THE PROVINCIAL GUARDIAN

Offices in New Prowse Block Charlottetown.

ALEX MARTIN, M. P., Valleyfield and Murdoch McKinnon, M. L. A., Montague were in the city yesterday afternoon.

Over eighty people accompanied the Victoria Hockey Team to Summerside yesterday afternoon. They returned early this morning.

A RECENT visitor to Sturgeon school sends The Guardian a very eulogistic account of the work being done there by the teacher P. Dunn.

THAT specially interesting short story—"The Squelching of Squinch" will be well worth reading—don't miss it in The Guardian of Saturday next.

THERE will be a meeting of the Executive of the P. E. I. Development and Tourist Association at 8 o'clock this evening in the C. B. C. Shorthand Rooms, Bank of Nova Scotia Building.

THE cover of the Canadian Stenographer for December 1905 has an excellent cartoon of W. H. Newsome, Toronto, the popular representative of L. G. Smith & Bros. visible typewriter, seated with whip and reins in hand behind a giant typewriter drawn by "the running horses."

THESE entered into rest, on Jan. 15th, Ada Collins, only daughter of the late Richard Collins, Sturgeon and wife of William Saucabaugh, of Murray Harbor North, aged 27 years. She has left behind her a husband, three children and a large circle of relatives and friends to mourn the loss of a faithful wife, a devoted mother, and a friend ever true. Her quiet, kindly disposition and unassuming piety in life, make her death deeply regretted by all who knew her. Their loss is her infinite gain.

THE Sydney Post has the following of Sam Doyle, formerly of the Abegweit, in an account of a recent hockey match between the Champion Nationals and Glouce Bay. "Doyle at centre was the fastest man on the ice; he was here, there, and everywhere, breaking up any attempt which the G. B. made at combination. The hardest checking of the season was on about this time, all legitimate, however." What a team Charlottetown could produce if its old players such as Williams, Cushing, Gregory, Doyle, Music et al could be brought together into one septette.

AS Monday was Violet Day the Daughters of the Empire were entertained by the Regent, Mrs. James Warburton. Bouquets of violets were presented by the hostess to each member and the program included the reading of a paper written by Miss Laura Young at the request of the Victoria League of Boston and read before this Society in Huntingdon Hall last winter. The paper gave a most interesting and graphic account of her experience at Oxford University. Miss Young has recently been honored by an invitation to lecture at Oxford University on "The Women's University Settlement" in which she is now engaged.

A VERY enjoyable dance and social was held Wednesday evening the 17th inst, at the residence of Mrs. L. E. Ferguson, French River. The best of order and good feeling prevailed. Dancing was kept up until the "wee sma hours." The high class music furnished by Prof. Dempsey and B. McLellan of Indian River contributed largely to the success of the affair, as did also the singing of Misses Jean Howatt and Laura McLellan and A. McLellan, who literally brought the house down by their rendering of several Scotch songs. A very happy and pleasant evening came to a close by singing Mrs. Ferguson an ideal hostess.—Com.

A RECENT Fall River Mass. exchange has an extended notice of the farewell tendered to Ensign Squarebriggs, second son of Capt. Squarebriggs, city. It says in part:—Ensign W. H. Squarebriggs and wife paid their farewell, formally, to the Salvation Army corps of this city on Sunday, and on Thursday they will proceed to Boston, where, at Salvation Army headquarters, they will be employed for a while. The services of Sunday, conducted by the retiring ensign, were held at 11 a. m., and at 3 and 8 p. m. Despite the embargo of the storm, the gatherings during the day were fairly large, and the evening attendance was large indeed, the citadel auditorium being filled.

WHAT IT MEANS TO YOU. Few People Realize the Importance of Good Digestion Until it is Lost.

Many people suffer from dyspepsia and do not know it. They feel mean, out of sorts, peevish, do not sleep well, do not have a good keen appetite, do not have the inclination and energy for physical or mental work they once had, but at the same time do not feel any particular pain or distress in the stomach. Yet all this is the result of poor digestion, an insidious form of Dyspepsia which can only be cured by a remedy specially intended to cure it and make the digestive organs act naturally, and properly digest the food eaten. Bitters, after dinner pills and nerve tonics will never help the trouble; they don't reach it. The new medical discovery does. It is called Stuart's Dyspepsia Tablets and is a specific for dyspepsia and indigestion. It cures because it thoroughly digests all wholesome food taken into the stomach, whether the stomach is in good working order or not.

Stuart's Dyspepsia Tablets, by digesting the food, instead of making the worn out stomach do all the work, gives it a much needed rest and a cure of dyspepsia is the natural result.

When you are nervous, run down and sleepless, don't make the common mistake of supposing your nervous system needs treatment and fill your stomach with powerful nerve tonics which makes you feel good for a little while only to fall back faster than ever.

Your nerves are all right but they are starved, they want food. Nourish them with wholesome everyday food and plenty of it, well digested, and you can laugh at nerve tonic, and medicine.

But the nerves will not be nourished from a weak, abused stomach, but when the digestion has been made perfect by the use of this remedy all nervous symptoms disappear.

Who ever heard of a man or woman blessed with a vigorous digestion and good appetite being troubled with their nerves?

Good digestion means a strong nervous system, abundance of energy, and capacity to enjoy the good things of life. Stuart's Dyspepsia Tablets will certainly set your stomach and digestive organs right, they can't help but do it because they nourish the body by digesting the food eaten, and rest the stomach.

You get nourishment and rest at one and the same time, and that is all the worn out dyspeptic needs to build him up and give new life to every organ and an added zest to every pleasure.

Stuart's Dyspepsia Tablets are a god send to the army of men and women with weak stomachs and nerves and justify the claim of being one of the most worthy medical discoveries of the time.

TESTIMONIAL

CH. TOWN, June 4, 1905. This is to certify that I was laid up eight months with rheumatic gout in the feet and could not walk. I tried all the leading doctors of this town and everything I could hear of and nothing did me any good. I suffered intensely, I concluded to try Prof. Hamilton and in three weeks I was completely cured. It is now two years since I was cured—working on all kinds of weather with no sign of my former trouble. Would advise all sufferers to try the Professor and you will not try in vain. I am most respectfully HARRY REED, CH. TOWN, P. E. Island. St. between Great George and Queen. 2611 twm21
