**Mount Allison Alumni Meet**

On Thursday evening, February 2, a meeting of the Mount Allison Alumni Association was held at the spacious home of the Secretary, Miss Ruth Miller, Longworth Avenue, Charlottetown.

Over fifty former Mount Allison students and graduates were present.

Dr. A. C. Vincent, President of the Association presided.

The early part of the evening was devoted to the business of the Society.

A program had been prepared and several of the members contributed to the pleasure of the evening by solo and reading.

Mr. George Johnson gave a solo "Smiling Thru" as the opening number, which was much appreciated.

Mr. C. H. Black, representative of the Society at the October meeting of the Federated Council in Sackville gave a detailed report of this meeting as well as of the activities of the 30 Associations scattered over Canada and the United States.

Miss Margaret Sterns then rendered two very pleasing solos in her inimitable way.

Rev. W. S. Godfrey, Student Secretary of the Campus, who had been specially invited to be present, gave a short address covering activities at Mount Allison this year.

Both the University and the Academy show large increases in attendance, while the Ladies' College alone shows any decrease.

Splendid work is being accomplished, and many students are fitting themselves for life's work and to opportunities that lie ahead.

Prof. Sidney W. Hutton in May will complete 50 years continuous service at the head of the Mathematical Department at the University.

This is unique as far as any Canadian University is concerned and it is proposed that several Scholarships be established to thus honor the man and the University.

This is being arranged through the Federated Council of the Alumni and Alumnae, and a suitable presentation will be made during Commencement Exercises. Miss Frances Coffin, graduate in Oratory, contributed to the pleasure of all present by rendering a splendid reading.

Business having been disposed of, College songs were sung, and the College Yell given, all of which recalled former Mount Allison days.

The remainder of the evening was given over to social intercourse, and refreshments were later served by the ladies.

It was agreed that the annual meeting would be held during the week of May 10th next.

A vote of appreciation was graciously presented by Prof. L. W. Shaw on behalf of all present to Miss Miller and her parents for their kind hospitality in entertaining the Association.

After the singing of auld lang syne and the King this most pleasant evening was brought to a close.

**ESTIMATES**

H. Stevens) what increases in staff had taken place during the past year. Mr. Stevens replied that six new assistant trade commissioners had been appointed during the past two years. He added that very definite benefit was accruing to Canada from the Trade Commissioners abroad.

Hon. J. L. Ralston (Lib., Shelburne-Yarmouth), remarked that revenues were very much lower now than in those years when the appropriation was larger.

Mr. Stevens, in reply to further statements by Mr. Ralston, said there had been no increase in salary to Mr. L. D. Wilgress as director of the Commercial Intelligence Service, who was receiving the same salary as he had received at Hamburg. A man had been transferred from Athens to Hamburg to replace Mr. Wilgress at Hamburg, leaving the assistant trade commissioner at Athens to carry on.

Hon. Charles Stewart (Lib., Edmonton West) declared that the government had raised so many trade "barriers" by its tariff policy that he was not surprised that there had not been more trade commissioners appointed. He was not being "camouflaged" by the trade statistics which Mr. Stevens had quoted.

G. G. Coote, (U. F. A., Macleod), suggested that if Canada had trade agents in Russia, this country might be able to negotiate some kind of a barter deal which would be of advantage. For instance the Dominion might be able to barter some of her surplus wheat for Russian kerosene and oil. Of course it would not be possible to do this unless Canada had agents to represent her in Russia.

Mr. Coote also suggested that Canada should put an expert on the milling of wheat over in Europe to visit European wheat-consuming countries and show them the superiority of the Canadian product.

It was hoped, said Mr. Stevens, to equip the Canadian Trade Commissioners in Europe so well that they would be able to do the kind of work suggested by Mr. Coote.

On the question of barter with Russia, Mr. Coote must be aware that the Russian government now controlled the entire trade of that country. Therefore the establishment of Trade Commissioners there would be of little value.

He preferred not to discuss the question of barter which the Prime Minister had dealt with a few days ago, said Mr. Stevens.

The item for Commercial Intelligence Service was still under discussion at six o'clock.

