CRAMPS CURED.

I was troubled with Cramps for a long time, and had several doctors attend me, but their medicine did not seem to do me any good. I got three bottles of Dr. Fowler's Extract of Wild Strawberry, and it cured me. It is the only medicine I can recommend. I would not be without it in my house.

WEAK BOWELS CURED.

After a severe attack of Typhoid Fever my bowels were left in a very weak condition, and I could get nothing to do me any good until I commenced taking Dr. Fowler's Extract of Wild Strawberry. I take a great deal of pleasure in recommending it to all sufferers from bowel complaint.

DIARRHOEA AND CRAMPS.

I take pleasure in telling you what Dr. Fowler's Extract of Wild Strawberry has done for me. I was taken with Diarrhœa and severe Cramps in the Stomach. I secured a bottle of your medicine and had only taken a few doses when my trouble disappeared. In the future I will always keep it in the house ready for use.

MRS. M. JACKSON,

NEWS OF THE HORSES FROM ALL SOURCES

SUSSEX RECORD: TERRACE King, 2.25, the trotter recently bought by Dr. McAlister from W. J. Furbush, West Newton, will not arrive here until the latter part of August. At Readville, the other day, he got second money, and forced the winner to do a 2.10 mile. Terrace King is entered for four meetings in August and must fill his engagements.

ALTHOUGH NOTHING DEFINITE can be stated, it is altogether likely that the fall racing circuit will start at Sydney, C. B., with races during, and go down the line with races in the following order: Springhill, N. S., week of August 13th; Moncton, week of August 20th; Fredericton, week of Aug. 27th; St John, week of Sept. 3rd; Sussex, week of Sept. 10th; Halifax, commencing Sept. 24th; Charlottetown, commencing about Oct. 10th. Whether the horses traveling the circuit will race at Chatham is uncertain.

SHOWERS FELL DURING the opening day of the grand circuit, at Buffalo, N. Y., on the 6th inst., but only served to make a fast track. Angiola, winner of the first heat of the 2.07 trot, stepped the mile in the fast time of 2.06 1-2. The race was won by Mainsheet, who sold favorite in the pools at $50 to the field, $10. After losing the first heat in the 2.13 trot, Lake Queen, a favorite, won the next two. The second heat was the closest finish of the day, when Lake Queen beat Roberta by a neck. The attendance was light.

UNDOUBTEDLY ONE OF the most interesting features of the Industrial Fair this year will be the exhibit of draught horses from the King's stud at Sandringham and Lord Rothschild's at Tring Park. They are shires, the national heavy horse of England corresponding roughly to the Clydesdale of Scotland and the Percheron of France. Some of these royal horses weigh more than a ton apiece, and it is more than probable that Canada would have to be closely searched for ton horses, for horses of that weight are remarkable. The Percherons are lighter, and for drawing tremendous loads can hardly compete with the two great British breeds.

HORSE RAISING IN the British Isles has reached a perfection attained in no other part of the world, and the King's horses represent centuries of careful selection and progessive breeding. His Majesty is a farmer and stock raiser at heart, for not only has he won two Derby's with horses of his own breeding, but has sent out champion shire horses, hogs, sheep, and homing pigeons from the paddocks and pens of Sandringham. It has been said that his majesty is the best living judge of certain breeds of hogs, a tribute that to stock-raisers will leave no more to be said. With his horses Canadians are not altogether unfamiliar, for many of them have seen the thoroughbred Persistence II., owned by Joseph E. Seagram, and bred by King Edward from one of his Derby winners.

HARVEY McCOY, THE popular local trainer and driver, was at Patten, Me., last week racing his string in the events over the track where he did so well earlier in the month. Harvey seems to have a good string of horses this year, and his many friends in this city are looking for him to win a bunch of money at Patten.

Billy Cummings, the well known trainer, is also starting at Patten this week, and his string includes Wanda and the other horses owned by A. E. Trites, the well known contractor from Salisbury.—Fredericton Gleaner.

The Bangor Commercial refers to the race as follows:

Some hot racing is looked for at Patten, when some of the best horses in the state will come together on the Patten track. Among the Bangor horses entered are Maud W. and Wanda in the 2.30 class; Lizzie Wilkes in the 2.20 class and Ruggles in the 2.35 class.

