Terms Cash.
J. A. McDONALD Auctioneer.

BESSBOROUGH LOSES BALANCE AND UPSETS TRAIN
 WINNIPEG, April 24—Canada's governor general was in a train wreck here, losing the world's most famous train. Lord Bessborough was asked to take a ride on Frank Padwick's model train, drawn by a miniature locomotive along a 140 foot track.
 Half way down the track, as the train reached the dizzy speed of eight miles per hour, His Excellency lost his balance and the little flat car on which he was riding toppled down the two foot embankment, carrying the rest of the train with it.
 A rescue party including Premier John Bracken, Mayor Ralph Webb, and W. Sandford Evans, M. P., rushed to Lord Bessborough's rescue and when the train was restored to the track, His Excellency resumed his journey.

WOMAN ON MINIMUM WAGE BOARD IN QUEBEC
 MONTREAL, April 25—(C.P.)—Because it is "really helping humanity," Mrs. C. Ewing finds her new work as a member of the Quebec Minimum Wage Board interesting.
 Mrs. Ewing is the first woman appointed to the Board.
 She was interested for many years in public welfare. Her husband, the late James Ewing, was president of the Town Planning Institute of Montreal. She was well known in musical circles before her marriage to a Claude Masse.
 "A woman will tell a woman more readily than she will tell a man," said Mrs. Ewing. "I am sure she should get a living wage and have to see that workers receive their just due."

INCREASE IN PILOTS
 (By The Canadian Press)
 LONDON, April 24—Latest air ministry figures show that in 1933 there were 9,000 licensed civil pilots and 1,000 registered aircraft in the United Kingdom, an increase over the previous year of 267 pilots and 74 machines.

RAW SUGAR IMPORTS
 OTTAWA, April 24—More than half of Canada's raw sugar imports of 20,521,000 pounds in February came from the F. H. Islands. Imports of refined sugar have been increasing, 731,800 pounds having been brought into Canada in January and February as compared with 312,100 in the same months of last year.

BIRTHS
 HARPER—At the P. E. Island Hospital, April 25, to Mr. and Mrs. James Harper, City, a son.

MARRIAGES
 MYERS—McKARNEY—At St. Dunstan's Basilica, by the Rev. Leonard McDonald, Miss Ethel Myers and Stephen McKarney, both of this city.
 DAY—NICHOLSON—At the United Church, March 26, Rev. Gordon C. Pringle, John Day, of Moncton, to Hilda Ellen Nicholson, of Milltown.

DEATHS
 COWAN—At Mt. Stewart on April 25, 1934, Mrs. Thomas Cowan, aged 82 years. Funeral from her late residence today at 2 o'clock. Interment Mt. Stewart Cemetery.
 RIMES—At Waterville on April 24, Florence Mary Grimes in the 16th year of her age. Funeral Thursday morning to Fort Augustus Church.
 MACKAY—At Los Angeles, California, on April 13, 1934, D. J. MacKay, 62 years, son of the late Wm. G. MacKay, Sea View, Prince Edward Island.

IN MEMORIAM
 In fond and loving memory of my dear husband, John Silliker, who passed away April 26, 1923.
 We who loved you sadly miss you. It dawns another year, and I am remembered, longed for, always.
 Thoughts of you are always dear.
 Time may help the broken hearted, but it may make the wound less sore and may help never stop the longing for the loved one gone before.
 Inserted by his wife, Lydia Hall Silliker and Family.