**DOUK LEADER**

(Continued from Page 1)

was confirmed by passengers arriving at the Halifax station, where a crowd had gathered to see the Doukhobor leader. Meanwhile inquisitive reporters were storming the office of H. M. Grant, immigration agent, to ask when Verigin would be deported. Immigration guards refused to allow them into the office and Agent Grant refused to talk.

A. Ryan, Halifax barrister who has been retained by the Christian Community of Universal Brotherhood to represent Verigin in any discussions that may take place with the immigration officials, found himself in the same position as the reporters. An hour after the prisoner arrived Mr. Ryan was still endeavoring to see Agent

**DOUK LEADER**

(Continued from Page 1)

Makaroff announced tonight a plane had been chartered for 4.30 a.m. in the morning to fly them to the Nova Scotian port. He said they hoped to see Verigin, either in the detention shed or aboard the vessel that will carry him to Russia. The attorney added that "any last minute legal effort that is possible" will be employed in Verigin's behalf.

Makaroff was accompanied by S. F. Reiten, Verigin's secretary. Later tonight J. P. Shukin, vice-president of the Brotherhood, arrived in Boston and the three planned to charter a plane for Halifax and take off in the morning. They desired to confer with the leader as to the future plans of the Doukhobor colonies and feared the Canadian authorities might ship him out of the country before they had a chance to see him.

The authorities refused to name the ship on which Verigin will be deported, but the Montclair, which sails tomorrow night, has 70 deportees on board and it is thought he may be shipped with them.

(Continued from Page 1)

men. No one in the district could give other than vague descriptions. An argument was noted and one witness declared all three seemed to be fighting when the car passed him. The driver is being sought.

Police believe Langevin was hurled into his barn by one or more men, and beaten to death. An attempt was then made to dismember the body but apparently there was an interruption. The body was covered with hay. Some seven days later it was taken to the nearby river where a passer-by found it yesterday.

Dr. Rosaire Fontaine, provincial medico-legal expert, in his autopsy found the skull had been fractured in three places, in all probability by an axe. The left thigh was partly severed while other marks, including pitchfork tine wounds, were numerous.

A man is detained at provincial police headquarters pending the inquest. Police are at a loss to account for the fact that Langevin's dark, heavy overcoat with a lamb collar is missing. He wore it to church on the fatal morning.

A widower for eight years, Langevin had five children, three sons and two daughters, all of whom lived with him on his farm, situated on the northwest of Montreal Island.

serted: "when I find in every session since I have been here, J. S. Woodsworth, (C. O. F. Leader) always getting to his feet and bringing a country in which there is complete state control and find him now the leader of this new social movement and find the utterances of his supporters lead to state control then I think I am justified in concluding the C. O. F. is Communism. It may be Communism without the bloody revolution, Communism without what these gentlemen call bureaucratic control, but I say as a matter of fact the C. O. F. is Communism and Communism is the C. O. F."

"Absolute rubbish," shouted members of the Labor-Progressive-United Farmer group now operating under the C. O. F. banner. But they were outnumbered—when the West York member sat down Liberals joined the Conservatives in loud applause and the next C. O. F. speaker was forced to shout above the cheers that came from the Government lobby.

**JAPS BELIEVED**

(Continued from Page 1)

the past week, all of which the Japanese reeked they have turned back. The Japanese occupied the city in the great wall of China, early in January about the time Shanhaikwan also was taken over.

**Japs Moving up Troops**

Japanese said that the Chinese troops which engaged in the attack were commanded by General Ho Chu-Kuo, Chinese commander who was driven out in the occupation of Shanhaikwan.

Meanwhile foreign advices were that Japanese troops in large numbers were being moved southward on the Manchurian railway from Mukden, leading to the belief that an important offensive against Jehol is planned. The Japanese intend to annex Jehol to Manchukuo.

Information that Chiang Kai-Shek will be given 30,000 additional men to assist in the campaign against Chinese Communists in Kiangsi Province came from Canton today. When that campaign is over, it was said Chiang's troops will be sent northward to assist in operations against the Japanese and command of the new force probably will be given to Tsai Ting-Kai, who commanded the Chinese 19th Route Army in the defence of Shanghai last year.

