ENEMY VILLAGES AND PRISONERS CAPTURED ON WESTERN FRONT

The Waning Strength of the Germans on Western Front Evidenced by Their Failure to Resist the Onslaught of British and French Attacks. Several More Villages and Over 400 Prisoners Taken in Yesterday's Fighting.

LONDON, Sept. 25.—South of Pince, says a British official statement issued today, the enemy attacked one of our positions to the east of Courcellette and was repulsed. We blew mines last night north east and north of Neuve Chapelle, north of Hill 35. Much damage was done to the enemy's works. The enemy's trenches were raided at several points on the battle front. The official statement issued by the War Office today regarding the military situation in Macedonia says: On the Struma Doiran front there is nothing to report. British troops have captured the village of Morval Lesbouffe together with several lines of trenches on a six mile front between Combles and Martinpuch, south of the Ancre River, says an official report from British headquarters issued about midnight. This front was penetrated to a depth of more than a mile and many prisoners were taken. Heavy losses were inflicted on the Germans. (Special to the Guardian.) PARIS, Sept. 25.—In a violent attack launched against the German positions extending from Combles to the Somme French troops made today noteworthy gains, according to an official communication issued tonight. Many German positions were taken in the region of Freicourt between Combles Road and Bouchavesnes in the vicinity of the canal due north. The communication says north of the Somme battle was renewed Monday with violence along the Anglo-French front, French infantry assuming the offensive. About noon simultaneous attacks were made on German positions at Combles and Rancourt the defensive being held by the enemy. From the latter village as far as the Somme, north east of Combles we carried our lines to the outskirts of Freicourt and captured all the strongly organized ground between that and Hill 143. The village of Rancourt, also fell into our hands. East of Bethune Road we extended our positions to a depth of about one kilometre. From Combles Road as far as Bouchavesnes we carried by assault a hill northeast of that village and reached to the south east of Hill 13. Further south we carried several lengths of trenches in the vicinity of the canal due north from Bethune Road as far as the Somme. The number of unwounded prisoners taken by us counted up to the present exceeds four hundred. There were no events of importance in remainder of the front apart from a some what lively artillery duel on the right bank of the Meuse in the region of Vaux Chapire Le Chenoise.

PROVINCIAL EXHIBITION OPENING TODAY

Unprecedented Number of Entries and Promise of Island's Biggest Exhibition. Immense Crowds Arrived Last Night.

Everything up to the present seems to point to the Provincial Exhibition which opens in Charlottetown today being the most successful in the history of the Province. By boat and train last night large numbers of visitors and exhibitors arrived. Yesterday the main building, the machinery building and in fact the entire grounds presented quite an animated appearance as the exhibits kept coming in. The live stock exhibit is going to be a record breaker and as to dairy products and vegetables, roots, etc., they will be fully up to or above the best of recent years. The formal opening as already announced takes place at noon. Addresses will be given by the Governor, the Premier Mr. Heartz, Commissioner of Agriculture and others. The horse races will furnish quite a lot of excitement for the lovers of this sport. Today's events are a 2:40 trot stake and a 2:20 trot and pace each for purses of \$400. The judging of all live stock will begin at 2 o'clock. Already the interior of the main building is check-a-block with exhibits. Among the exhibits are the following: PATON & CO. Paton & Co's double booth on the north side of the building is most tastefully arranged. On one side is displayed Wilton's carpets, carpet sweepers and vacuum cleaners and beautiful crumple curtains. The other compartment is an exhibit of Red Cross workers supplies. A wax figure of a Red Cross nurse stands in the centre and arranged in order are flannels, flannelies, towels, cottons, yarns, knitting outfits, patterns and all that goes to make up the dry goods paraphernalia of those engaged in Red Cross work. The booth is artistically decorated with flags while the Red Cross insignia is conspicuous on every hand. MOORE & MCLEOD. A decidedly well arranged booth is that of Moore & McLeod. It represents a section of panelled rooms, with papers and chintzes to match such as are of the latest vogue. There are shown wall papers suitable for finishing rooms in oze leather effect, deep blue with a pretty cut out border with base stripe. Also a pretty shade of tan oze leather with pretty colored border and base stripe. These papers are guaranteed absolutely fast colors. They also show a pretty bedroom paper in blue and white stripe with heavy cut border and base band. Another pretty bedroom paper is shown in two toned greys with a handsome border and base band of pink roses. A very large assortment of colors of 1917 wall papers and borders to match is displayed. Mosaic curtains with lace insertion and edging—the kind of certain the fashion now calls for. The display is creditable to Mr. E. A. Heartz who is in charge and arranged it. MILLER BROS. The old reliable musical firm of Miller Bros. occupy the same booth as in former years. They have a splendid showing of the famous Heintzman and Sherlock-Manning pianos. There is a very fine Duquesne player piano besides a good showing of Karn and Thomas organs; New Home, New Idea and Williams Sewing Machines and a large Edison phonograph. CARTER & CO., LTD. This well-known firm's assortment of wall papers covers a wide range and includes not only the best grades of 1917 patterns, but a large and varied assortment of well-made attractive wall papers of reasonable price which are worth inspecting. These papers are all manufactured by the well known firm of Collin McArthur of Montreal, Carter & Co., Ltd., being the sole firm on P. E. Island. The designs and colorings are very beautiful for parlor, sitting room, halls, bedrooms and kitchens. The display is located immediately opposite the main exhibit.

