

MONDAY
RECOVERING. Mrs. (Rev.) Christopher Graham of Winsloe has recovered sufficiently from her recent serious illness to leave the P. E. Island Hospital where she has been for the past eight weeks. Under the skillful hands of Dr. R. F. Seaman a successful abdominal operation was performed. Mrs. Graham speaks very highly of the treatment received by the doctors, Hospital Superintendent and nurses.

DIED SATURDAY.—The death occurred at the Charlottetown Hospital at an early hour Saturday morning of Isabel Rhymers Hope, daughter of the late Mr. Horatio Hope, formerly of St. Eleanors, wife of Mr. Hugh J. Massy, Town Clerk of Summerside. The body will be forwarded by the early train this morning to Summerside. The funeral will take place from Summerside station to St. Eleanors cemetery immediately after the arrival of the eastern train.

SAILED FOR NEWFOUNDLAND.—The three masted schooner John Millett, King master, which arrived in port last Monday consigned to Woodman and Company sailed yesterday for Newfoundland with a full cargo of potatoes, the greater portion of which was Government inspected stock purchased from the Seed Growers Association and shipped by Woodman and Company. The vessel was delayed two days waiting for a favorable chance to leave.

ISLAND PRODUCE.—A Whycomagh despatch of April 20 says "The Prince Edward Island school which was in the harbor laden with potatoes has sailed, having disposed of the greater part of the cargo. It is a sad commentary of affairs to watch our farmers, so called, wending their way along our highways to the wharf, to purchase farm products for their own use, instead of cultivating their rich, large farms and raising enough for their own wants and some for export as well. Surely something is wrong."

FUNERAL YESTERDAY.—The funeral of the late Mrs. Ann MacEachern was held yesterday from her late residence at St. Catherine's. The services were conducted by her pastor, Rev. D. M. Lamont. The funeral was largely attended. The late Mrs. MacEachern has not been in good health for over a year. Just five weeks ago yesterday her grand-daughter was laid away in St. Catherine's Cemetery. The pall bearers were: Hector MacNevin, Owen King, Thomas Morrow, James Lamont, Douglas MacFadyen, and Angus Cameron. The funeral was under the direction of McLean & MacDonald.

FUNERAL OF LATE MRS. BURHOE.—The funeral of the late Mrs. Theophilus Burhoe took place yesterday afternoon. A short private family service was held at her late residence at Alexandria at 1.45. A public funeral service was held at 2.30 in the Alexandria Church. The late Mrs. Burhoe took a very active part in the work of this church, and it was very fitting that her funeral service be held in the place that she worked so much for. The services were conducted by her pastor, Rev. C. Taylor, assisted by Rev. Geo. C. Taylor. The pall bearers were Layton McCabe, Seymour McLennan, Benj. Wood, Lemuel Wood, Henry Jones George Judson. Just two weeks ago yesterday the late Mrs. Burhoe's own mother Mrs. Nicholas Couzens was laid away in Pownal Cemetery.

There are just as good sea serpents in a drug store as ever came out of an old-fashioned saloon.

Disease Germs Doomed

Many have lost terror for the Scientist

The progress of recent years in medical research is little short of marvellous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine. Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearlessly they plunge naked hands into swarms of them, their hands precaution being to rinse their hands afterwards with a reliable germicide preparation. We are witnessing the birth of an era when the world will have little to fear from microbes. Absorbine Jr., besides being the all-purpose ointment that removes pain and soreness, and hastens healing, is a powerful antiseptic that is death to the microbe world. Absorbine Jr., is just what is needed in the house in case of accidents and to correct the many little household hurts that so constantly occur. \$1.25, at your druggist.

BABY'S OWN SOAP
 Best for Baby Best for You

TUESDAY
SUPT. GRADY ILL.—During the illness of Supt. T. B. Grady, who has been confined to his home for the last ten days, the Prince Edward Island division of the Canadian National Railways will be in charge of Mr. J. Vall, Moncton. Mr. Vall was formerly superintendent of the Halifax and South-West railway and took charge of the division about a week ago.

APPOINTMENTS.—Mr. Charles E. McDonald, Borden, has been appointed a Justice of the Peace and Commissioner for deeds for Prince County. Mr. John E. McDonald has been appointed Clerk of the County Court, Souris, Circuit. In place of Mr. W. J. Cheverie who has been appointed to a position in the Customs. Mr. Frederick Brehaut, of Murray River has been appointed Clerk of the Country Court, Murray River Circuit in place of A. J. McInnis, deceased.