**LUMBER**

(Continued from Page 1)

tries have decreased. In the first half of 1932 Canada exported 130,960 M. feet of planks and boards to Empire countries while in the second half she exported 152,041 m. feet.

"The automobile industry is another Canadian industry which is showing more activity owing to increasing markets in Empire countries. The index for employment in industries manufacturing automobiles and parts stood at 57.9 in January as compared with 56.9 in January, 1932 and 50.9 in December last. Exports of vehicles to countries within the Empire in the first half of 1932 amounted to \$1,022,090 and in the second half of the year to \$3,466,169. Great Britain was the principal Empire country to import Canadian-made vehicles and it increased purchases from \$184,471 in the first half of the year to \$948,734 in the last half.

Exports of vehicles to British South Africa increased in this period from \$217,298 to \$658,689; those to Australia increased from \$132,525 to \$559,747 and those to New Zealand from \$31,293 to \$207,142.

**COOL GUNMAN**

(Canadian Press)

TORONTO, Feb. 3.—Toronto's police force tonight swept through the city's byways in search of a cool gunman who today robbed the Royal Bank branch at Wellesley and Church Streets and escaped with \$3,000 after an alleged companion had come off second-best in a rousing gun-fight.

The wounded man is Joseph Girouard, Detroit, and tonight he is under guard awaiting trial for armed robbery. He exchanged a number of shots with policeman Oswald Brown on a busy uptown corner, and finally surrendered after the policeman had shot him in the arm and chest.

**DISARMAMENT CONFERENCE**

GENEVA, Feb. 3.—(C. P. and A. P. Cable)—France, solidly backed by her supporters Belgium and Czechoslovakia, received a strong setback in the world disarmament conference today when the British spokesman in plain terms declared the time had come for actual disarmament and there was no need of further security pacts before this commenced.

The French armaments argument, that fresh international pacts guaranteeing security are necessary before disarmament can proceed, was strongly countered by Captain Anthony Eden, British Under-secretary for Foreign Affairs, who delivered the British case in the absence of his chief, Sir John Simon.

"In the search for new safeguards for peace, we must not overlook those which already exist," he told the conference. He considered the Locarno Treaty outstanding even in relation to the League covenant of non-aggression and the Paris Peace Pact.

Declaring flatly the British Government was not disposed to become a party to any new security pacts on the continent, the British spokesman said "the time has now come to quit talking disarmament and to begin acting disarmament."

**PROPAGANDA FOR VERIGIN IS DISCOUNTED**

**Doukhobor Leader Unlikely To Attract Attention In Russia.**

(Canadian Press)

OTTAWA, Feb. 3.—The Canadian Government received permission from the Soviet Government to return Peter Verigin, spiritual head of the Doukhobors, to Russia. So far as the Department of Immigration is aware he will receive no special attention when he arrives in Russia.

"As far as we are informed," said an official of the Department, "Peter Verigin was a free man when he left Russia. The Soviets were already in power there so there is no reason to suppose that he will not be a free man when he goes back."

Replying to the suggestion that Verigin might be shot when he reached Russia, the official explained that this was an old plea. In very many cases persons about to be deported have told the Department that they were not on good terms with the government of their native country and would be executed as soon as they arrived. Many being sent to Russia have made the same plea.

"The department has never heard of a single instance where a deportee from Canada has been executed on his return to his native land," this official declared. "Verigin has not been very successful in keeping himself within the laws of Canada and may encounter difficulties in Russia but as far as we know the Soviet has nothing against him at present."

**EX-KAISER**

(Continued from Page 1)

"No, not even then," Baron Von Sell replied. "His Majesty's standpoint remains unchanged."

Were Wilhelm nevertheless to return, he probably would first be struck by the absence of military uniforms on Berlin streets and the presence of brown shirt party uniforms.

Entering by way of the Brandenburg gate, he probably would be amazed to find all sorts of piebald vehicles passing through the central of the five spaces there. In Imperial times only Imperial cars would pass through the middle lane.

**EX-KAISER**

(Continued from Page 1)

The funeral which took place on November 26 was conducted by Rev. D. McL. Sinclair from Ugg Baptist Church to Ugg cemetery. The hymns sung included "Nearer My God to Thee" and "Abide With Me" and the deceased's favorite hymn "My Saviour first of all" was beautifully rendered by the choir. The pall-bearers were Messrs. Wm. F. McKinnon, Eric Scott, Gordon McLeod, and James Martin.

