CENTRAL PARISH CHURCH OF SCOTLAND—Rev. D. M. Lamont will preach at Stachel on Thursday, March 15th, at 7.00 p. m. Sabbath, March 18th, at 10.30 a. m., and in the Peoples' Church Charlottetown at 7.00 p. m.

ON SCOUT BUSINESS—Mr. J. A. Barry, Dominion Field Commissioner Boy Scouts Association, Ottawa, here re Scout work will be on the Island for about one month visiting Summerside, Souris, Kensington and other scout centres. Mr. Harry Trampton, Scoutmaster of the 6th troop, Moncton was a visitor to the city arriving with Mr. Barry. He returned Tuesday morning. They registered at the Russ.

UP-TO-DATE—Dr. Charles Dougan is receiving many compliments these days on the acquisition of a Victor C. D. X. Dental X-Ray, the only one of its kind on the Island. This X-Ray, which is for dental use only is one hundred per cent electrically safe. Recently installed, the Doctor has taken many radiograms and is enthusiastic over his purchase. This new equipment is appropriate to the surroundings of an operating room second to none in Eastern Canada. Dr. Dougan is to be heartily congratulated on his modern ideas and progressiveness.

PERSONALS

Mr. Reagh Coles, New Wiltshire was a visitor to the city yesterday.

Mr. Earl McRae, North Wiltshire, visited the city yesterday.

Mr. Samuel Newson, Clyde River, was a visitor to the city yesterday.

Mr. Robert Craswell, Winsloe and Mr. Fred E. Horne, Oyster Bed Bridge were visitors to the city on business yesterday.

Mr. Nathaniel Gay, Pownal, was a visitor to the City yesterday.

Capt. F. J. G. McDougald, Dell River, was among the visitors to the city on business yesterday.

Many relatives and friends are glad to learn that Miss Clara M. White is resting comfortably in the P. E. Island Hospital having undergone a very successful operation for appendicitis Monday morning. Miss White is a daughter of Wallace White, Murray Harbour and was a graduate of Business College last year. All hope for her speedy recovery.

Worms sap the strength and undermine the vitality of children. Strengthen them by using Mother Graves' Worm Exterminator to drive out the parasites.

United Church W. M. S. Activities

A Young Peoples' Mission Circle was recently organized at Freetown. The following officers were elected: Pres.—R. Louis Cairns. Sec.—Miss Verna Frizzell. Treas.—Miss Grace Deacon. We bespeak for this enthusiastic band of workers a great measure of success.

The W. M. S. of Tryon observed the Universal Day of Prayer on the afternoon of February 24. The service was led by Rev. G. N. Somers. The regular March meeting of this enterprising Society was held at the parsonage when all the women of the congregation were invited to a social hour. The attendance was splendid, and the names of several new members were added to the roll. The interesting program consisted of papers on the work in Africa, Korea and Trinidad and reports from the Watch Tower Herald. A letter from a missionary in Japan, which was read, made very real to those privileged to hear it, the busy, interesting life in that field.

After the program, refreshments were served, and boxes of cheer prepared and forwarded to some absent members.

The Pleasant Hour Millar Mission Band of Hunter River is, among other activities, busy preparing an autograph quilt, which has already netted this society a snug sum of money. Plans for a special Easter gathering are also being discussed with a view to further augmenting the funds.

THE MARKETS

(Canadian Press)
 OTTAWA, Ont., March 13.—Advice from Vancouver states that a total of eight cars was shipped from that market to New Zealand last week.

MONTREAL—The egg market here continues firm under a good demand. Dealers anticipate that requirements by western purchasers will cost approximately extra 30 cents; first 38 cents; second 35 cents.

BIRTHS

TURNER—At O'Leary, on Feb. 29, to Mr. and Mrs. W. E. Turner, a son.

DEATHS

RENTON—At the P. E. Island Hospital on Tuesday, March 13th, Mrs. Alexander Renton, of Georgetown. Funeral notice later. Remains at the McLean Funeral Home. Interment will be made in Georgetown.

 THE GUARANTEED OINTMENT—RELIEVES AND HEALS

cents delivered for arrivals up to the 20th of the month.

WINNIPEG—Heavy receipts on Friday and Saturday brought up the total for the week ending March 10th were 3830 cases. Dealers are quoting country shippers extra 34-35; firsts 32-33; seconds 25 delivered cases returned.

EDMONTON—Local dealers continue to buy from country shippers at extras 26; firsts 24; seconds 18 at counter points, cases returned. Receipts continue to hold up quite well and the quality is good.