Wonderful Record Of Increased Popularity For Shredded Wheat

BILLIONTH CANADIAN SALES MESSAGE THIS MONTH
 Advertising message No. 1,000,000,000 for "Shredded Wheat" in Canada will appear next month. Records kept by The Canadian Shredded Wheat Company, Ltd., show that, through the consistent use of newspaper and magazine advertising during the past 35 years, this staggering total of sales messages will be reached. Naturally, the consumption of "Shredded Wheat" in Canadian homes has enjoyed a phenomenal increase during these years until, to-day, there is hardly a place in Canada where "Shredded Wheat" is not enjoyed daily in most homes.
 No amount of advertising could have put "Shredded Wheat" where it stands to-day in its popularity with Canadians if the product itself were not of sterling quality. Being made from "number one" Canadian wheat, with nothing added and nothing taken away, it compares to the medical advocacy of whole wheat as the ideal diet when served with milk or cream. Preserves or fresh fruit in season are an additional delight. Hot or cold, summer or winter, it is equally enjoyable and nutritious.
 And "Shredded Wheat" is made in Canada, by Canadians of Canadian wheat in the wonderful modern plant at Niagara Falls, Canada. It is hardly an exaggeration to refer to "Shredded Wheat" as "Canada's national breakfast-food."

AT BASILICA—Mass will be celebrated this morning at the Basilica at 8:15 in honor of Our Lady of Good Counsel and this evening at 7:15, Solemn Benediction of the Most Blessed Sacrament, with a sermon by the Rev. Father Fleming, C.S.B.
DEW PRIZE—The Lottery conducted by the League of the Cross Bank for a handsome prize and a sermon by the Rev. Father Fleming, C.S.B., was drawn for Monday night and was won by Miss Mary Kelly, 76 Pownall St., City.

THE FUNERAL of the late Mrs. P. S. Bradley leaves her late residence, East Bondy, this morning, coming to the city by the Norwood Road to St. Dunstan's Basilica, thence to R. O. Cemetery.

PASSED AWAY IN LIVERPOOL—Mrs. Wallace McDonald, City, received word yesterday that her cousin, Capt. John Walsh, passed away in Liverpool, England, on Feb. 23. The late Captain Walsh was well known in Prince Edward Island.

ROADS OPENING—The roads connecting Charlottetown with the fishing centres are drying up rapidly. Several cars have come through from Summerside during the last two days, and the road is now open to Moreil. Several muddy areas on the road prevent traffic opening between the city and Georgetown and Montserrat.

FUNERAL SERVICES—The funeral of Mr. William Gass was held on Sunday at 2 p. m. from his late residence to Freedom Cemetery. The Rev. Father Fleming, C.S.B., officiated at the house and grave. The pallbearers were Messrs. John Weeks, James Murray, Nelson Murray, James McGowan, Thomas Wigmore and Charles McKenna. (Patrol please copy).

ROCKY POINT FERRY—It is hoped to inaugurate the Rocky Point ferry service this afternoon or Friday morning. The steamer has been repaired and overhauled. It is now in good shape for the season, as are also the landing slips on both sides of the river. Last year, owing to better weather conditions, the service went into effect earlier in the month.

MOTORED FROM SUMMERSIDE—Except in the vicinity of Bonshaw, the highway between Charlottetown and Summerside is in good travelling condition, reports Mr. Daniel J. Sweeney, who yesterday motored to the city from the Prince County Capital. This is believed to be the first automobile trip of the season through Bonshaw.

CELEBRATE ST. GEORGES DAY—In honor of St. Georges Day a grand seventy-five members of the Sons of England enjoyed Bridge and Auction in their Lodge room, Wednesday evening. The guest of honor was Mr. H. A. Ebers and among those present was Mr. H. J. Love who entered into the spirit of the occasion with as much enthusiasm as the younger members. The members are indebted to Mr. A. E. Toombs for the loan of a radio for the evening.

ELDON BRANCH CANADIAN LEGION—The regular meeting of the Eldon Branch, Canadian Legion was held on April 14th at the home of Hon. J. D. McDougall, with the President, Com. Dan Ross in the chair. Although the night was unpleasant, a large number of members were present, and all contributed helpful suggestions for the welfare of the Branch. After the routine of business was reported, their concert and play will be ready after the first week of May. The date to be announced later. Although the winter has been the most severe for many years, this branch has not missed a meeting, having met during the cold weather at the homes of different members. At the close of the meeting, lunch was served by Mrs. J. D. McDougall, which was much appreciated by all present.