Revolution on Island of Crete

(Canadian Press Despatch.) LONDON, Sept. 25.—Fully armed Cretan insurgents, numbering 30,000, are in complete control of the island, according to a Reuters Athens despatch. Canea, Heracleon and the other coast towns are in their possession. The Greek authorities have turned over all government buildings to the leaders of the separatist movement. Only eleven members of King Constantine's Cretan guard remain loyal the others being disbanded.

War Loan Will Be 180 Millions

(Canadian Press Despatch.) OTTAWA, September 25.—Cash subscriptions to the Dominion war loan recorded by the Department of Finance up to midnight on Saturday totalled one hundred and thirty-nine millions. This includes the fifty millions subscribed by the chartered banks. When it is considered that only one hundred millions was called for, some idea of the success of the loan may be gained. "I am confident," said Sir Thomas White, Finance Minister, today, "that when the subscriptions now in the mails are received the total will reach one hundred and eighty millions and probably more. Ninety-five per cent. of the subscriptions are Canadian. The number of subscribers may reach 30,000. The list closed on Saturday and no further subscriptions can be received." The question of the amount of allotment of the subscribers cannot be considered until the returns are nearly in. When it is considered that about all received, that is to say until about the middle or towards the end of next week. It is regarded as probable that the banks will receive no part of their fifty million dollar subscriptions and that the smaller subscriptions will be allotted in full. The cutting down will be done in connection with the larger subscriptions. The banks' subscriptions of fifty million dollars may be taken later by the Government when the present loss of one hundred millions is exhausted.

Heavy Traffic On Intercolonial

(Canadian Press Despatch.) OTTAWA, Ont., Sept. 25.—Particularly heavy traffic to and from Maritime Provinces ports is anticipated when the St. Lawrence closes. Apart from the extensive movement of mail, there will be big shipments of wheat, munitions and general supplies. To make the necessary provision for this business, Honorable Frank Cochrane, Honorable J. D. Hazen and Mr. F. P. Guellets, were in conference on Saturday. Arrangements for adequate rolling stock, ocean transport and siding and terminal accommodations were under consideration and details are being worked out.

Loss By Fire Over Million

(Canadian Press Despatch.) SYRACUSE, N. Y., Sept. 24.—Fire early today wiped out the entire business district and more than half the industrial section of the village of Phoenix, causing a loss of more than \$1,000,000. One person is known to have perished. Eighty-two buildings were destroyed.