VANCOUVER—This egg market is unchanged with dealers continuing to buy from producers at extras 25-28 cents; firsts 22-5 cents; pullet extras 20-22 cents. Receipts are holding about steady. Some cars have been sold to the east for delivery this week at extras 32; firsts 29 F.O.B. Incubation is now in full swing on the coast.

HALIFAX—Egg production here is holding fairly even and some eggs are arriving from P. E. I. Dealers are quoting country shippers for ungraded eggs delivered extras 40; firsts 38; seconds 22.

MONTREAL—The export trade in Canadian grain here today was quiet, there being practically no demand from any source. The domestic grain was also dull but prices for all lines were well maintained. In sympathy with the strength in cash wheat at Winnipeg a stronger feeling developed in the market for spring wheat grades of flour and prices were advanced ten cents per barrel. The local demand was good and a moderate amount of business was also worked with foreign, the undertone to the winter wheat market was firm under a fair demand. The feature of the millfeed trade was the stronger feeling that developed and prices for all lines were advanced one dollar per ton. This was attributed to the good demand from all sources. An active business was done in all grades of eggs and prices were unchanged. The receipts were 3.50 cases. The strength that prevailed in the potato market on Monday was more pronounced and prices scored a further advance of fifteen cents per bag. The demand was steady. The trade in imported beans was fair and prices were steady. Sales of car lots of choice white handpicked were made at \$3.50 per bushel, extra track and smaller lots at \$3.60 per bushel ex-store. The undertone to the butter market was stronger and prices were marked up another 1-2 per lb. But volume of business was small. The receipts 7 packages. Extreme dullness marked the trade in cheese but prices were unchanged.

Summerside Firemen Defeat Amherst

SUMMERSIDE, P. E. I., March 13.—The Summerside fire fighters maintained the hockey prestige of Prince Edward Island tonight by defeating the hockey team from the Amherst fire Department two goals to one. The game was quiet and uneventful throughout, slow ice making it practically impossible for either team to get going.

Y. W. C. A.

(Continued from page 1)

Wednesday evenings we hold our Bible class, taking up the writings of St. Paul. Our family prayers are a helpful closing to each day, and we are quite sure the memory of this little service will remain with the girls long after they have left the "Y".

We feel we should not forget the needs of others when we have so many blessings, so this winter we have been doing a little social service work. At Christmas we gave the gift of \$5.00 to a family and since then have provided an invalid girl with extra milk tickets that she may have the needed nourishment.

We are most thankful that we have been kept from serious illness during the term, but we have had to go through the ordeal of vaccination. Last year eleven of our students had to be treated, and this year four. I feel very keenly the importance of compulsory vaccination for students entering Prince of Wales College. They are just as

properly. About five hundred fans were in attendance. Captain Ralph Silliphant of the Crystal team was the man with the whistle and received a great ovation when he took the ice.

The only tally made by the visitors was scored by Lowther in the first period who made a brilliant solo run from his own defence line and counted nicely past Corney's pads. The Summerside firemen's first score was made in the second period, Mountain getting a rebound from a shot by Schurman and slugging in a hot one at short range against Chapman who failed to save. The third and final score was chalked up by Montgomery, who up to that time had practically the majority of shots against the Amherst net.

The line-up was:

Summerside	Amherst
Goal	B. Chapman
E. Corney	Defence
J. S. Wright	H. Grimsby
L. Rogers	J. Chisholm
Forwards	
J. Schurman	L. Lowther
C. Montgomery	L. Biggerman
A. Johnston	D. Chisholm
Subs	
J. Mountain	J. Farrow
R. Tanton	W. Farrow
W. Woodside	K. Second
E. Ferguson	

Young Mens Commercial Club

The weekly luncheon of the Young Mens Commercial Club was held in the Willingdon room of the Victoria hotel on Monday evening, the chair being occupied by Mr. Norman Lowther.

The election of the executive and the board of the directors took place. The incoming executive were Messrs. Frank Clarke, president and William Gillis, vice president and S. J. Jones, secretary, while the retiring executive were Messrs. D. Bethune, P. Noonan and G. Buntain.

During the luncheon, which was much enjoyed by all, brief but effective speeches were made by the incoming president and the retiring president.

A quartette, composed of Messrs. Roy Quigley, Leigh Dingwell, Art Bruce and Jack Sterns, entertained the company with many well chosen numbers in the course of the evening.