Livestock Marketing Board will load hogs and good veal calves during the first week in May as follows: Tuesday, May 1st, Souris, St. Louis; Wednesday, May 2nd, Kensington; until 11 o'clock, Albany, 10 to 3 p. m., same date. List stock to your secretary early. We want 10 to 20 good veal calves weekly. Brood sows for sale. L-3088

WIND HALTS GEESE ON NORTHERN TRIP ACROSS MANITOBA
 ROSBERG, Man., April 24—High winds interrupted the migratory flight of huge flocks of wild geese here recently. Thousands of the birds, unable to make headway against the 30 mile an hour blow, halted for the week end in this locality, about 18 miles northwest of Winnipeg.

 FOR SALE—NEW CABRIOLE complete with wheels and axle, 400 cash. Fulton Robertson, Hunter Street. L-3088

HANDS OFF

(Continued from Page 1)
 A navy up to treaty strength whenever he considered it desirable.
TOKYO, April 25—(Thursday)—United States Ambassador Joseph G.rew visited Foreign Minister Koki Hirota at 12:30 p. m. today to discuss Japan's recent declaration of policy concerning China. The visit of the envoy was in accordance with instructions from Secretary of State Cordell Hull in Washington.
 Previously, it was understood the State Department had asked the Japanese Embassy in Tokyo for a careful translation of Tokyo press statements, but no official request had been made for formal diplomatic representation.

DIPLOMATS CONFEE
 WASHINGTON, April 25—Japan's warning that foreign aid to China would be considered as endangering peace in the Far East has resulted in a series of informal conferences between Secretary of State Cordell Hull, Under-Secretary William Phillips and diplomatic representatives of a number of the countries signatory to the nine-power treaty.

President Roosevelt let it be known that he expected to confer with Hull on foreign affairs, including the Japanese manifesto, but the Secretary of State did not go to the White House today.

During the day, Italian Ambassador Rosso, Chinese Minister Shen, and Dutch Minister Der Waak, all called on the State Department and conferred with either Tull or Phillips.

LONDON, April 25—The United Kingdom tonight eagerly scanned reports from Tokyo that the British Ambassador had been informed the "hands off China" declaration was a clear exposition of Tokyo government policy, although unofficial at the time it was issued.

Sir John Simon, Foreign Secretary, was unable to give the House of Commons any information when he was questioned on the situation, described as an ominous one by leading newspapers, declaring it would probably be some days before he would be able to present a report on the conversations between the British and Japanese Governments.

Press Staff Writer
 GENERAL, April 25—Indications that China will sound out signatories of the nine-power treaty to determine whether an appeal against Japan would have their support or would merely result in another Japanese diplomatic victory charge that Japan seeks to dominate Asia and the Pacific was made by Chi Tsai-Hu, Chinese Minister to Switzerland, who even drew a picture of Japan dreaming of world supremacy.

To state this he cited from an alleged memorandum of the late Premier Gulichi Tanaka, which declared to conquer the entire world, conquest of China is essential.

The Chinese minister to newspapers replied to the statement here by Masaki Yokosama, Japanese Consul General, which pictured Japan as a source for social welfare in the Orient.

He attacked Japan's "good intention" pact for setting herself up in a recent declaration of policy as "the judge to decide what is good for China."

Working Miners Are Attacked By Strikers

(C. P. by Guardian's Special Wire)
MINTO, N. B., April 25—With police reinforcements on duty tonight, quiet continued after a brief clash between striking coal miners and non-strikers in this district. Three were injured but seriously, when a large group attacked a small party of Minto coal company employees today, and seven alleged members of the attacking force were arrested and remanded until May 3.
 The workers were proceeding towards the mines this morning when intercepted by a mob who wielded clubs and took away the men's equipment. Apparently 350 members of the Royal Canadian Mounted Police put the attackers to flight into nearby woods. Eleven additional members of the R. C. M. P. were sent to the scene from Fredericton and no further trouble of a serious nature was expected.

