TEMPERANCE WAVE IN NEW ZEALAND

WELLINGTON, N. Z., January 19—At a meeting of the Auckland brewers and the Licensed Victuallers' Association, representing all the wholesale and nearly every member of the retail trade, it was unanimously resolved to abolish barmaids in private bars; to raise the age limit at which youths may be supplied with liquor from eighteen to twenty-one years; that no woman be supplied with liquor for consumption on the premises unless she is boarding in the house at which the liquor is sold. The doctrine that temperance is the foundation of national prosperity and efficiency was also discussed.

PROTEST AGAINST INCREASE IN NAVY

BOSTON, Jan. 19—A remonstrance against further increase of the United States navy signed by 224 clergymen of various denominations in Boston and its vicinity, was sent to Congress today. It is the belief of the ministers that naval preparations have grown so enormously as to be a distressing burden upon the richest nations and an actual menace to the peace of the world. The remonstrance asked Congress to heed the wishes of the multitude of citizens who believe that education, mutual acquaintance, trust, common sense and a just and generous purpose are bound to displace the irrational and wasteful machinery of war.

ROOSEVELT RODE 98 MILES IN STORM

WASHINGTON, Jan. 19—President Roosevelt rode forty-nine miles on horseback recently, shook hands with a thousand citizens and children at Warrenton, Va., and then rode back to Washington. This ride of ninety-eight miles was made just to show the officers of the army, navy and marine corps that the physical endurance tests of promotion are not cruel or unduly severe.

These tests require that officers shall ride ninety miles on horseback in three successive days. The President wanted to show how easy it was to do the trick in a single day.

The President left the White House before light this morning and it was several hours after dark to-night when he returned. It was an ideal day for his purpose—that is, it was ideal according to the standard which Mr. Roosevelt has established for his outdoor stunts in the vicinity of Washington, these generally being performed under the greatest stress of wind and weather.

On that day it first rained, then hailed, then snowed, and finally rained again, the rain freezing as it fell. The President and his companions used three relays of horses. The President rode his own horses, Roswell and Georgia, over two-thirds of the journey, and rode a cavalry horse ed from Fort Myer for the rest of the day. The horses stood the trip well. day night.)

BRITISH DESTROYER MADE 38 KNOTS AN HOUR

LONDON, Jan. 19—The torpedo boat destroyer Tartar, using liquid fuel and steaming under war conditions, exceeded today thirty eight knots an hour, thus beating her official record.

The trial record was made on Dec. 16th, over the official course of the Admiralty, between Southampton and Maplin Sands, when the Tartar made between thirty-five and thirty-six knots an hour. Previous to this trial the Tartar in preparation, made almost thirty-six knots an hour, beating at that time all records for ships of her type.

The Tartar is a sister ship to the Mohawk and has been in service since April 1907. Both ships use liquid fuel, are two hundred and seventy feet long and have engines of fourteen thousand five hundred horse-power.

MATCHES HAVE BEEN ARRANGED

ST. JOHN, Jan. 10—Arrangements are being made with the Charlotte town Victorias for games at St. John and Fredericton on Thursday and Friday nights. Unable to Walk for Rheumatism

A Lady 70 Years of Age Cured by "Father Morrissy's No. 7."

Pictou, N.S.

"FATHER MORRISSEY MED. CO., LTD. It is with feelings of the deepest gratitude that I write you, to let you know what Father Morrissy's medicine has done for me.

I was for years a sufferer from Rheumatism and could not walk, so I had to be carried from one place to another. I was treated by several doctors, but relief seemed unobtainable. At last a friend recommended Father Morrissy's medicine to me. I got it, and used it only a short while, when I was restored to the best of health. I am now a woman of eighty-four years, although it is about ten years since I used the treatment.

I shall ever feel grateful to Father Morrissy for his valuable medicine, and shall esteem it a favor to recommend it to any person similarly afflicted."

MRS. P. CARROLL.

Don't you think a medicine that will completely cure a stubborn case of Rheumatism, in a woman, over 70 years old, will at least help you? Isn't it worth trying? At your dealer's or from Father Morrissy Medicine Co., Ltd., Chatham, N.B.
