

Real Comfort

In summer the feet ache, perspire, feel damp and uncomfortable—cool shoes and thin stockings help some, but not enough.

If you want real comfort use

Penlar Tread Easy

Dust a little in the shoes, sprinkle some in the stockings. It absorbs moisture and checks perspiration to a large extent. Then the feet are comfortable, do not swell, do not ache. It prevents formation of corns and callouses—Try it—25c box.

SENT TO PRISON WITHOUT FINES

TORONTO, August 9.—Magistrate Dennison today expressed his disapproval of street rioting by sentencing several participants in Saturday night's disturbance to various penalties, of which the most severe was one year's imprisonment. Walter Salmon, a returned soldier, was sentenced to one year at the Ontario Reformatory; John Ross, a civilian from Calgary, was sentenced to nine months; Arthur Draymond, and Ernest Higgle, two returned wounded men, received six months terms each, and three boys, Barker McNeill, Henry Harrington and George McKelney, were fined \$10 and costs each or ten days. Theon Major, another soldier, was remanded one week to the Reception Hospital. Private P. McCleeny, of Headquarters Staff, was sentenced to one year for assaulting the police last night. Frank Edwards was given six months for assaulting a policeman last night.

OTTAWA, August 9.—Arising out

FISH TALKS.

BY GEORGE KENNAN

Secretary of the Victoria Fisheries Protective Association IV. RESULTS ACCOMPLISHED BY AN ENERGETIC BODY OF PROTECTIVE WORKERS.

In the inland waters of both Canada and the United States, between the years 1890 and 1914, large trout and salmon steadily decreased in number, for the simple reason that they were not adequately protected. Most of the adult fish were netted or speared before they could reach their spawning grounds, and the number that escaped was not great enough to keep up the stock. This was mainly due to the fact that we first place, we either allowed them to be destroyed by wasteful methods, or permitted them to be poisoned by decaying sawdust, sewage, and the waste products of manufactories, which were discharged into the rivers merely because that was the easiest way to get rid of them. In the second place, when our governments by enacting laws and appointing fishery guardians, tried to save us from the consequences of our own neglect, we—the people—not only disregarded the laws, but acquiesced in permitting fishery guardians to promote the interests of our political parties, instead of using them, as they were intended to be used, for the protection of the trout and salmon in our streams. For this, no doubt, our governments were partly to blame; but we ourselves must bear a large part of the responsibility, because we are supposed to control our governments, through the representatives whom we elect. As a result of our neglect, far more guardians were appointed than were necessary, and instances could be cited where in proportion to area there were more than ten times as many employed. As for instance in Maine, where the people of that State, realizing the immense value of fish and game protection, insisted upon their guardians doing the work for which they are paid. So that instead of a few men being adequately remunerated for their services, the money was dissipated amongst the many, the guardians devoted their time to other and more lucrative pursuits, and the duties for which mere pittance were paid, neglected. As a result of all these causes, trout and salmon were not adequately protected, and netting and spearing were common in all parts of the Island. At first, illegal fishing was practiced by a comparatively small number of people; but as year after year passed, it became more general. Some took fish to salt down for winter use; others to sell in the developing markets of the Island; and all resorted to netting and spearing as the easiest and quickest methods of taking large fish in large quantities. Four years ago, there was hardly a river in Cape Breton where trout and salmon were not illegally taken by spear or net every year, and in many streams the fishing had been almost completely destroyed.

In 1914, the Victoria Fisheries Protective Association was organized in Baddeck, and in the fall of that year, its officers made an extensive report of twelve thousand words to the Minister of Marine and Fisheries on the state of the Rivers in Cape Breton Island, and the urgent need for reorganization and reform of the Fishery Service. In this report, which was accompanied by abundant proof in the shape of six or eight voluminous exhibits, the Association pointed out the evils of political control; asked for twelve special guardians with increased salaries; suggested that the number of fishery officers in Cape Breton be greatly reduced by the dropping of political workers from the rolls, and recommended that in future all guardians be appointed for merit only. The Department in Ottawa granted the request for special guardians with increased salaries, and informed the Association that the whole matter of reform was receiving careful consideration.