William Pitt was painfully injured about the face and head. Two other workers beaten with clubs, Edward Galiste and Alfred Blackler, were taken to minor hospitals. Those arrested were Albert Richard, Edmund Boudreau, John Richard, John Vanyek, Fred Clark, John Legeze and Clifford Hoehy.

Demanding higher wages and changes in working conditions, 250 members of the Minto Coal Company have been on strike for three weeks. They were joined recently by 150 employees of Welton and Henderson. The other four large coal companies in this district are working as usual.

D. J. MACKAY
 The many Island friends and relatives will regret to learn of the death of Mr. D. J. MacKay, 4223 11th Avenue, Los Angeles, California, on April 13, 1934. Mr. MacKay was born in Prince Edward Island, and was the eldest son of the late Wm. G. MacKay, Sea View. He had been in failing health since 1929, but had a great stroke in 1933, from which he never fully recovered.

He leaves to mourn, his widow, one son and three daughters in California, also the following sisters: Mrs. Wm. Cousins, Baltic; Mrs. John Johnson, Baltic; Mrs. Wm. J. Payne, Burlington; Mrs. H. N. Donald, Sea View; Mrs. E. N. Ramsay, Boston, Mass., and one brother, Mr. Frank MacKay, Sea View. Another brother, Norman, predeceased him two years ago. Sincere sympathy is extended to the bereaved. (Patrol please copy)

MRS. JOHN MALCOLM MCSWAIN
 The sudden and unexpected death of Mrs. John M. McSwain (nee Eliza Raulston Graham) at her home, Greek River on March 22, 1934, is a great shock to her many relatives and friends in this community but more especially to the bereaved husband and little son left in the home.

The deceased was a daughter of the late Benjamin Graham and died in her 62nd year. She was the widow of John M. McSwain, who died in 1910. She was a member of the Presbyterian Church and was a devoted mother and wife.

Her passing is indeed a loss to her many friends and neighbors and in an immeasurably greater degree to the nearer circle in her home. It is a comfort to know that she was a woman of sterling character, she was loved and respected by the large circle of relatives and friends in the community where she resided.

On Friday night she was fortunate in having Miss Gill come and demonstrate "Bed Making" after which a dozen girls tried to pass the "bed-making" test. Most of them were successful.

On Saturday afternoon nearly everyone in the Company went on a hike. This took the form of a "tracking" game and was greatly enjoyed.

"DOMESTIC CODE" FOR HOUSEWORKERS
 PHILADELPHIA, April 25—A "domestic code" designed to stop the luring of cooks and maids from their employment by other houses, was under consideration today by the Philadelphia Council on household occupations.

Mrs. Wayne W. Babcock, chairman of the council, revealed that the "code," called by members a voluntary household agreement, is in force in the homes of 250 households prominent in society in Philadelphia and vicinity.

The "code" provides for a 60 hour week and a vacation schedule for domestic employees; a 10 week minimum wage for a maid living in the house and \$18 to \$17 for a maid living elsewhere and buying all her own meals. The agreement also provides for compensation for overtime.

SOUTH PINETTE
 Standing of South Pinette School for March:
 Grade X-1, Laureta MacDonald; 2, Annalee MacDonald, 3, Marion Gillis.
 Grade VIII-1, Marion MacDonald; 2, Ruth MacLeod; 3, Catherine MacLeod.
 Grade VI-1, Donald Morrison; 2, Malcolm Nicholson.
 Grade V-1, Mary MacDonald; 2, Kenneth Gillis; 3, John MacLeod.
 Grade IV-1, Isabelle Morrison and Malcolm MacLeod (equal); 2, Walter MacLeod; 3, Billy MacRae.
 Grade III (Sr.)-1, David Morrison; 2, Donald Nicholson.
 Grade III (Jr.)-1, Alton Cantello; 2, Victor Hubley and Albert McDonald (equal); 3, Ernest MacLeod.
 Grade II-1, Belle Gillis.
 Grade I (Sr.)-1, Lucille MacLeod and Catherine Nicholson (equal).
 Grade I (Jr.)-1, Harold Cantello.