Italians Relire From Mount Cimeon

(Canadian Press Despatch.) ROME, Sept. 25.—The withdrawal of Italian troops from the summit of Monte Cimeon, on the Trentino front, after the explosion of Austrian mines is admitted by the Italian official reports issued today. It is added, however, that the abandoned position is under a curtain of fire from the Italian fire. The text of the statement says: "Trentino front: The enemy still is attempting diversions. In the Ledro Valley on Friday we repulsed a hostile detachment northeast of Lefumo. "In the Astico Valley, at daybreak yesterday after an intense bombardment the enemy exploded mines on Monte Cimeon obliging our troops to withdraw 100 yards from the summit. The abandoned position is, however, under a barrage fire of our artillery. "In the Sugana valley on Friday evening the enemy renewed his attack on Mont Civarot but was promptly repulsed. "In the upper Cordevole a surprise attack gave us possession of an advanced position toward the summit of Monte Sief. On the remainder of the front there were only artillery actions. "In reports for bombardment by the enemy of Cortina d'Ampezzo and the Misurina areas we shelled the Military Railway station of Sillian and the railway of the Drave valley. Last night, on the Carso, the enemy launched fresh violent attacks against our positions on hill 260 and 144. Those were completely frustrated by the stubborn resistance of our troops."

Bread Famine Now in Vienna

(Canadian Press Despatch.) ZURICH, Switzerland, Sept. 25.—(Via London.) Press despatches from Vienna say there has been a bread famine there for several days, owing to transportation difficulties. An official decree has been published forbidding hotels and restaurants of Vienna and lower Austria to supply bread to guests, who must bring their own. Railway service has been greatly disrupted since Roumania entered the war.

A Sad Fatality At South Granville

Last week while Mr. Murdoch Corbett of South Granville, was saving his grain on his own farm with a man who was helping him, a shocking accident occurred which has cast a gloom over the community. His two little girls aged four and seven years respectively were driving one of the horses in a truck, the oldest, who was driving, sat on the shelving, while the younger tot sat between the shelvings. The horses in some way suddenly took fright and ran throwing the oldest girl clear of the wheels but bouncing the youngest up and down on the truck until she was thrown off behind. The father was unable to render any help and when he reached his little daughter, she lay breathless twice and passed away, although there was not a mark on the little body anywhere. The funeral, which took place on Monday, was largely attended in the absence of the pastor, Rev. Mr. Irwin. Much sympathy is expressed for the family in their sad bereavement.

Germany Has Political Crisis

(Canadian Press Despatch.) LONDON, September 25.—A great political crisis is slowly developing in Germany, says the correspondent at Amsterdam of Reuters Telegram Company. The pan-Germans, before the opening of the Reichstag, are making every effort, the correspondent says, to overthrow Chancellor Von Bethmann-Hollweg. The Berliner Tageblatt is quoted as saying: "Tension in the atmosphere of Imperial politics has reached such a high point that discharge must follow if the Empire is not to suffer lasting damage." Reuters' correspondent says articles in the independent national correspondence show the pan-Germans are fighting for a policy of ruthless submarine warfare, the only obstacle to which is the Imperial Chancellor.

URBAN STOCK COMPANY RECEIVES HEARTY WELCOME

The Urban Stock Company were greeted with a large audience upon the opening of their engagement at the Prince Edward Theatre last night. This company is a very capable one, every member of the cast of the opening bill, "Driftwood," showing themselves to be clever performers who seemed admirably fitted for the roles which they were assigned. "Driftwood" is a four act drama and has to do with the career of a young girl lost to the world to struggle against poverty and ruin. Miss Marion Johnston, who takes the leading feminine role as Helen Warner, the unfortunate girl referred to, is a decidedly clever and dainty actress and in this part which called for strong, emotional work she played in a manner which showed that the company in their choice of leading ladies have chosen well. Wayne's office manager, by Mr. Fred Harvey; John Parker, a clerk, by Mr. W. Delmas; Dan, office boy, by Mr. G. Silliman; Rodney Warren, a business man, by Mr. C. Hammond; Thomas, a butler, by Mr. E. Simpson; Hattie Simpson, by Louise Ad Del, and Mrs. Simpson, the irreplaceable grandmother by Ada L. Barbour, all took their parts admirably. The specialties are a big feature with this company and the audience was not allowed to grow weary between acts, with every minute being especially worthy of mention is the Ventriquist work by Mr. Harry Ferris, which caused roars of laughter, the marvellous hoop rolling stunts by Mr. Chas. Hammond, who certainly is a wonder. The songs of Miss Deland and Mr. Geo. Silliman also made big hits, and Mr. Harvey was very amusing. Driftwood will be repeated tomorrow afternoon and at night that sterling old attraction, "The Old Homestead," will be presented and will no doubt attract an audience which will tax the capacity of the Theatre.