How for the Department was influenced by the representations of the Victoria Association it is impossible to say; but in 1918, almost every one of the latter's recommendations was adopted. The force of guardians in Cape Breton was reduced from 200 to 50; salaries were largely increased; the appointment of all subordinate fishery officers was entrusted to the Civil Service Commission in Ottawa. Guardians, however, must be selected for merit only; they will do no political work, and they will devote all of their time to an effective patrol of the streams. Thus, for the first time in more than a generation, the Fishery Service of Cape Breton Island has been put on a business basis.

of the Toronto riots and the destruction of Greek restaurants three, J. C. Walsh, K. C., of Montreal, Consul-General for Greece, in Canada, had an interview, this morning, with Hon. C. J. Doherty, acting Premier, and introduced a delegation representing the Greek Colony of the country. Mr. Walsh sought to impress upon the Government that the Greeks are good citizens, and that they wish to live in peace and harmony with Canadians. The Government is asked to pour whatever oil

it can on the troubled waters. No question of retributive measures or of compensation for the damage done was raised.

Regarding the claim advanced in Toronto, that the foreign element not eligible for service in Canada should be compelled to serve in their own country, it is pointed out here that the Government has provided the machinery whereby this can be done, but it is said the movement must be initiated outside of Canada.

MORE BREATHING SPACE

Sir: We owe an immense debt of gratitude to all who assisted in bringing about such a pleasing change in the "Old Burying Ground" on Malpeque Road.

I write to suggest that the city should purchase the land on which "Grace Church" stands, and which is now offered for sale.

If this land was added as an open space and for the purpose of thoroughfare, it would also mean an additional breathing space in one of our most thickly populated areas.

I am Sir etc. T. F. FULLERTON.

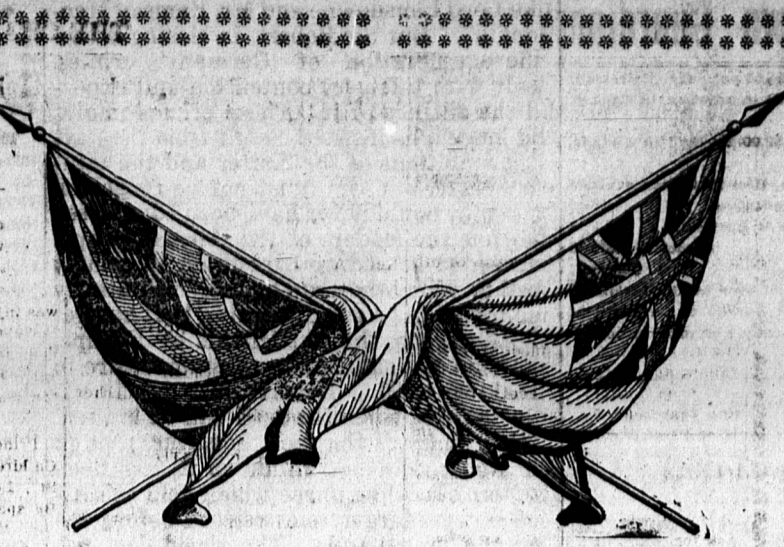

MAKE YOURSELF STRONG

People with strong constitutions escape most of the minor ills that make life miserable for others. Don't you envy the friend who does not know what a headache is, whose digestion is perfect, and who sleeps soundly, at night? How far do you come from this description? Have you ever made an earnest effort to strengthen your constitution, to build up your system to ward off discomfort and disease? Unless you have an organic disease it is generally possible to so improve your physical condition that perfect health will be yours. The first thing to be done is to build up your blood as poor blood is the source of physical weakness. To build up the blood Dr. Williams' Pink Pills is just the medicine you need. Every dose helps to make new blood which reaches every nerve and every part of the body, bringing color to the cheeks, brightness to the eyes, a steadiness to the hands, a good appetite and splendid energy. Thousands throughout the country whose condition once made them despair, owe their present good health to this medicine. If you are one of the weak and ailing give Dr. Williams' Pink Pills a fair trial and note the daily gain in new health and abounding vitality.