On fishing trips take Minard's.

liable to infection as those attending the public schools, and surely rampant in our city this winter, we ought to do everything to protect our young people, for a healthy mind and body is absolutely necessary to the successful life of a student.

It is interesting and encouraging to go over the list of girls, numbering 102 who have been in residence here since I came, and follow them as they go out in the world. The greatest number are teachers, next those who are following the profession of nurses, others have taken up a business course, and some have married. I receive letters from them from time to time, they are glad to keep in touch with their old home, and at their request we are forming an Alumni, so that letters and reports may be exchanged with each other, which will be a great means of encouragement to many, especially those who have left the Island.

There are other activities which share the privilege of our home. Meetings are held by The Protestant Orphanage, the Girl's Work Board, and a Literary Club, under the leadership of Prof. Steele, and Mr. E. H. Rogers meet each Tuesday night for a study on English Poets.

We had a very busy summer, looking after many guests. Each year our home becomes more popular, and it is a privilege to give a restful holiday to tired teachers, nurses and business girls, for these make up the greater part of our household. Some come back each year, others tell their friends, and there are many happy reunions. Two guests opened a gift shop in the gymnasium, and carried a pretty and inexpensive variety of gifts for which they had ready sale. We hope to have them again this summer. Inquiries are coming in for accommodation, and we have been asked to take as many as possible during the Medical Convocation which will be held here in June. May we again suggest that better plans be made for transportation to the beauty spots of our Island. It is a pity to have anyone leave without seeing them, and in many cases this too expensive unless a party can be made up.

Again we are indebted to the Trustees of the Cundall Estate in looking after our comforts. The house has been re-roofed, all necessary improvements made. The ice house re-lined, the gymnasium repaired, and they do not complain when the many coal orders are sent in. As an association we carry on the repair and improvements in the interior of the house and we should always feel it a privilege to keep this gift of the late Mr. Cundall in good condition. We are glad to know that Mr. Geo. DeBligs and Mr. W. A. Stewart, have been added to the Board of Trustees, and we ask for their co-operation, and interest in our work. We are indebted to Mr. and Mrs. A. E. Morrison for the gift of two pictures for our drawing room.

From time to time we are called upon from the Immigration Department to care for newcomers. This work is chiefly in the summer, when we look after the individual, or family, and put them in touch with those who will be interested in them.

Our gymnasium is supplying a need, notwithstanding the many other attractions. In this department we always work with other organizations in order that we may not overlap. In these days of distraction, leaders should be united in giving the girl the leadership she needs without taking her too often from her home. Classes in volley

ball, basket ball and calisthenics, are held each week.

I regret that a number of our board retire this year as their term expires, they have filled their office faithfully, and we will miss them. Our Associate Secretary has given an outline of the work done by them during the past season, and I would like to endorse her report by appealing for more Associates. It is the only appeal we make to the Public and we should have double the number on our roll. Let us make this year the best in the history of the Association, not simply from the material side, but in having our work so carried on that the young girls who leave our home will have before them a right vision of life and a realization of the place they should take in the world and the building up of the Master's Kingdom.

In closing my report I want to thank my trustees, my board and my associates for all their kindness and means of encouragement. In co-operation there is strength, and we may earnestly mean the words of our Associate Prayer, "God grant that all our work for the spiritual and social welfare of girls, may be carried on in wisdom, love and patience."

Respectfully submitted,
 HARRIETT D. McCOLLUM
 Gen. Sec'y

ASSOCIATES REPORT

In presenting the Associates report, it is gratifying to know, we have one hundred and ten members, included in this number an executive board of eighteen.

A membership fee of one dollar is paid annually by each associate, three sustaining members, who pay a yearly fee of five dollars, and two life members.

Associate fees are used as follows: Twenty-five dollars yearly paid to the Young-Womens Christian Association Missionary Work, in India.

Twenty-five dollars each year, is our allotment to the National Council, also a fee of three cents per member, from each branch as a thank offering fund.

To the C. G. I. T. summer camp, one girl is sent each year, as a guest of the Y. W. C. A.

During the year a letter was sent requesting the mothers, of the girls in residence, to become associate members, we were disappointed in the result, only two mothers responding, if parents fully realized the splendid advantages of the home for their young daughters, we believe more interest would be taken in this good work.

Several afternoons for sewing have been given by a number of our members, in this way, the linen is made up, and renewed, without expense to the institution.

The executive appreciate the gift of a number of magazines, from some of our members, and would be glad, if to this good cause, a larger number could be added.