KENNEDY-BELL.—A pretty wedding took place at the parsonage of the Wesley church, Vancouver on March 11th, when Miss Grace, daughter of Mr. and Mrs. James H. Bell, became the bride of M. J. W. Kennedy. The ceremony being performed by Major Rev. C. A. Williams. The bride was attired in a blue silk floor crepe and carried a shower bouquet of white carnations and rosebuds, while Mrs. Ward Kennedy as Matron of Honor wore cream silk and carried pink carnations. The groom was supported by his brother Mr. W. Kennedy. Mr. and Mrs. Kennedy will reside in Vancouver, where their friends will wish them many years of happiness.

ARCHIVES OF P. E. I. COMMITTEE.—At a meeting of the Executive on Friday night the following committee was appointed to arrange for the collection and care of the archives of Prince Edward Island: The three judges of the Supreme Court, Chief Justice Mathias Williams, Justices Hazard and Arsenault, Judge Warburton, Mr. Percy Pope, Mr. Arthur Newbery and Hon. F. Nash, with Mr. R. H. Stewart as Secretary. This is a step in the right direction and the government is to be commended on having taken the initiative in a matter too long neglected. There is a good deal of historic matter connected with the early days of the province and also much current history which should be preserved for the future.

ROGERS-CORNER.—A quiet marriage was solemnized in the Church of the Covenant, Cleveland, Ohio, on Saturday, April 11th, at 2.30 p. m., by Rev. Dr. McLaughlin. The bride was Miss Frances Adelaide Rogers, daughter of Mr. and Mrs. Fred L. Rogers, of Alberton, and the bride's mother who has been visiting in Cleveland for some weeks and the groom's parents who motored from their home in Columbus, O., were present at the ceremony. After a short honeymoon in the South, the bride, with her mother, received for it to go to the middle West. Unions are the curse of the trader, their being some twenty different Unions affected in the manufacturing of a pair of shoes. A difference between one of these and the employees holds up the whole industry, and there is eternally friction of some sort between the manufacturers and one or other of the twenty Unions. This is the sixth winter Mr. Bruce has spent with his daughter in Lynn, but he is always glad to return to the island with the birds in the Spring.

WEDNESDAY
 The Easter Term of the Supreme Court opened this morning at eleven o'clock, Chief Justice Mathiason, Justice Hazard and Justice Arsenault on the Bench. The first case was an appeal from a judgment by a Magistrate, Alex. J. McDonald, appellant, Leo Praught respondent. The action arose over the cutting down of a fence which the respondent put on his land to stop traffic. A number of witnesses were examined and at 5 o'clock adjournment was taken until 10.30 this morning when the hearing will be resumed.

The sad news was received by Dr. Benjamin Keeping, of Vernon River Bridge, Monday evening of the death of his sister, Miss Bessie Keeping in Worcester, Mass., where she has been training as a nurse in the City Hospital. Miss Keeping, who was only twenty two years of age, was a young lady of most charming personality and a great favourite with all who knew her. Her passing away on the very threshold of womanhood comes as a great blow to the other members of her family and will be greatly deplored by a wide circle of friends. She is a daughter of Mr and Mrs William Keeping of Murray Harbour.

Before taking up training for a nurse she graduated from a Success of Wales College, after a successful career as a student; and subsequently taught school at Melville. No particulars of her death have been received but it is evidently very sudden as no news has previously come regarding her illness. She leaves to mourn besides her father and mother, three brothers and two sisters. The brothers are: Minter, of Vancouver, B. C., Ewart, now in Murray Harbour and Dr. Benjamin Keeping of Vernon River Bridge. The sisters are Miss Olive, residing in the United States and Mrs. Francis Drake, of Vernon River Bridge. The body arrived on the island last night, accompanied by Miss Olive Keeping, sister of the deceased; and the funeral will be held on Thursday at the Murray Harbour Cemetery.

Interest in yachting is on the increase and owners of yachts are now busily engaged getting their boats in readiness for the season's activities. Sunday afternoon two new yachts, built by Mr. Malcolm Irwin with the assistance of their owners, were on the river for their initial spin. Mr. Malcolm Irwin had his new boat "Zenith" out and she made a great showing. Messrs. Jack King and Arthur Campbell, joint owners of the "Pinard" had their boat out also. The "Pinard" is called after her designer Mr. John Pinard who is an Islander but is now residing in the United States. Mr. James Roberts has a new boat on the wharf which will be put in the water in a few days. He has not yet decided on a name for her. Master John Moore displays great ability in the building of his own yacht which will be launched this week. Master Moore is only 18 years of age but his boat is a splendid one. Mr. William McInnis has a new boat nearly completed and it will be ready for the 24th of May. John Mills, owner of the "Pollywog", has a new boat under construction and will be ready for launching in a few days. Mr. Ed. Flynn has two new boats on the ways which will be ready for launching before the 24th.

