COWARDLY KING
The kingbird chases hawks, crows and even eagles, but is afraid of the tiny hummingbird and will flee from his attack.

MIGHTY MIDGET
A new midget fire extinguisher nine inches high weighing 10 ounces can do the work of more than two eight-pound extinguishers.

SAVE SAFELY ON BATTERIES

The Spring and Summer driving season is here! Get off to a flying start with a MOR-POWER battery from Canadian Tire. Compare our prices and ask about our guarantee—the strongest ever written.

- 17 plate—135 amp. hrs. 15.60
 - 2 yr. service guarantee
 - 15 plate—120 amp. hrs. 13.98
 - 2 yr. service guarantee
- and for Farmers and Fishermen:—
- Genuine K-W Coils 2.65

School Reports

CARDIGAN SCHOOL
Report of Cardigan School for March:
Grade X: 1. Andrew MacDonald; 2. Noreen MacDonald; 3. Joan MacDonald.
Grade IX: 1. Bernadette Gallant; 2. Ronnie MacDonald; 3. Norma MacKenzie, Olive MacIntyre and Mary J. MacDonald.
Grade VIII: 1. June Gardiner; 2. Mary MacLellan.
Grade VII: 1. Annie Livingstone; 2. Betsy MacDonald; 3. Inez Byrne.
Grade VI: 1. Mildred Acorn; 2. Ian Scrimgeour; 3. Catherine MacDonald.
—Mary Quinn, Principal.

ST. PETER'S LANE SCHOOL
Report for March:
Grade IX: 1. Jack MacAdam; 2. Mary MacAdam.
Grade VII: 1. Alton Anderson; 2. Marjorie Deveaux; 3. Annie Laybolt.
Grade V: 1. Jimmie MacDonald; 2. Vivien MacLennan.
Grade IV: 1. Phillip Deveaux; 2. Evelyn Laybolt; 3. Leona Roach.
Grade III: 1. Lucina Trainor; 2. Thane Anderson; 3. Francis MacDonald.
Grade II: 1. Shirley Anderson; 2. Lauretta MacDonald; 3. Jimmie Gunn and Vincent MacDonald (equal).
Grade I (a): 1. Viola Roach; 2. Dunstan MacDonald and Gordon Anderson (equal); 3. Sterling Laybolt.
Grade I (b): No tests.
Highest average in Senior grades: Jimmie MacDonald, 82%.

FORTUNE BRIDGE SCHOOL
Report for the month of March:
Grade X: 1. Elizabeth Aitken; 2. Lois Dingwell; 3. Betty Higginbotham.
Grade VIII: 1. Rheta Dixon; 2. Billy Aitken; 3. Shirley Dixon.
Grade VII (a): 1. Arnold Dixon; 2. Claude Dixon.
Grade VII (b): 1. Delmar Aitken; 2. Ernest Dingwell; 3. Jack Mitchell.
Grade VI: 1. Hazel Jackson; 2. Violet Dingwell; 3. Everett Aitken.
—Beth Fraser, Teacher.

MENTAL SICKNESS
The best estimates that can be made for Canada suggest that there are at any one time 200,000 people disabled on account of mental sickness—100,000 permanently and 100,000 temporarily—and another 600,000 partially disabled. These 300,000 mentally unwell people constitute a population larger than any Canadian city except Montreal. Government programs for better mental health need your support.

"EATING OUT"
A tremendous army of Canadians "eats out" regularly, and this group is becoming increasingly conscious of good restaurant sanitation. Restaurant patrons are entitled to good food, properly cooked and served in clean, hygienic surroundings. Patronize the eating places where the rules of cleanliness are observed. You'll find it pays.

DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X E
I S L O N G F E L L O W
One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quoth—
W M S R S U E X V L P Z Z S N V G T S O S
L W E N L S R S S E S X W M S D S X F L W
P A S S E W W M X W O A B N L L H B W W

The Spring Care Of Lawns

Spring lawn maintenance should start just as soon as the snow begins to melt, says J.H. Boyce, Division of Forage Plants, Central Experimental Farm, Ottawa. The masses of white or dirty gray cobwebby growth which appear on many lawns at this time are caused by the fungus disease "Snow Mould." This disease could have been prevented by making applications of suitable fungicides in the fall, but if these treatments were not made little can be done to alleviate the condition. Breaking up the masses by brushing or raking them sometimes helps as does any operation which will help the lawn area to dry quickly. The winter's accumulation of leaves, twigs and other debris should be raked off as soon as possible.

Proper fertilization is most important in securing and maintaining a desirable turf. If the lawn is in only fair condition and fertility obviously low, it is suggested that a complete fertilizer such as 4-12-6, 4-12-4 or 5-10-5 be applied at the rate of 26 to 40 pounds per 1000 square feet. High nitrogen fertilizers such as 10-6-4 and 10-5-2 applied at 10 to 12 pounds per 1000 square feet are excellent for maintaining better quality lawns. It is recommended that the spring application of fertilizers to turf be made just before active growth begins; if applied after the grass begins to grow actively it is necessary to water the fertilizer in immediately after treatment in order to prevent burning.

