SLIGHT BLAZE—The firemen were called out on Thursday afternoon and made a quick run to Mr. L. P. Sherry's store on Water Street Summerside, for a slight blaze under the counter. Apparently a discarded cigarette stub had set fire to a bundle of papers which made a great smoke, but the flames were quickly extinguished with the use of the hose and only trifling damage resulted.—S.

TAKEN UP RESIDENCE IN SUMMERSIDE—Professor and Mrs. Archibald Hume of Montague have taken up their residence in Summerside and are being extended a very hearty welcome. Professor Hume who is a musician of high degree, is taking classes in the organ, piano, and several stringed instruments and also his wife, who is a skilled pianist, will be a great acquisition to Summerside musical circles.—S.

DEATH OF MRS. SMITH LEARD—The death occurred on Tuesday at her residence in Tryon of Mrs. Smith Leard after a long illness. She was formerly Miss Gamble of the Lady Fans district. The deceased was very highly esteemed and her death will be regretted by a wide circle of friends. There are left to mourn besides her husband, one son, Arthur at home, and one daughter, Mrs. William Sillocker of Tryon; also one brother, Mr. Lea Gamble, of Tryon, to all of whom sincere sympathy is extended. MOST SUCCESSFUL ANNUAL BAZAAR—The Sisters of St. Mary's Academy, Summerside, are to be congratulated on the wonderful success of their annual High Tea and sale of fancy work held in St. Paul's Hall on Wednesday and Thursday. The tea tables, as usual, were laden with dainties of every kind and the service was excellent. There was a beautiful display of fancy work and useful articles and other attractions which drew a large crowd. People of all denominations and all classes in record numbers attended the most enjoyable affair on both days. The proceeds, which amounted to over \$1400, established a new high record at Summerside for affairs of this kind.—S.

DEATH OF LIFE LONG RESIDENT OF NORTH TRYON—The death occurred on Sunday last at his home in North Tryon of Mr. Arnold Lefurage at the age of 66 years. The deceased was the son of the late Mr. and Mrs. Allison Lefurage and was born on the farm in North Tryon where he lived until his death. He was one of the most prosperous farmers of that district. Owing to his father being in poor health during his life time he had practically looked after their large farm since he was but thirteen years of age. He was a man of very estimable character and held in the highest esteem by a very large circle of friends. His widow, formerly Miss Annie Heustis of Albany, survives him; also the following children, namely:—Maxwell on the homestead, A. A. Lefurage of Brandon, Man.; Mrs. Bruce Davidson of Regina; Mrs. Frank Johnson of Summerside, and Miss Mildred of Toronto; also two sisters, Mrs. Major Heustis of Summerside and Mrs. Hugh Walker of Cape Traverse, to all of whom the Guardian extends sincere sympathy. The funeral took place on Tuesday afternoon from his late residence to the cemetery at Cape Traverse, Rev. Mr. Brinton officiating. MOORE & McLEOD LIMITED

W. C. Charlottetown, spent Thanksgiving at his home in Tryon.—D.

SOUTHERN NOTES
Owing to an accident to the car in which he was driving Rev. H. F. Thomas, M. A., was unable to be present in Wood Island Hall on Thursday, 7th inst., to hold service preparatory to communion which was dispensed in Wood Island Presbyterian Church on Sunday, the 10th.

Trade in potatoes is at present chiefly remarkable for its inaction. Messrs. Hugh MacNeill, Sam Dixon and William MacDonald are busily engaged in the next great debate of the local club. The subject will be the benefits or otherwise of inter-imperial trade.

If the sum of money recently lost by a resident of Wood Island falls into honest hands it will be returned if it doesn't the loser will be out of luck.

Later, We take pleasure in reporting that the money was found and returned to the owner, who is now a happy man.

Mr. Jonathan D. Morrison of Mt. Vernon, recently made a business trip to Wood Islands and Little Sands. In the latter place he was the guest of Mr. Sam Dixon.

The most satisfactory time to make a cellar frost-proof is when it is constructed. Those who neglect to do this at the time are forced by necessity to make them frost-proof by the application of a liberal quantity of sea weed, saw dust or clay. Tar bark is a thing of the past though I can remember well enough when tanneries in and around Charlottetown could supply a surprising amount. The tanning industry has however, been wiped out long ago. From ten to thirty loads of seaweed

are usually required to bank a house according to its size. The loading and hauling of such a quantity, especially if the haul is a long one, which is usually the case, entails a good deal of time and labor which could be more profitably applied to other pressing work about the farm in the busy season just before frost sets in if the cellar had been constructed frost proof in the beginning. Also a frost-proof cellar is warmer in winter and cooler in summer than one which is not.

So please accept this cosy nest in which to chat, or read, or rest. Mr. and Mrs. Gard replied in appropriate words assuring their friends they were taking with them very pleasant memories of the many acts of kindness shown to them by their fellow workers. The evening was spent in social chat, music and singing, when all sat down to a dainty duck supper, served in the hostess' best style.

Smothering Spells Couldn't Walk Far Gaspd For Breath

Mrs. T. W. Both, Kelowna, B.C., writes:—"For over a year I was troubled with smothering spells, and it was impossible for me to walk, even a short distance, on account of having to gasp for breath."
"A friend told me to try

which I did, and in a short time I felt much better."
"I can now recommend them to everyone."