With such increased activity in yachting circles a splendid summer of racing may be anticipated. The annual meeting of the Charlottetown Yacht Club will be held very soon and matters of vital importance to the yachting section of the community will be discussed.

Be Ready
 to help yourself by helping Nature with Beecham's Pills. Your liver and bowels will be stirred to proper activity. With your digestion improved, your food will nourish you; your eye will be brighter; your blood will be purer; you will be so much more vigorous; you will feel like a new person after you use this famous family remedy. Help yourself to health by using BEECHAM'S PILLS. Sold Everywhere in Canada.

THURSDAY
HAS PURCHASED YACHT.—It is currently reported that Mr. Robert B. Masservey has purchased the yacht formerly owned by Dr. Alley. The yacht is now on the North Side and will be brought around in a few days. The Dr. Alley yacht is a gasoline boat and is easily one of the very best in the waters of the island.

SUPREME COURT.—The further hearing of the appeal of Ayexandros J. McDonald versus Leo Praught was continued in the Supreme Court yesterday. At five o'clock the case for both sides was concluded and judgment was reserved. Tomorrow morning at 10.30 argument for a non-suit in the case of John L. Reid versus D. Sutherland McLaine will be heard.

LAI D TO REST.—The funeral of the late Mrs. George Sherren took place yesterday afternoon from her late residence at St. Catherine's to Canoe Cove. A short service was held at her late residence and a public service was held in Canoe Cove Church. The funeral services were conducted by Rev. D. M. Lamont. The pall bearers were Samuel Sherren, Albert Sherren, Robert MacDonald, Neil MacKenzie, John MacKinnon and John MacLeod.

FINE CATTLE.—That the Dominion Experimental Farm Station here has put not a little study on the feeding of beef cattle is demonstrated in the fact that Mr. J. A. Clark, the superintendent, has this Spring sold no less than twenty-five steers. These animals have all been bought by local butchers, such as Saunders & Newsome, E. Wheatley & Co., and Mr. Steve Brown, York. Yesterday in the market the latter was selling meat from three of the steers, the dressed weight of which was 56 pounds in the hundred. The live weights were 1300 lbs., 1280 lbs. and 1100 lbs.

BISHOP HACKENLEY HONORED.—Clergymen of all Protestant denominations numbering about eighteen, gathered for dinner at the Green Lantern Monday afternoon for the purpose of officially welcoming the Rev. Bishop John Hackenley, of the Anglican Church, to Halifax, and also to extend their congratulations to him on his recent elevation says the Halifax Herald. The dinner, which was held under the auspices of the Halifax and Dartmouth Ministerial Association, was presided over by Rev. L. J. Donaldson, rector of Trinity church, and proved a most happy affair. It had been planned to tender Bishop Hackenley the dinner some weeks ago, but at that time his many official duties prevented him from accepting the invitation. Greetings on behalf of the members of the association were extended to Bishop Hackenley by Rev. A. L. Johnston, pastor of the First Baptist church; Dr. R. W. Ross, minister of Fort Massey Presbyterian church and Rev. C. B. Crowell, minister of the Brunswick street Methodist Church. In his remarks Bishop Hackenley emphasized the great need for religious education in the public schools.

FRIDAY
MONTCALM HERE.—The C. G. S. Montcalm, Capt Robertson, arrived in this port from Sydney last night about seven o'clock. She is being taken aboard the large buoys this morning.

