GRAIN

More than 90,000,000 bushels of Canadian grain are in storage from the head of the lakes to the Canadian Atlantic seaboard.

From the Atlantic with the exception of 7,229,875 bushels that are held in Montreal, Quebec City and other ports...

The figure represents well over a third of the total of Canadian grain that is in storage throughout Canada and at United States terminals.

Of that amount stored from the head of the lakes toward 69,292,163 bushels are held at the head of the lakes terminals...

The more than 21,000,000 bushels held in Ontario are divided as follows: Collingwood 146,561; Gooderich 1,348,346; Kingston 734,680; Millbrook 5,300,712; Owen Sound 1,492,811; Port Colborne 1,355,193; Port McNicoll 802,433; Prescott 62,000; Sarnia 2,437,835; Tiffin 1,512,253; Toronto 411,071; and in floating storage at lower lakes ports 5,232,517.

The total Canadian grain held at United States ports tonight was 8,303,200 bushels and at United States seaboard ports 25,182,032 bushels. Man has 2,430,283 bushels. The Canadian west holds the remainder outside the 90,000,000 bushels between here and the Atlantic.

WHEAT PRICES HIT STRIDE WINNIPEG, Jan. 4.—Wheat prices hit their stride in the new year on the grain exchange today and piled up gains of nearly two cents before the close. Commission houses in Chicago were in the market, offerings here were light, and demand increased as cables flowed.

Sales of Canadian wheat abroad were not so large today as they have been lately but eastern interest seemed to be absorbing a good deal of wheat for investment purposes and a good volume of mixed buying was generally evident during the session.

Outside markets also did well. Liverpool and Chicago closed with gains and Buenos Aires was fractionally higher at noon. Argentine wheat is being offered more cheaply than Canadian wheat but little demand is developing for it in Europe.

When Your Cough Hangs On, Mix This at Home. Saves \$2. So Easy! No Cooking!

The best cough remedy that money could buy can easily be mixed at home. It costs very little, yet it's the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs, brings immediate relief, is astonishing.

Any drugstore can supply you with 2 1/2 ounces of Flax. Pour this into a 16 oz. bottle, and add granulated sugar syrup to make 16 ounces. To make syrup, use 2 cups of sugar and one cup of water, and stir a few moments until dissolved. No cooking needed. It's no trouble at all, and saves two-thirds of the money a family usually spends on cough medicine. Keeps perfectly and tastes fine.

Race Schedules Coming Season

(By W. H. Gocher) Two of the most important circuits have announced their dates for 1933. The Bay State Circuit led off early in November with the strongest chain of meetings since it was organized in 1914 and the Grand Circuit followed with its group the week of the New York sale.

This year the opening meeting of the Bay State Circuit has been switched to Goshen, N. Y., one of the leading eastern training centers from which it will secure local support as well as the cooperation of those who will be in line ready to take the word in June.

From that point the stables will ship to Chatham. The races will be contested over the track of the Columbia County Agricultural Society which will as usual hold its fair and race meeting Labor Day week.

Northampton will be the scene of the third meeting in the circuit. It can be depended on to keep up the standard of racing which has been seen at that point since the circuit made its first bid for public favor.

The next stops will be in Connecticut where there will be two meetings, the first at Avon and the second at Windsor the week of July 4. These meetings have always been leaders not only in the amount of money offered but also in the quality of the racing material.

Sturbridge will be the next stop. The Cedar Lake Park meetings have been noted for the brilliant contests which have entertained the patrons of this perfectly appointed course.

From Sturbridge the leaders will line up with the Grand Circuit at Salem. In that meeting will be the fourth in that series. As usual it will open with a two weeks stand at North Randall. From there the stables will move on to Toledo and Buffalo. The present schedule calls for two weeks racing at Rockingham Park. When it was adopted it was stated that one of the weeks would go to Hartford in the event of a meeting being put on at Charter Oak Park.

The Good Time Park meeting at Goshen is the next in line. Last year it held the most attractive in the series, notwithstanding the loss of a day by rain. From Orange County the stables will ship to the Illinois State Fair at Springfield. This brings the dates up to Labor Day week when the owners of mile track racing material can choose between the New York State Fair meeting at Syracuse or the Indiana State Fair at Indianapolis. After the two state fairs there will be a skip until Lexington unless the open dates are filled.

There are enough meetings being

held over mile tracks in September to take up all the weeks if the associations could agree on dates. Last year, and no doubt the same thing will occur in 1933, in addition to Syracuse and Indianapolis going on Labor Day week the flags will be up at Detroit and Hamline. This clash scatters the money to be raced for but at the same time it makes a slash in the quality of the racing.