If large bare areas exist these can be reseeded at any time after the lawn is sufficiently dry to permit work. After scarifying the soil, seed of an adapted lawn mixture should be scattered over the bare areas at the rate of 3 to 4 pounds per 1000 square feet and covered by light raking or by means of a shallow covering of screened topsoil followed by rolling.

Most established lawns do not require rolling, except after re-seeding, this operation is only necessary when the soil has been heaved by freezing and thawing. The rolling should be done when the soil is dry enough that "puddling" of the soil will not occur, and yet moist enough to permit the roller to put the heaved plants and soil back in place.

Those contemplating the use of 2-4-D weed killers may apply these at any time after the weather becomes warm and the weeds start growing actively. The manufacturer's instructions and warnings should be followed closely. It must be pointed out that it is useless to use these weed killers unless a suitable maintenance program including proper fertilization is followed so that the desirable lawn species can be encouraged to take over the voids left by the departing weeds.

NEW HAVEN W. I.
The regular monthly meeting of the New Haven W. I. was held at the home of Mrs. Brewer Boyle on April 6th, with seven members present.

The meeting opened by singing the Institute Ode and repeating the Creed in unison. Roll call was answered by a grab bag and 60¢ was realized. The minutes of the last meeting were read and approved. It was decided to collect material for blankets after our next meeting.

The correspondence was read and discussed. Bills amounting to \$6.14 were paid. The secretary reported that the government grant had been received. Three dresses and three shirts were returned finished and it was decided that we would get more goods for sewing and do some knitting before sending boxes to the Orphanages. The new committees appointed were: School—Mrs. Richard MacPhee and Mrs. Charles MacDougall; Program—Mrs. Gus Tierney and Mrs. Duncan Gass. The next meeting is to be held at the home of Mrs. Duncan Gass, roll call to be answered by an exchange of flower slips or seeds and a flour bag.

The collection for the evening amounted to 50 cents. A "snow" contest was conducted by Mrs. Brewer Boyle, the prizes being won by Mrs. Richard MacPhee.

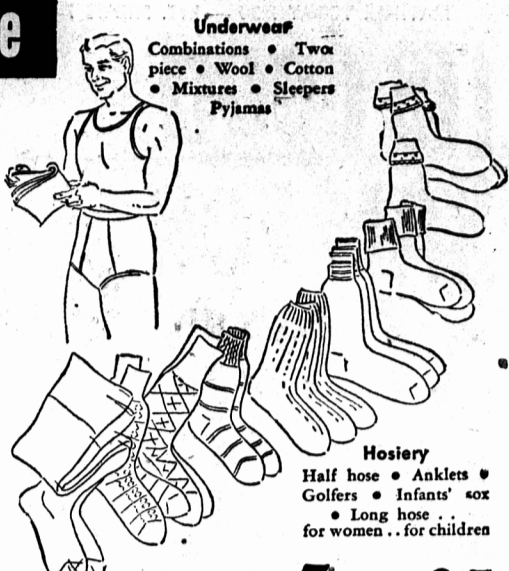

The meeting closed by singing "God Save The King." A dainty lunch was served by the hostess.

Without insect oil, extracted from flax seed, production of paints varnishes and lacquers would be almost negligible.

MT. MELLICK W. I.
The March meeting of the Mt. Mellick W. I. was held at the home of Mrs. Lodge Lane with an attendance of 7 members and one visitor. Meeting opened by repeating Creed in unison followed by roll call which was responded to with a gift from the grab bag. Proceeds from grab bag, 85 cents. Minutes of last meeting were read and approved. A letter from the Federation of Education was read, which was discussed. The meeting was in favor of asking for a Federal grant for education. It was moved and seconded that the treasurer pay the entrance fee for two classes in the Musical Festival. Ways and means of making money were discussed, finally an auction sale, entertainment and lunches was decided on to be held in Pownall Hall on the 29th of March. A collection of 45 cents was taken. Meeting closed with the King. A delicious lunch was served by the hostess, assisted by Miss Eliza Lane.

The April meeting of Mt. Mellick W. I. was held at the schoolhouse with an attendance of six members. Meeting opened by repeating Creed in unison, followed by roll call. The minutes of last meeting were read and approved. It was

THE CANADIAN ARMY — "INSURANCE FOR PEACE"

"Keep them rolling!"

Jeeps, passenger cars, 40-ton diesel trucks, DUKWS, motor-cycles—all are handled by soldiers of the Royal Canadian Army Service Corps. Men entering this Corps can become expert drivers and mechanics. In addition, the Service Corps will train young men as butchers, cooks, stenographers or accountants. All these trades are taught in the finest schools of their kind in the country.

Canada's new Army has more to offer now than ever before... more in terms of present and future security... more in terms of a good, useful life and happy comradeship.

Visit your nearest recruiting office. You are eligible if you are 17 years of age or over and can meet the Army's requirements. Bring along certificates of birth and education.