SHOW ENJOYED.—The New Annapolis Women's Institute appeared in the glory of the Strand Theatre footlights, Kensington, on Friday night, in one of the most enjoyable comedy dramas seen there for some time. Mr. Talmage Montgomery discharged the duties of chairman and nicely passed the several numbers along to the audience. The dramatic talent of the Institute was well represented in the subjoined Cast of Characters: Josiah Armstrong, a wealthy farmer, Allie McNeill; Wellington Armstrong; Benjamin Butler Armstrong; Josiah's son—Walter Moake; William LeBlanc, a wealthy broker; Harry Moase; Henry Newcombe, a rising young author;—Albert Moase; Hiram Penstroke; Wellington Armstrong's confidential man;—Arthur Wright; James Wellington Armstrong's butler;—Ben Pillman; Mrs. Wellington Armstrong, wife of Wellington;—Mrs. N. J. McNeill; Jemimay, wife of Josiah;—Alice Wright; Gladys Armstrong, daughter of Wellington;—Louise Moase; Edith LeBlanc, daughter of LeBlanc;—Jennie Bowness. The characters, without exception, performed well the part that they impersonated, and an even balance was maintained throughout. The denouement of the drama was cleverly concealed, and as cleverly exposed, and the anticipations of the audience were fully realized. Not a dull moment was suffered to intervene, and the short respites between acts were adequately supplied by enjoyable specialties. The specialties included violin solos by Maldon Dalziel and Allie McNeill;

autoharp, Mrs. George Ramsey; piano, Miss Florence McNeill; step dancing by Sambo Jackson. The whole performance was truly excellent, and the large audience were bountifully entertained. Y

PLEASANTLY SURPRISED.—Wednesday evening a most enjoyable time was spent at the home of Miss Winnifred McLeod, 77 Euston Street, when a number of her lady friends assembled and tendered her a surprise birthday party. The ladies were provided with a beautiful birthday cake which was carried in with many valuable and pretty presents. The party then sat down to bridge after which dainty refreshments were served. Miss McLeod, who is an extremely popular trained nurse, served overseas during the Great War.

DOG JUMPS FROM WINDOW.—The friends of Mr. T. B. Rogers are at present sympathizing with him in the loss of his nine months old German police dog, "Abegweit Wiki." The dog which is a very valuable one and the winner of several championships found her way, on Wednesday into the office of Mr. K. J. Martin on Richmond Street. How it came to lose its balance will probably never be known, but to the great surprise and astonishment of passers-by it came suddenly hurtling through the window into the street eight feet below, sustaining a broken hip. It suffered so much that it was mercifully poisoned.

MOTHERS' DAY.—Next Sunday May 10th, will be Mother's day in the Mount Stewart, Presbyterian Church. The exercises both morning and evening will be fully appropriate to the occasion. It is expected that a number of musical selections will be given by the choir. Mrs. Vernon Anderson of St. Peter's Lake, and other, will render appropriate solos. Following the precedent of last year, the young ladies of the congregation will present a bouquet of flowers to each of the people as they enter the church. As this is the one day in the year when we especially honour our mothers in our churches, let every one present. The exercises at Lot 40 will also be in keeping with the day. A silver offering is asked for.

SUPREME COURT.—Yesterday morning before Chief Justice Mathieson and Justice Arsenault argument of counsel for a non-suit in the case of John L. Reid versus David Sutherland McLaine was completed. Judgment was reserved. At the afternoon session argument for a new trial in the case of Maud Wakell versus Robert Rhymes was heard. Mr. D. McKinnon in support of the motion, Mr. Johnson in reply. The case was heard before Mr. Justice Hazard and jury at the last Hilary Term of the Supreme Court. At 5 o'clock Mr. Johnson had not concluded his address and adjournment was taken until 10.30 this morning when the hearing will be continued.

MCCLELLAN-SOPER.—A marriage that came as a surprise to the many friends of the young people was solemnized at the Baptist parsonage, Sydney, on Monday, the contracting parties being Mr. Clarence McClellan, of Charlottetown, P. E. I., who until he resigned last week was for two years lighthouse operator with the North Sydney Herald, and Miss Beatrice Soper, daughter of Mrs. Reid, of St. Mary street. The ceremony was performed by the Rev. L. E. Adkand, pastor of the Baptist church, Sydney, and uncle of the groom. Mr. McClellan, who is a first class operator, and whose resignation was regretted by the whole Herald staff, had planned to go to Boston, where his parents now reside, and when it became known a few days ago that Miss Soper also intended to go there, the friends of the young people became suspicious of an impending romance. Their suspicions proved well founded, but the happy young couple did not get away from town as quietly as they expected, a large number of their young friends being to the railway station Monday night to show them plentifully with rice and good wishes when the express was leaving.—North Sydney Herald. The lucky young operator referred to above was formerly employed with the Guardian.

