-The funeral of Gregory McKenna, son of Daniel McKenna of the P. E. I., R., took place on Wednesday morning, the 6th inst., at the church of St. Simon and St. Jude, Tignish. His death, which had occurred at the home of his parents, Charlottetown, while not entirely unexpected was a very sad blow to them. His health had been ailing for some time past and in his efforts to regain it he had travelled through the western provinces, but all to no avail, the grim reaper had placed his hand upon him and he should go to his eternal reward. He was a young man of exemplary habits and of a retiring disposition, yet he made strong friends with all whom he came in contact, and his many friends both in Tignish, where he had lived in his youth, and later in Charlottetown will feel sorely the gloom which has been cast about his household. The pallbearers were: Wm. Gaudet, Frank Richard, A. O'Connor, A. O'Brien, E. Cahill, Jos. S. Arsenault, and the services were conducted by Rev. A. J. McDougall. The funeral was very largely attended from Notre Dame Convent where the body had lain Tuesday night, to the church.

practical speech on the cultivation of apples, a subject the Rev. gentleman appeared very much at home in having been born and reared, as he remarked under an apple-tree, viz. in Annapolis Valley. He pointed out that in this province there is too great a variety of apples and no more than ten per cent of the right kind. He recommended the Ripp and Pippin and King and the red apple as variety, principally suitable for this province.

The speeches were all of a high order, generally short, vigorous and to the point. The remarks of the President, needless to say, were as they always are practical and eloquent. The speeches of Premier Matheson, Father McGuigan and Rev. Mr. Morse were singularly fluent and practical.

On Wednesday a fairly large meeting was held in the Market Hall at 2.00 p. m. H. D. Dobie, M. L. A., acted as chairman. An interesting address was given by Wm. Cameron, B. A., of St. Dunstan's College, followed by a general discussion. Short addresses were given by Rev. P. C. Gauthier, Walter Lea and other gentlemen. At 4.00 p. m. an address was given by J. H. Grisdale, Director of the Experimental Farm at Ottawa. Mr. Grisdale pointed out the great benefits arising from an experimental farm and the need of scientific farming on P. E. Island. At 7.30 p. m. a meeting was held in the Market Hall. Wilfrid Bolter, Inspector of Public Schools, Acting as Chairman. R. H. Campbell, Supt. of Education, addressed the meeting on a practical education for farmer's children. In the afternoon at 4.00 o'clock a very interesting paper was read on the Ethics of Nursing by Mrs. Neil McQuarrie. This paper referred to the qualities required to contribute to the necessity of a nurse having good health, common sense, tact, self-control and sympathy. The paper was well read and well received, was interesting and not too long.

In response to complaints the Guardian greatly regrets that its issue of yesterday did not contain some further particulars of the Summerside Seed Fair in addition to some of the Prize List, the former not having been received from the Summerside representative.

The Hon. the Minister of Agriculture gave a somewhat extended practical speech along the line of improved educational and agricultural matters.

He was followed by Rev. P. D. McGuigan who dealt fluently on the importance of Seed Fairs as an educative medium in agriculture and Household Science, complimenting the people in Prince County on the excellence of the present meeting and extending an invitation to attend the Central Seed Fair in Charlottetown the coming week.

WAS TROUBLED WITH Headache AND Constipation.
After Suffering For Two Years Was Cured By BURDOCK BLOOD BITTERS.

Headache of whatever nature is nearly always symptomatic of other diseased conditions, rather than a disease itself, but in most cases a disordered stomach, constipation, or bad circulation is the chief source of the difficulty. Burdock Blood Bitters removes the cause of the trouble through its cleansing, strengthening and tonic action on the stomach, liver, bowels and blood. Mr. Wm. Redmond, Cardigan Bridge, P. E. I., writes: "I have been troubled with headache and constipation for about two years. After trying every doctor I knew, a friend advised me to try Burdock Blood Bitters. I found myself, after using one bottle, getting much better, and after using three bottles I was completely cured.
After then I was on a visit and found my cousin very sick, and the doctor told her there was something wrong with her head. I told her to use Burdock Blood Bitters and she was cured in a short time. I can safely recommend it to all."
