They Injure Children

Cathartics and Pills and Harsh Physic May Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics, and purgatives are too apt to do more harm than good. They sometimes cause griping, nausea, and distressing after-effects, and may actually injure the health, thus establishing a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as a safe and dependable remedy for constipation and associate bowel disorders. We have such faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies not only relieve constipation, but help to remove the cause of this ailment. They also frequently overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really, in our opinion, no similar medicine so good as Rexall Orderlies for the purpose to which it is directed, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages; 12 tablets, 10c., 36 tablets, 25c., and 80 tablets, 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, The McKinnon Drug Co.

Taylor, St. John, of the Canadian Home Investment Company, en route to the mainland after a business trip to this city and also J. F. McDonald, Montreal, a commercial traveller who is en route to Moncton. The special was hired by the two first named who found it imperative, in order to make connections on the other side, to connect with the Minto at Georgetown which leaves this morning for Pictou. The need of a special train to connect with the boats was again strongly felt and much dissatisfaction ensued while the present arrangements are in force.

The usual big crowd packed the People's Theatre on Saturday night. The new picture Crazy Dope was a Pathe, brim full of long laughs and that kept the big crowd intensely interested. Saved from the Snow—showed some excellent views of the Yosemite Valley and at the same time told a beautiful love story. The Arctic Night was a Vitagraph and as such was Vitagraphically correct. Mrs. Butler in two illustrated songs closed a most successful engagement at this popular theatre, pleasing both management and patrons and Mrs. Tomlins at the piano added in no small measure to the evening's enjoyment. She rendered as an overture "The Prat" a recent publication of the Sam Fox Music Co and one that caught the audience on the instant.

Rev. Father McQuillan, in a short address before the boys of St. Mary's Sunday School yesterday, urged upon all who were not members of the Juvenile Society to become members as soon as possible. He spoke of the boys just now being at an age when they should develop good habits, one of which was that of total abstinence. He said that if the boys would join the Society and live up to the pledge which every member must take, they would never regret it. It will be the means of making you sober, industrious men, better citizens and more useful members of Society. There was a meeting of the Juveniles yesterday afternoon, at which a big batch of boys were initiated and another very interesting and practical address given by the Rev. Father McQuillan, whose work for the boys has made him a general favorite among them as well as the parishioners.—Halifax Exr. (Father McQuillan is a native of Charlottetown.)

Mrs. Jessie Hogg of this city is lecturing in the State of Maine on the White Slave Traffic. The Bangor News says: The lecture by Mrs. Jessie Hogg on the White Slave Traffic was heard by more than 3,000 people in the Nackle on Wednesday. The white slave traffic is one of the greatest problems facing America today, and Mrs. Hogg presents its evils vividly, yet in such a manner that no person could possibly take offense.

Early Sunday morning three parties were seen trying to obtain admittance to the restaurant on Great George Street conducted by James McMahon. Mr. McMahon had closed as usual at midnight and had left the place. Failing in their purpose one of the three unloosed the frame sign Mr. McMahon had hanging outside the door and threw it on the sidewalk, completely demolishing it. The two policemen then on duty were at that time on their regular beat on Lower Queen Street and did not know of the occurrence until after the three had disappeared.

WIRELESS GHOST MYSTERY CLEARED
LONDON, Feb. 1.—The mystery of the banjo playing and human voices heard by isolated wireless operators in the North Sea, which had caused them to christen the author of the weird sounds the North Sea ghost, was explained by the manager of the Marconi factory at Chelmsford today. He declares they are caused by experiments, wireless telephony being carried on out there. In order to test an apparatus they had used a graphophone which played several banjo selections.
