BRIDE ELOPED ON MOTORCYCLE HANDLEBAR.

LA SUEUR, Minn., Nov. 18—Elizabeth Methuen, daughter of a rich farmer near this place, eloped with Geo. Hetting, she being seated in front of him on the handlebars of a motorcycle with the young woman's parents in pursuit in an automobile. The parents were only about half a mile behind, when a front tire blew up and machine and occupants were ditched.

Young Hetting, with the race and bride both won, sped on across the county line and down to Waseca, where they were married. But the father showed himself a good loser, by forgiving the elopers by telegraph.

The young couple on their way back to the home of the bride's father, came upon the wrecked machine, and Hetting magnanimously stopped and repaired the damage and drove it home. There a reception was held at which all the friends of the young couple in the vicinity gathered and had an old-fashioned farm dance.

trich feather," a representative learned, is known by many names in the trade.

They are classified as follows:
 Whites—Wing feathers.
 Femina—Feathers from female birds.
 Bycocks—Black and white from male birds.
 Boos—Tail feathers.
 Drabs—Female body feathers.
 Floss feathers closest to the skin. They vary in price from \$42 downward, but of course many feathers go to the making of one expensive plume, for new feathers are joined on to the existing feather to obtain the desired length and droop.

GAS ON THE STOMACH

Relieved at Once by Father Morrissey's No. 11 Tablets.

Many people find that no matter how carefully they watch their diet and deny themselves this, that or the other favorite dish, still after every meal gas forms in the stomach and everything seems to turn sour.

Besides causing great discomfort, this condition makes it impossible to get the full benefit from the food eaten, and the body is continually starving with a full stomach.

Father Morrissey's No. 11 Tablets promptly relieve this and other stomach disorders. Each Tablet has the power of digesting a pound and three-quarters of food, so that even though the stomach may be in a very bad or weakened condition one tablet taken after each meal will insure proper digestion and prevent sourness, gas in the stomach, pain or discomfort.

The case of Miss Maggie Leahy, of West Franklin, Ont., is a sample of what Father Morrissey's No. 11 Tablets can do. Writing on Jan. 5th, 1910, she says:

"Your No. 11 Stomach Tablets suit my case exactly, as I am ever so much better since using them than I had been for the last seven years. I could hardly eat anything that would not turn sour on my stomach, or cause gas. My Doctor said it was Catarrh of the Stomach. I had no pain, but gas after eating. The first tablet I took gave me relief, and I am still continuing their use."

If you happen to eat a little too much for dinner, or something that does not agree with your stomach, just take a No. 11 Tablet and you will feel all right in a few minutes.

If you have been troubled with Indigestion or Dyspepsia a course of Father Morrissey's No. 11 Tablets will soon put your stomach into a healthy condition again.

PLUMBS FOR CORONATION.

Preparations are being made already by the ostrich feather importers to meet the increased demand for plumes which is expected for the coronation season.

The weight of feathers is increasing with every sale at Mincing lane, and at the last bimonthly sale, which has just finished, the weight offered was 115,500 pounds, against 104,000 pounds in July.

Although the prices showed a decline on the average, the setback is only temporary, and already large orders are being received in the warehouses of Aldersgate street, where the ostrich feather dealers concentrate.

"The trade in ostrich plumes," one of the foremost merchants said, "is like the trade in diamonds. Its volume has depended hitherto on the prosperity of America. When things are good in America then trade is good for us.

We are looking, however, for an improvement now, for ostrich plumes are likely to be the fashion next spring.

"The abolition of the large hat in favor of the small turban shaped hat has meant a considerable loss to us, as the feathers used in the small hat are chiefly small tail feathers instead of the large sweeping wing feathers."