You can get these pills through any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

I have been misjudged, but I had been deeply wronged, and I was desperate.

CANADIAN Catholic Army Huts

Urgently Required

Campaign To Raise \$100,000 in the Maritime Provinces

P. E. I. Campaign August 19--24

These Huts in Canada, England and France are open to every soldier wearing the uniform of any of the Allied Nations. Their motto is:

Everybody Welcome and Everybody FREE

Major Rev. J. J. O'Gorman, Overseas Chaplain writes from the front:

"Huts and Chapel tents and many other accessories are needed. There has been a long felt want. Our Chaplains at the front in joint meeting appeal for the necessary funds. Surely that appeal will not be left unanswered."

Sir Edward Kemp Says:

"The Hut is a very great comfort, not only to the officers, but soldiers of all ranks."

Cardinal Bourne:

"To the Canadian soldier the Hut is something of a home' from home, a place where he finds a welcome and friends."

Help to make life better for the soldier. They are willing to sacrifice EVERYTHING for you. They ASK you to sacrifice SOMETHING for them.

Your contribution might be the SAFETY of many a soldier.

NOW All Together, and Watch the Campaign Fund Grow.

All subscriptions and collections to be forwarded to Mr. J. E. Cullen, Accountant, Royal Bank, Charlottetown, who is Treasurer of the Fund. All information relative to the Campaign will be furnished by the Provincial Organizer, L. B. McMillan.

CLASSIFIED ADVERTISEMENTS

LOST

LOST—SUNDAY NIGHT THE 4th instant, somewhere between Lord's store, and Carlton Corner, a carriage robe. Finder please leave it at Lord's store. 780-8-10M1.

MEETING OF THE DALTON FOX CO.

The annual meeting of the Charles Dalton Silver Black Fox Company was held Thursday afternoon in the Board of Trade Rooms. There was a fair attendance. Sir Charles Dalton, president, occupied the chair. After the president submitted the directors' report a lengthy report prepared by the auditor, Mr. L. B. Miller, was read

by the secretary, Mr. Warburton. A number of skins of the older foxes were sold last year averaging over five hundred dollars a skin, but unfortunately the number of pups raised was disappointingly small.

Quite a discussion followed in which Messrs. A. E. Dewar, George Stewart, C. H. Black, Rev. Mr. Winfield, L. J. Worthy, Prof. Barlow, Mr. Grant, Canoe Cove, Jas. Paton, M.L.A., Dr. Frank, T. B. Woodman and others took part. The discussion became very lively at times. Dr. Frank, who had conducted the ranch for many years made certain offers to the company. These will be considered by the directors.

A resolution was passed that in future dealings only pure bred Dalton foxes be kept in the ranch, as the Dalton stock had achieved high reputation abroad. The old board of directors were re-elected with the addition of Dr. Frank, who succeeds the late Dr. Conroy. The full board is as follows: Sir Charles Dalton, A. B. Warburton, J. Paton, Mr. Hubley, Dr. Leo Frank, Col. W. B. Prowse. On motion of Mr. Black seconded by Col. Moore, a vote of thanks was tendered the directors.

Col. Moore and Mr. L. J. Worthy were appointed auditors for next year. A hope was expressed by some of the speakers that with certain changes there might be a betterment in the financial situation of the company. The President, in his address, referred in feeling terms to the late Dr. Conroy, a valued member of the Board, who died since the last meeting. It was decided to reduce the qualification for a director to one share. Mr. Miller's report went very fully into the details of the business of the Company since its organization. All reports were adopted.