THE LOBSTER SEASON.—About 500 pounds to the boat, was the average of last week's catch. The weather was very unfavorable the first week and all along the North Side, only on two days, Thursday and Saturday, were the boats able to launch out. It certainly was not a favorable opening week. This week, however opened up fine and calm and better things are assured. All around the coast almost complete dependence is placed on the lobster fishing. Farming operation is not in it, so to speak. Possibly land ninety per cent of the farmers re-

For Permanence and Character
 BE your home in a garden, or a city street, the rich harmonious colouring of Bird's Asphalt TWIN Shingles lends beauty and character. Three permanent colours to choose from—red, green or blue-black. They are also sturdy and long lasting yet cost no more than ordinary shingles.
 Let us tell you more about these famous TWIN Shingles. Write us for free booklet, "A Roof the Owner is Proud of." Everyone interested in roofing should have a copy.

sidling along the North Shore, from Cable Head to East Point, are either themselves or the sons, lobstering this spring. All of them, or nearly so, have hired men doing the farming at home. The majority, however, have the advantage of fishing at or near home so that in most cases they may be home at night and observe how the hired man is progressing, which is quite an advantage. As to prices for lobsters this year there is no price yet fixed as a general thing though it is generally presumed that at least \$8 per cwt. will be paid. Packers are unable yet to fix a price, and the fishermen are so anxious to get traps and fish—nothing else doing—that they are willing to leave the matter with the packers. Only in one case has the packer agreed to pay \$10 per cwt. But the majority of the fishermen fish on "half-line" and get but half these prices. Nothing is heard this spring about the certified seed potato business, nor of large purchases of fertilizer and of certified seed, as was so general this time last year. Farmers on the whole are very pessimistic this spring and show no enthusiasm over the spring-work. Seed oats are scarce, and many must be purchased involving high cash and late sowing. From East Point to Cable Head there are 16 factories in operation covering the whole area and about 128 boats and 255 men and approximately 40,000 (forty thousand) traps. That's a big investment or preparation for the season's work. In a good year an average of 10,000 lbs. per boat would only be considered fair. But since the failure last year, an average of ten thousand to the boat will probably be considered satisfactory. That at eight dollars per cwt., would bring a lot of money, possibly \$100,000. That it may. Access from East Point on the Cape Breton Head is considered satisfactory. George, thirteen factories now in full operation are paying the fishermen \$8 per cwt., straight and where conditions are about the same as the North Shore of our island.

***SHOW A SUCCESS.**—A very enjoyable entertainment was held in St. Patrick's Hall, Souris on Easter Monday night April 11th under the auspices of the Souris branch Knights of Columbus No. 2193. The music lovers of Souris were certainly treated with something out of the ordinary as the instrumental duets on violin and piano by Mr. John E. McDonald and daughter Miss Jane and the Messrs Wurtel and Martain of St. Dunstan's University were certainly masterpieces as also were the piano solos by Rev. Theodore Gallant and Miss Pearl McKenzie. The singing by Rev. Bernard Gillis and Mr. Frank McDonald was all one could desire and shows that the Rev gentleman and Mr. McDonald will be sure in always finding an appreciative audience in Souris. The stepdancing by the Misses Isabel Paquet and

Adele Morris and the Masters Neil Cheverie and Jas Sweeney were very artistic the latter taking down the hurdle. And last but not least the one act drama entitled (Pa's Housekeeper) most certainly pleased all those of the humorous strain as it was a scream from start to finish and reflects much credit on manager Mr. D. F. Lorie. There is absolutely no need to particularize with anyone of the cast as it was acted one would say by professionals. Following is the cast:—James Jackson (Pa)—Mr. Peter A. McLellan; Jimmie Jackson (son)—Mr. Jim Keays; Jack Brown (Jimmie's friend), Mrs. O. L. Pounce (new housekeeper) Mrs. Lou McMillan; Mollie Holbrook (maid) Mrs. A. F. McDonald; Mattie Jackson (Pa's daughter) Miss Anna McDonald.

Why Men Crack
 When on the Highway to Success

"Sleeplessness," Doctor Kennedy tells us, "is one of the commonest signs of nervousness. Another is physical unrest. You are showing signs of nervousness when you cannot keep from twitching your eyebrows, shrugging your shoulders, swinging one foot when your legs are crossed; or when you cannot sit at a desk or table without continually tapping with the fingers."

THE warning symptoms, as outlined above, are well worth careful study because with this knowledge you can detect the indications of failing nervous energy while yet there is time to prevent serious results. Your digestive system has failed to supply proper nourishment to the nervous system. On this account outside help is necessary, such as Dr. Chase's Nerve Food, before you can get back your strength and vigor. You will not be using this restorative treatment long before you are sleeping, and resting better, appetite and digestion will improve and you find yourself well on the way to health and happiness.

Dr. Chase's Nerve Food