All of these horses have been doing good work and will be out for the money in the Patten races. P. H. McNamara of Bangor will officiate as starter. Mr. McNamara has officiated a number of times this season, and wherever he has been he has given satisfaction. He gets the horses away in their positions, and while he is in the stand there is no jockeying on the start or any other monkey business among the drivers. Mr. McNamara will officiate also at Milo races on July 28, when a number of Bangor horses will start.

SHIRE HORSES ARE probably the oldest breed in England, natives of the isle so far as known, or, rather, the native English horse was the foundation for the modern draughter. The original English horse was probably a much lighter animal, weighing not more than two thirds as much as Tatton Dray king, for instance, or Lord Rothschild's Blythwood Guelder Rose. The demands of chivalry, rather than the exigencies of agriculture, were responsible for the efforts made to increase the size of the horses, for it took a powerful animal to carry a full-armed warrior, clad in mail.

Old paintings of mediaeval warriors show them mounted on massive animal of the cart-horse type, with the long hair growing about the fetlocks, which, if of the proper silky texture, is such a desirable feature of both Clydes and Shires, as it is supposed to indicate great flintiness and denseness of bone.

WATER RIGHTS IN THE YUKON

OTTAWA, Aug. 3.—An order in council has been passed establishing regulations for the grant of water power rights in the Yukon. These regulations provide that the application may be granted upon report of the government mining engineer that the water applied for is available and that no other vested interest is affected.

The fee for such grants will be as follows. For forty miners inches or less, $10, from fifty to 200 inches $25, from 200 to 1,000 inches $50. For every additional 2,000 inches or fraction thereof, $50. The grant carries with it an obligation that a certain amount be expended upon development within a year and that the work be completed within a certain date.

He Is Correct

Dr. Hamilton Proves That Piles Are Caused By Constipation and Strong Cathartics.

Knowing the frequency with which people suffer from this ailment, Dr Hamilton made an exhaustive study into the cause of piles.

He found that the lower part of the bowels is like a net work of blood-vessels, and if subjected to persistent pressure, a section will bulge out and form what is commonly known as piles.

The only effective mode of curing this trouble is the regular use of Dr. Hamilton's Pills, which can be taken before retiring. Next day will bring wonderful relief.

"I suffered up to about the limit of human endurance with piles," writes Miss Lueders, from Cornwall, Ont., "I was employed in a factory here, but for a while had to give up work till I got better of this trouble. I read in the Montreal Herald about Dr. Hamilton's Pills, and after using them for two weeks was cured. I can recommend these pills very highly; there are none better. They at once relieve and prevent a constipated condition of the bowels, and from my experience can be depended upon as a perfect safe guard against piles. Dr. Hamilton's Pills of Mandrake and Butternut, I am sure, would be a benefit to every girl or woman."

Take Dr Hamilton's pills and your system will be regenerated, revitalized, and made proof against disease.

Good for men, excellent for women, and most effective for children. All ages and both sexes find Dr. Hamilton's Pills a marvellous medicine. Although active, they do not gripe or cause inconvenience, still they cleanse and purify the system, thereby maintaining a high standard of health. Sold by all dealers, 25c. per box, or five boxes for $1.00, or by mail from N. C. Polson and Co., Hartford, Conn., U. S. A. and Kingston, Ont.

ADVERTISING IS BROAD.

Advertising in itself means publicity and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general, broadcast declaration, and the broader the scope of the announcement, the better the advertising. No occupied space that directs attention along given and desired lines can be reasonably regarded as wasted; nor can any funds expended to this end be adjudged extravagance.—American Medical Journal.

SOCIAL LIFE IN RUSSIAN CAPITAL

ST. PETERSBURG, Aug. 8.—Most of the St. Petersburg correspondents have been so much absorbed by the duma and the revolt of the peasants they have neglected the details characterizing the daily life in that capital. The moral atmosphere that surrounds society is, however, an essential element in the situation. For this reason a story told by a well known war correspondent, Raymond Recouly, is of special interest.

He was calling the other day at a friends house, where he met Don Jaime de Boutbon, who had lunched that very morning at Peterhof, alone with the czar, the czarena, and their children, in the pretty little house by the sea, surrounded by the rich oasis of complete calm, in fact of almost tragic silence, in the neighborhood of the great city now swayed by warring passion.
