

IN *the* HEIGHTS OF *the* Rockies

IN the heights of the Canadian Rockies were health and recreation, and so national parks were established and hotels were built. (Where only the Indians had hunted on the mountains, now the great hotels at Banff and Lake Louise arrest the eye.

(In time, from one end of the land to the other: in the Maritimes, in the quaint old French City of Quebec, in Toronto, the Queen City of the Dominion, in the cities of the plains, in the Rockies, and on the shores of the Pacific Ocean, magnificent hostelries have arisen, which give Canada a new and enviable opportunity to tell her story to those who come and see her beauties and opportunities at first hand.

(Every Canadian Pacific hotel embodies the ideal of service that has become a tradition of the Company and the country.