The police had photographed the convict in six positions and sent the pictures throughout the country asking the authorities to apprehend him promptly came the approval from the marshal of Hickville, Ontario, which read as follows: "Received the pictures of criminals. Have captured five of them and am on the trail of the sixth."

11 Year Old Girl Is Stowaway On S.S. Evangeline

(C. P. by Guardian's Special Wire)
SAINT JOHN, N. B., April 25—Who's afraid of the big, bad immigration men? Ruth McGrath, aged 11, of Malden, Mass., she seemed a bit frightened, anyway, when questioned here today as to how she stole aboard the S. S. Evangeline at Boston yesterday. Youngest stowaway ever brought to Saint John, the blue-eyed girl sailed back toward Boston tonight on the Evangeline.
 Detected by Canadian immigration officials and locked in a stateroom until the steamship began its return voyage, Ruth said her stay here rather gloomy. She was worth \$5,000 to the Eastern Steamship Lines, however, because if she had slipped ashore and disappeared the Company might have had to pay a penalty of that amount.
 The adventure began when the girl's mother, Mrs. William McGrath, gave her 10 cents for candy yesterday. Wanderlust proved stronger than the sweets, and she slipped ashore for a ride on the elevated from Malden to Boston. How she got aboard the Evangeline remains somewhat of a mystery. Ruth gave different versions, saying she had climbed up the freight gangway but Captain Ralph R. McDonald said he believed she had simply pretended she was with other children of a woman passenger. A steward found the young stowaway walking on deck after the Evangeline left Boston harbor. She admitted she had no ticket and just walked aboard to see the boat and go for the first time. The woman who wore a uniform was a captain to Ruth. Her chief complaint while locked in the stateroom here was that she could not get out to "play with the captains."

GIRL GUIDE NEWS

Second Charlottetown Co. (St. Paul's Church)
 Thirty-three Guides were present at last Friday's meeting. We were rather indebted to Captain Scarth of the First Company who kindly took charge in the unavoidable absence of Captain Ray.
 At campfire the White Heather patrol, under the leadership of Hilda Richardson, dramatized the ninth Guide law "A Guide is Thrifty." The general opinion was that this is the best act put on by any patrol so far.
 After dismissal, the Court of Honour passed one Guide from each patrol on her good carriage test, namely Jane McLaren, Lillian Block, Eileen Higgins and Alfreda Pickard.
 In order to help defray camp expenses this coming summer the Guides plan to put on an entertainment the end of May. What should prove to be an interesting and entertaining program has been arranged and practice will start at our next meeting.
 Third Charlottetown Company, (St. James)
 On Friday night we were fortunate in having Miss Gill come and demonstrate "Bed Making" after which a dozen girls tried to pass the "bed-making" test. Most of them were successful.
 On Saturday afternoon nearly everyone in the Company went on a hike. This took the form of a "tracking" game and was greatly enjoyed.
"DOMESTIC CODE" FOR HOUSEWORKERS
 PHILADELPHIA, April 25—A "domestic code" designed to stop the luring of cooks and maids from their employment by other houses, was under consideration today by the Philadelphia Council on household occupations.
 Mrs. Wayne W. Babcock, chairman of the council, revealed that the "code," called by members a voluntary household agreement, is in force in the homes of 250 households prominent in society in Philadelphia and vicinity.
 The "code" provides for a 60 hour week and a vacation schedule for domestic employees; a 10 week minimum wage for a maid living in the house and \$18 to \$17 for a maid living elsewhere and buying all her own meals. The agreement also provides for compensation for overtime.