Beside a sorrowing widow and his father and mother there are left to mourn three daughters: Wm

**Drowning Was Accidental Jury's Verdict**

That Hubert Vaughan came to his death by accidental drowning was the verdict brought in yesterday by a Coroner's jury empanelled to inquire into the tragic accident which occurred at Ing's Pond at Mount Herbert on Thursday.

The inquest was held in the Grand Jury Room in the Court House yesterday before Coroner Dr. Leo B. McKenna and the following jury:

Peter Sinclair, foreman; Karl Kelly, Alex Coady, G. J. McEachern, Lawrence McInnis, Ivan Reddin, Lloyd Carleton.

Five witnesses, Constable P. F. Morris of the R. C. M. P., Messrs. Roy Pippey, Victor Sorenson, Harley White and Fred Coady testified.

The evidence showed that the deceased left the home of Mr. Pippey with whom he was employed about 7.30 Thursday morning in the best of spirits, carrying a shovel, axe and saw, for work at the pond where he was employed harvesting ice. When he failed to return at the noon hour Mr. Pippey became anxious and went to the scene of operations but saw no sign of deceased or implements. Thinking he probably went to a neighbor's Mr. Pippey inquired at homes in the locality and hearing nothing of him telephoned the R. C. M. P. Officers on arriving grappled through the hole in the ice, which was about ten feet square and brought the body to the surface.

The funeral will be held this afternoon.

**IN MEMORIAM**

THOMAS HYNES

There passed peacefully away at Alberry Plains on December 8th, 1932, Thomas Hynes, aged 86, an old and highly respected resident of that place. Deceased had been in good health until two weeks before his death. He was frequently visited by his pastor, Rev. P. D. McGuigan, who administered to him the last rites of the Roman Catholic Church of which he was a devoted member. He was an honored, upright man of fine character and loved by all who knew him. He leaves to mourn a sorrowing widow, two daughters, Mrs. John Mahar, Rumford, Me., and Mrs. Joseph Duffy, Emyvale, P. E. I., who was with him during his illness and adopted son, Martin Hynes, Summerville, P. E. I., nephew of the deceased. The funeral which took place to Vernon River Church, despite the bad roads, was largely attended, the services being performed by Rev. P. D. McGuigan. The pall bearers were Robert Coady, Thomas McLean, Edward Collings, Michael Donnelly, Albert Curran and Charles McEachern. Rest in Peace. (Patriot Please Copy)

FENTON TYNER DAWSON

Fenton Tyner Dawson died at the Provincial Sanatorium, Charlottetown, on November 24th, 1932.

Born at Tryon, January 15, 1906, youngest son of Bruce and Maria Leard Dawson, he had not much more than entered upon a life, which, rich in many happy friendships and the love of those who knew him best, promised much for the future. The greater part of his boyhood was spent at Ugg, P. E. I., where his parents moved in 1909. Here he grew into manhood and on June 30, 1925, married Doris Britton, adopted daughter of Dr. M. Martin, Grandview.

In January 1931 Mr. and Mrs. Dawson left Dundee, in which community they had made their home, moving to British Columbia where for some time he was in poor health. Returning in September 1932 he entered the Sanatorium where all that medical science and devoted nursing attention could do proved of no avail. The brave fine spirit which was his became but the more clearly seen when towards the last he suffered considerable pain. Death came beautifully; a last word "glory" smilingly murmured, and the spirit loosed from the flesh fled into its Maker and final rest.

To such an unconquerable soul what we call death must surely seem but the opening door to some glorious adventure into God's infinite Beyond.

The funeral which took place on November 26 was conducted by Rev. D. McL. Sinclair from Ugg Baptist Church to Ugg cemetery. The hymns sung included "Nearer My God to Thee" and "Abide With Me" and the deceased's favorite hymn "My Saviour first of all" was beautifully rendered by the choir. The pall-bearers were Messrs. Wm. F. McKinnon, Eric Scott, Gordon McLeod, and James Martin.

Beside a sorrowing widow and his father and mother there are left to mourn three daughters: Wm
