commercial success and consequently must be maintained.

Foreign Government external issues vary in soundness just as do Public Utility and Industrial bonds, and the same discrimination must therefore be applied as in selecting investments from any other class of security.

We will send, upon request, a list of Foreign Government External Obligations that we recommend as sound investments. With this list we will be glad to enclose a copy of our booklet "Sound Bonds of Foreign Governments" which deals generally with this class of security.

Inquiries from investors who cannot conveniently visit our offices or who are not in touch with our representatives, will receive prompt and careful attention from our Mail-Investment Department.

GEORGE WASHINGTON GASS

A gloom was cast over Church Hill on the afternoon of Sunday, June 13th, when it was learned that the angel of death had entered the home of Mr. and Mrs. William D. Gass, and claimed as its own their dear son, George, at the early age of 21. Death is sad, but when it calls one in the bloom of manhood, it leaves a gloom that time can never fully dispel in the home. It is sad to give up one so faithful, so kind, but his earthly cares and trials here are over in his young manhood. He heard and answered the call, the parting time had come on earth when the soul departed to be forever with God who gave it. He makes no mistakes, He doeth all things well. Jesus called him to His Father's House of many mansions.

Unnumbered are His wondrous works, unsearchable are His ways. 'Tis His the mourning soul to cheer, the bowed down to raise.

But while he will be much missed...

SURPRISE ADDRESS AND PRESENTATION.

Thursday evening, June the 17th, the Mt. Buchanan Women's Institute met at the home of Mrs. Angus William Docharty for their regular meeting. A very pleasant and interesting feature of the evening was a surprise presentation to Miss Katie Murchison on the eve of her departure from Mt. Buchanan where she has been a specially successful teacher for the past three years.

The presentation was a beautiful edition of Friendships Poems, presented by Miss Ruby Docherty on behalf of the Institute while the address was read by Mrs. Joseph Robertson.

Following is the address: Dear Miss Murchison: A short time ago we learned with regret that you were going to leave Mt. Buchanan, where you have worked so faithfully during the past three years—first as teacher in our school, and in everything for the betterment of the community. We almost felt that but for you we might never have the courage to organize a Women's Institute at all. During our first year while you were President of our club you were always most helpful treating each member respectfully and with due consideration in each and every discussion, which came up, always standing up for your conviction of what was right, your unflinching tact and generosity, both in your school work and our club has been most inspiring. You have won the love and deepest esteem of all the members. Although our hearts are sad to part with you, yet we dare to hope that you will not go so far away but that you will be able to visit us frequently, where you will be always a most welcome visitor.

Now in conclusion read Miss Murchison we ask you to accept this small token of our love. Signed in behalf of the Mt. Buchanan Women's Institute. Miss Murchison although taken by surprise made a very fitting reply. She said that her friends for their very thoughtful gift.

The circus and tea-party on Wednesday afternoon was a decided success. A large number of people was present and enjoyed a delightful afternoon's outing in an ideal spot. The tea-tables and various booths were well patronized and the races by children representing many of the forty-four schools within a radius of ten miles were interesting and exciting. The several contests also added zest to the day's sport, while "Bingo" proved a real sensation. Hunter River school scored the highest number of points in the races, thus winning the \$10.00 prize. In the cake weight guessing contest, Miss Christy McKinnon, North Wiltshire and Mr. Louis Haslam, Springfield tied for first place, each guessing the correct weight 9½. Mr. Haslam won the cake. In the candy guessing contest, Ralph McKellan won the prize. The jar contained 161. In the step-dancing, Mr. Polly Pin-ney carried off the prize with Mr. Dolphie Gallant a close second. An added attraction in this line was the performance by Mr. Robert Weeks, Highfield, also Mr. Robert Howatt, Cape Traverse and Mr. Peter Craig, Charlottetown. In all, it was a most successful affair and a rink in the town is practically assured. L.

More Highlanders for Canada

Scotland continues to pour of her best into the Dominion and specially the attraction seems to be the West. There is not a Canadian Pacific Liner that sails the Atlantic but brings its quota, and usually a pretty large quota, of bonnie Scots lassies and sturdy Scots laddies to Canada and they are all as welcome as the flowers in May. Here is a particularly bright-looking group who arrived recently on the C.P. steamship Metagama. Men in the prime of life, pretty girls, young wives, one young fellow in the bushy and uniform of a famous Highland regiment and others attired as pipers with all the paraphernalia and bagpipes thrown in. Children in arms who will grow up with the farms their fathers are going to take. In a word, the very best class of settlers that this country can get—and the more we get of them the better for all of us.