Business Outlook In N.S. Improves

(C. P. by Guardian's Special Wire)
HALIFAX, April 25—Careful study of business conditions in Nova Scotia gives evidence of an improvement for the year ending March 31 compared with the corresponding year of the Commercial News, official publication of Halifax Board of Trade.
 "There is a more optimistic feeling among our people," the report continued. "There is certainly a larger amount of cash in circulation this year ago, and it is generally thought that while 'spotty' outlook for an increased trade this year is encouraging."
 During its survey the Board found shipping conditions in Halifax the best since war days.
 "During the first three months of this year gross shipping tonnage amounted to 5,227,274 tons, compared and cleared this year, compared with 4,976,253 tons last year—this being the banner month, contributing 2,254,484 tons, compared with 1,633,720 tons last year." Freight tonnage through the port in March totalled 285,400 compared with 144,600 for March 1933. The total for the three months ending March 31, 1934, was 66,426 tons compared with 44,071 for the same period of 1933.
 Exports from Halifax in the three months were valued at \$11,389,081 compared with \$9,988,811 for the same period last year.
 Customs receipts totalled \$63,221 for the three months, compared with \$56,297. Bank clearings amounted to \$23,993,743 compared with \$22,267,940.
 Turning to the province the report states "conditions in the fish business have improved somewhat over last year, inasmuch as the West Indies and South American trade have been purchasing at slightly better prices; the lumber trade is also looking up—there will be a very large increase in the value of lumber for the three months of this year compared with last year."
 "While there has been trouble in Pictou district in connection with coal mining, the output at the Sydney mines has improved by practically half a million tons over last year. The gold mining industry promises to improve this year owing to the new government's assistance in connection with equipping the mines with up-to-date machinery and methods.
 Enquiries from United States were taken as a promise of increased tourist trade in 1934.

Recommended Ontario Wheats

The Dominion Department of Agriculture through its Central Experimental Farm at Ottawa and the branch stations at Kapuskasing and Harrow, in co-operation with the Ontario Agricultural College at Guelph, for many years have conducted critical field tests on a large number of varieties of both spring and autumn sown wheats. Supplemented by local tests, the following varieties are recommended for different sections of Ontario. Spring wheat: Northern Ontario (the territory north of line running east from Cayuga Ottawa 62, Renfrew Ottawa 92, Western Ontario (approximately all the area south of "Northern Ontario" zone, and west of a line running north from Toronto) —Marquis Ottawa 16, Garnet Ottawa 62, Goose or Mindum. Eastern Ontario (approximately all the territory east of a line running north from Toronto to the Ottawa river) —Huron Ottawa 3, Marquis Ottawa 15, Reward Ottawa 92, Garnet Ottawa 62, Goose or Mindum. Dawson's Golden Chaff, O. A. C. 104, Junior No. 6, Imperial Amber, Egyptian Amber, and Nigger. Eastern Ontario—Dawson's Golden Chaff, Kharov 22 M. C.

Home Made Frozen Desserts

The widespread interest in Canadian farm homes, with reference to home made frozen desserts is responsible for a reprint of a bulletin on this subject issued by the Dominion Department of Agriculture. It is possible to make frozen desserts with the ordinary utensils to be found in any Canadian kitchen, and with this fact in view numerous recipes are given for ice creams, ice sundaes, and water and milk sherbets, puddings, and sauces together with full directions of procedure. For instance, cream which is twenty four hours old is more satisfactory for ice cream than fresh cream. It should, however, be perfectly sweet and it is necessary, therefore, that the cream be kept in a cool place. If this twenty four hour old cream be kept cool before freezing, the texture of the ice cream will be smooth and free from ice crystals which are so objectionable.

TENDERS

Tenders for labor will be received until May 13 for erecting and completing on outside two storey building not including foundation. For plans and specifications apply to
