SPECULATION AS TO BORDEN'S SUCCESSOR

Decision Expected on Thursday. Hon. Arthur Meighen Considered the Probable Leader. Government Assured of Substantial Majority.

(Dom. Press Special).
OTTAWA, July 5.—Sir Robert Borden's decision in regard to his successor is not expected before Thursday. The Prime Minister is understood to be leaving Ottawa on Friday for a few days' vacation, and it is assumed that he will have an announcement to make before going. While nothing official has been forthcoming from the Premier's office, belief is gaining ground that the new Unionist leader and Prime Minister will be Hon. Arthur Meighen. Mr. Meighen, there is reason for believing, received the support of more than ninety per cent. of those who communicated their opinions to Sir Robert Borden. Liberal Unionists being almost as strong as Conservatives in their support of him. The prospective premier, however, does not appear to be excited over the situation. He spent Sunday in Toronto visiting friends and has declined to make the slightest personal canvass in his own behalf. The same thing, in fact, can be said of the Ministers whose names have been prominently mentioned, there being a commendable absence of personal rivalry or jealousy, each contender for the honor being apparently willing to give loyal support to whoever succeeds to the premiership.

If, as is now assumed, announcement of the choice of Mr. Meighen is made on Thursday, the resignation of Sir Robert Borden will likely take place early the following week. Mr. Meighen then being called upon to form a new ministry. The new leader will have an entirely free hand in selecting his cabinet, as the resignation of the entire cabinet (this is always the case when a Premier resigns) is not expected, however, that cabinet reorganization on a large scale will follow. What is more likely is that, for the time being, most of the present cabinet will be retained. A minister will be brought in to represent Nova Scotia, (likely Mr. F. McCurdy) and another to represent New Brunswick (almost certain to be Mr. Wigmore). It may be also that the new Premier will make an effort to secure an extra minister or two in Quebec, but this is by no means certain for the moment. Talk of a general election need not be seriously considered. The new Premier will be able to command a normal majority of 25 in the House of Commons and until he has created a party organization in the country and provided for the extra seats which redistribution will afford the west, he is almost certain to carry on for at least a year before going to the country.

OTTAWA, ONT., July 5.—An order-in-council was passed on the day after prorogation with respect to the Board of Commerce in view of an appeal now pending before the Judicial committee or Privy Council as to validity of the Act under which the Board was established. Two appointments which have been made are to be regarded as temporary. Capt. William White, K.C., the former Secretary of the Board, has been appointed Chairman and the other two vacancies have been filled by the appointment of Mr. E. A. Acton, Deputy Minister of Labour, and Mr. G. A. Dillon, Purchasing Agent of the Department of Justice.

These two gentlemen have been given leave of absence from their present duties in order that they may discharge effectively the responsibilities placed upon them as members of the Board.

Winnipeg Strikers Are Reinstated

(Special to The Guardian).
WINNIPEG, MAN., July 5.—The longest "strike" on record in Canada has just been concluded with the re-employment at the Winnipeg post office of carriers and clerks who joined with 25,000 other workers on May 15th, 1919 in the general strike that paralyzed this city for six weeks last summer. Authorization to re-instate the strikers has been received from Ottawa and they are being re-employed as vacancies occur. One condition of their return is that they sign a pledge never to strike again for any reason whatever. The government in imposing the pledge takes the position that mail service is a public utility which never must be crippled by labor troubles.

ST. JOHN'S, Nfld., July 5.—Destruction of St. John's city by forest fires was barely averted yesterday by the energetic action on the part of the authorities, supplemented by a heavy downpour of rain. Burning in hot dry weather last week, forest fires had been reported from many sections of the country, and have done much damage in the district of Ferryland. LOYD GEORGE'S ULTIMATUM TO SOVIET GOVERNMENT

British Prisoners in Russia Must be Released and Soviet Must Refrain from War-like Operations if they Want to Trade with Britain.

(Special to The Guardian).
LONDON, July 5.—Leonid Krassin, the (Red) Trade Commissioner, carries back to Leningrad an ultimatum from Premier Lloyd George that every British prisoner in Russia must be released and that the Soviet government must pledge itself to refrain from warlike operations or propaganda inimical to British interests, or trade relations will not be resumed.

The Premier did not like M. Krassin's attitude with reference to Turkey, Poland and Persia. He accused the Soviet government of instigating a war which threatened the Allies in general and the British Empire in particular. M. Krassin replied that so long as the Allies made war upon the Soviets, even if only indirectly, the Soviets were bound to "touch these sensitive spots most likely to excite the interests of the Allies."

(Mr. Lloyd George took the position that the Soviets were using warlike methods and revolutionary propaganda in an effort to force the Allies to resume trade relations with Russia and requested M. Krassin to inform Leningrad that the latter was pursuing a policy that could not be permitted to triumph.)

M. Krassin states that the blockade of the Russians is still actually in effect. He complains bitterly of the alleged refusal of the British either to sweep up the mines blocking Petrograd or to furnish mine charts even to neutrals willing to ship goods direct to Petrograd, instead of to Revel. He asserts that the Russian mercantile fleet is thus confined to port.

No More Unpopular Strikes in France

(Special to The Guardian).
PARIS, July 5.—"The railway men have shelved their extremist leaders and gone back to the path of moderation," says the head of a large French labor federation today. The election of the former President, M. Bidegarry, to his old post at the head of the union, demonstrates that the workers are tired of being misled by the radicals.

There will not be any more hastily unpopular strikes. The workers will reflect before ceasing to work again, and if they do they will act through the old-fashioned labor leaders. The railway men have decided to take part once more in the arbitration commissions which with the co-operation of the employers and the government are used to regulate the conditions of labor.

Bolsheviks Prepare For Another Fight

(Dom. Press Special).

Polish efforts to dispose of General Budyeni were only partly successful.

Who Will Succeed Sir Robert Borden?

(Special to The Guardian).
OTTAWA, July 5.—A flood of letters and telegrams announcing the choice of members of Senators as to who should be chosen to succeed Sir Robert Borden, Premier and leader of the now National Liberal Conservative Party, is almost ended. It was expected Saturday night would see almost all of these in the hands of the Prime Minister, of which it will probably be a matter of a day or two until he has gone over the situation and decided who is to inherit his mantle.

When he came in he took him to his room and read the letter which contained these words: "Dear Mike, I love you so that if you leave me I will kill myself."
