

This Bush Yields only 2 1/2 OZS. yearly

A VERY small yield considering the size of the bush. It takes about 6 1/2 bushes to yield a pound of ordinary tea—and about 10 bushes to yield a pound of Red Rose Tea, as only the tender shoots and buds are used to produce the distinctive flavor and richness which characterize this high-grade tea.

In sealed packages only. Try it.

NOVA SCOTIA VESSEL TORPEDED.—HALIFAX, N. S., Feb. 26.—Another Nova Scotia schooner has fallen victim to the U-boats. Two Halifax men are members of her crew, and as there is no word of the crew, their relatives here are somewhat anxious. The steamer is the Mayola, 119 tons, owned by Adams and Knickle, of Lunenburg. She sailed from St. John's, Nfld., last month for Gibraltar for orders. When in the Bay of Biscay, according to a cable despatch received yesterday, she was sunk by a submarine. The despatches made no mention of the crew, but it is expected that news of their landing on the Spanish coast will shortly be received.

The names of the four of the crew who shipped at Halifax when the schooner called here on her way from Lunenburg to St. John's, are: Thomas Kendall, Halifax; H. E. Burke, Halifax; Nathan Enslow, Shelburne, and Edward Gillan, Newfoundland.

THE IMPORTANT POINT to remember with regard to Zam-Buk is that, unlike ordinary ointments, Zam-Buk is so refined that it is capable of penetrating to the seat of the trouble, which in the case of skin diseases and old sores is found in the diseased underlying tissues. This is due to the fact that Zam-Buk contains no animal fat or coarse mineral drugs whatever, but is entirely of herbal origin.

In addition to this, Zam-Buk is a strong germicide, and having reached the underlying tissues, it destroys all germs and thoroughly cleanses the diseased parts. Then Zam-Buk's healing agencies promote the growth of new skin and a permanent cure results.

IN MEMORIAM MRS. JOSEPH GALLANT

The death took place on Thursday morning, the 15th inst., of Mrs. Joseph Gallant at the advanced age of 81 years. Deceased had been an invalid for nearly seven years, suffering from a fractured limb, caused by a fall from a wagon. During all this time she was frequently visited by her pastor who strengthened and comforted her, and ministered to her last wishes which expressed her desire to live beyond. The funeral took place from St. James church Saturday morning and was largely attended. Her husband predeceased her several years ago. She leaves to mourn two daughters, Mrs. Frank Bernard and Mrs. William Muldoon, both residing in Bangor, Me., and three sons, Joseph, at the homestead, Fidele at Charlottetown, and Andrew in Maine.—M

MISS LUTTIE CAMPBELL. The funeral of the late Miss Luttie M. Campbell was held yesterday from the residence of her father, Mr. Eben Campbell, Mr. North Wiltshire to Brookfield Cemetery. Notwithstanding the very unfavorable weather, the procession was one of the largest seen in that section of the country for many years.

The death of one who seemed to have such a promising future, at the early age of 22 years, has brought great sorrow to the family and cast a deep gloom over her fellow workers and the vast circle of friends to whom she had endeared herself by her kindly manner, both in this city and throughout the country. "To know her was to love her." The deceased was a devoted member of Zion Presbyterian church. The funeral services were conducted by the Rev. J. Dougald McKenzie, assisted by Rev. Wilfred MacLeod of Clyde River. The floral tributes were beautiful and consisted of Pillow from the loved ones at home; Pillow from fellow-workers, P. E. I. Hospital; Wreath, Medical Staff, P. E. I. Hospital; Crescent, Trustees P. E. I. Hospital; Cross, Miss Profit and Miss Matheson; Wreath, Miss Dawnery, Miss Ross and Miss Howard; Wreath, Zion Church; Wreath, Mr. and Mrs. John Johnston, Summerside; Crescent, Mr. and Mrs. Geo. W. MacLeod, City; Wreath, Mr. and Mrs. Angus Campbell; Spray, Mr. and Mrs. I. R. Brown, City; Crescent, John McLean and family; Wreath, Murdoch McLean and family.

THE NEUTRAL.

(Rudyard Kipling.) Brethren, how shall it fair with me, When the war is laid aside, If it be proven that I am he For whom a world has died?

Who suffered for my sake?

That I was delivered by mere man's hand, And not, as I hold them, battle-blind, But dying with opened eyes?

That they did not ask me to draw the sword When they stood to endure their lot,

That they only looked to me for a word, And I answered I know them not? If it be found when the battle clears Their death has set me free,

Then how shall I live with myself thro' the years Which they have bought for me? Brethren, how must it fare with me, Or how am I justified, If it be proven that I am he Who being questioned, denied?

A HOMEMADE FIRELESS

A Stout Wooden Box, Old Newspapers and Hay the Chief Ingredients. A fireless cooker is almost a necessity in the up to date kitchen, but the expense is a serious consideration with the young housewife. However, a very satisfactory substitute can be made at virtually no cost and will prove an economical means of boiling and stewing.

Get a wooden box with a hinged lid; line it with newspapers or packing paper; then cover the papers with baize or felt. Cover the lid inside in the same manner. Press enough hay firmly into the bottom of the box to form a compact layer six inches deep. Fill the box with hay, pressing it well against the sides, and makes nests for the pans or casseroles you intend to use, leaving a partition of hay between them and a space of six inches between the top of the pots and the box lid. To fill this space you make a mattress like cushion of baize and fill it tightly with hay. It must fit the top of the box tightly and be six inches thick. See the contents of the pans are absolutely boiling when put in. If opened during cooking they must be reboiled.

You can make easily any kind of stew of meat, game or poultry, by cooking it over the fire in the usual way for twenty minutes and when boiling putting it into the hay box, covering it with the cushion, shutting up the lid and leaving it six hours. Lentils, pea or mixed vegetable soups require thirty minutes' boiling on the fire and four hours in the hay box. Boiled meat requires thirty minutes' boiling for a small joint, and forty-five for one of five pounds and four to five hours in the hay box. Beefsteak pudding requires...

Good Old Home-Made Family Cough Remedy. Much Better than the Ready-Made Kind—Easily and Cheaply Prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare. Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents and gives you 16 ounces of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiacol and has been used for generations to break up severe coughs. To avoid disappointment, be sure to ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Toronto, Ont.

quires an hour's steady boiling on the fire and for to five hours in the hay box; sweet pudding the same. Soft vegetables, like potatoes, and cereals, like rice, sago, tapioca, macaroni, require five minutes' boiling and one and a half hours in the box. Haricot beans, lentils, carrots, turnips, require twenty minutes' boiling and three hours in the box. Oatmeal porridge can be cooked fifteen minutes on the fire, then to the boil after taking it out of the left all night in the box and be given at breakfast. Any kind of fruit can be stewed in the hay box. It is best to make a sirup of sugar and water, add cloves, lemon or any flavoring liked, bring to the boil, add the fruit and let it simmer ten minutes; put into the cooker and leave three hours. Small fruit takes less time. Any dish that is to be eaten hot must be brought to the boil after taking it out of the hay box before serving.
